Ron Greitzer, 323-589-5637 ron@lafiber.com

Companies are listed by their primary activity – many are active in more than one aspect of carpet recycling, such as those providing both hauling and sorting services.

Many carpet sellers and installers in the region will help you recycle. Many carpet manufacturers offer recycling referrals as well, and some are partners in or operate processing facilities elsewhere in the U.S. Ask about their carpet recycling when you do business with them.

Questions? Contact Shirli Axelrod at 206-684-7804 or Shirli.Axelrod@Seattle.gov.
