

WAC 197-11-970 Determination of Nonsignificance (DNS)

Description of Proposal: Tank 1 Replacement project. Construct a new 6 million gallon (nominal) 128-foot-tall water tank and demolish two existing water tanks, a small house and a barn. Includes the installation of a new fuel station.

Proponent: Covington Water District

Project Location: Main Project Parcels include: 0621069127 and 0621069149 (Covington WD HQ & existing reservoirs and fuel station demolition and new construction); 0621069073 (proposed site for 6 million gallon reservoir); 0621069221 (bioretention pond site and barn demolition); 0621069212 (building demolition): T 21N, R 6E, Section 6 for all sites.

Lead Agency: Covington Water District

The lead agency for this proposal has determined that it does not have a probable significant adverse impact on the environment. An environmental impact statement (EIS) is not required under RCW 43.21C.030(2)(c). This decision was made after review of a completed environmental checklist and other information on file with the lead agency. This information is available to the public on request.

The DNS is issued under WAC 197-11-340(2); the lead agency will not act on this proposal for 14 days from the date below. Comments must be submitted by October 14, 2021.
