Project Description: **Comprehensive water system planning document including proposed system improvements and related capital improvement budget. This plan is for the water purveyor providing service in the eastern portion of the City of North Bend and adjacent areas in unincorporated King County. This is a non-project action.**

SEPA Threshold Determination: **Determination of Non-Significance issued effective for November 30, 2020.**

Comment/Appeal Procedure:

This Determination of Non-significance (DNS) is issued under the Washington Administrative Code (WAC) 197-11-340. The Utilities Technical Review Committee has determined after review of the proposed legislation, an environmental checklist and associated documents, that existing State of Washington and King County regulations and codes are sufficient to address potential impacts associated with the proposed legislation. Therefore, an Environmental Impact Statement (EIS) is not required. The issuance of this DNS does NOT constitute approval or adoption of the subject legislation.

You may comment on this DNS by submitting comments to address or email below. Comments must be received no later than **4:00 pm on December 21, 2020**. The King County Council will not act until after the comment period.
