Early Childhood Team

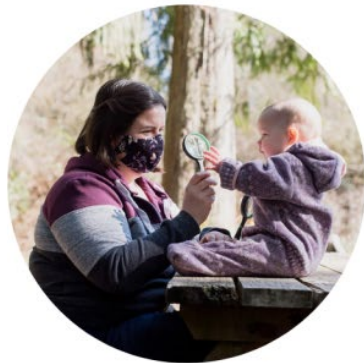

What's going on?

Early Support for Infants & Toddlers (ESIT) is in the process of launching a mini workgroup to create a base training for interpreters working with ESIT children/families, and individuals with intellectual and/or developmental disabilities (I/DD). We will have county staff, ESIT providers, families, and community members help create the training. If you are interested in supporting this effort, please let Norma Lobo: nreneri@kingcounty.gov know! The group will meet over the next 3 months to work on building the training.

Funding opportunity: WestEd accepting applications for Early Support for Infants and Toddlers Facilitators and Consultants RFQ – apply by May 12!

Do you have a passion for sharing knowledge regarding developmental delays or disabilities impacting infants and toddlers while holding racial equity, disability justice, and family-centered practices as the foundation for learning opportunities? We want you to join us in providing learning opportunities for the **Best Starts for Kids ESIT Strategy**. Best Starts for Kids is a community-driven initiative to support every baby born or child raised in King County, so they reach adulthood happy, healthy, safe, and thriving.

School-to-Work (S2W) Update | Currently there are 92 students (2024 graduates) that will be participating in S2W. 70 of those students have received or are receiving Job Foundation. Provider capacity is a challenge due to the current rate issues and the impact on provider staff hiring/retention. The S2W Team is actively working in collaboration with providers, students and families to support service connections.
