Statement on Inclusion and Welcoming Board Meetings

The Board for Developmental Disabilities is deeply committed to creating an inclusive, welcoming, and respectful environment at all board meetings for individuals with intellectual and developmental disabilities, their families, and community members. We recognize and celebrate the vital roles that individuals

with intellectual and developmental disabilities, their families, and community members play in shaping and advocating for essential supports and services. We deeply value your voices, perspectives, and active engagement in building inclusive communities.

Our meetings are designed to be accessible and welcoming to all community members, offering meaningful opportunities for engagement and collaboration. We are committed to removing challenges—whether physical, communication-related, or otherwise—that may limit participation. Accommodations and supports are available upon request to ensure everyone can fully contribute.

Together, we work to build a community where individuals with intellectual and developmental disabilities, families, and community members feel respected, included, and empowered to help guide decisions that impact their lives.

Board Recruitment

Are you a self-advocate with an intellectual developmental disability? Do you want to help make decisions and speak up for people with disabilities in our community?

We are looking for self-advocates to join our Board for Developmental Disabilities. Your voice matters. As a board member, you'll help guide important work that affects the lives of people with disabilities — and we need your ideas and input!

You don't need any previous board experience — just a willingness to share your thoughts. We will provide training, support, and any accommodations you need to feel confident and comfortable.

Meetings are held quarterly, usually on Wednesdays from 5:30 – 7:30 p.m. They are hybrid (in-person and online), and we'll work with you to make sure you're supported in the way that works best for you.
