

Wax Ka Ogow Warankiiladaada

Oo sidoo kalena loo yaqaano: Sodium Hypochlorite

- * Warankiilada waxaa lagu heli karaa isku qasyo kala duwan lagasoo bilaabo 2.75% ilaa 8.3% waxayna ka diiwaangashan tahay Environmental Protection Agency (EPA, Hay'adda Ilaalinta Deegaanka).
- * Warankiilada waa inay ka koobnaataa boqolkiiba inta sodium hypochlorite ee ku qoran korkeeda! – Haddii aysan jirin boqolkiiba inta kujirta oo aan ku qorneyn, LAMA isticmaali karo.
- * Kaliya isticmaal warankiilo saafi ah oo aan caraf lahayn.

* Wax ka ogow milanka daawada la sameynayo:

Nadiifiyayaasha jeermis dilaha ah = Meelaha cuntada, Jikada, Fasalka
Jeermis dilayaasha = Dheecaanada Jirka iyo Musquusha

Wax ka ogow sida naftaada loo ilaaliyo marka aad isku qaseyso warankiilada:

Waaxda Labor and Industries (Shaqada iyo Warshadaha) ayaa waajibisa in shaqaalaha ay haystaan xarunta indha dhaqashada ee xaalada degdeffa ah oo ayna xirtaan qalabka isdifaaca shakhsii ahaaneed.

Warankiilada dhinaceeda waxaa kamid ah ookiyaalayaasha badbaadada, gacmo gashiyada cinjirka ah, iyo maryaha qeybta hore lagu xirto. Isticmaalka qalabka cabbirada saxda ah ayaa loo baahan yahay.
