### New Business

KCVP Report

- Report sent to board members beforehand; Megan reviewed during this meeting. Both offices continue to see increases overall in # of veterans presenting for services.
- Request by board members to include as much YTD information as possible on a monthly basis (recognizing this year includes data from two systems and we agreed on quarterly YTD updates and monthly financial reports).
- Megan will provide a YTD spend down for overall financial assistance within monthly reports; next quarterly report is October 2022. Starting in 2023 reporting will be easier as it will all come from one system.
- Request to also hear a monthly report on veteran homelessness; Megan will provide VBNL snapshot; future goal of having a dashboard to show such information

KCVP Wellness Program

- Shared flyer for new wellness program

ETS Sponsorship

- Overview of ETS sponsorship during servicemember transition

#### Good of the Order

- Discussion of veterans directed to call KCVP who are seeking counseling services and being directed to 211. Megan will have discussions internally to ensure team members all are providing referrals to WDVA and Headstrong (VSHSL HL 1C & 1D contracted partners)
