

Join the conversation!

We have over 1,000 visitors registered for our resource fair! To ensure that our event is accessible, we are turning to Artificial Intelligence to help out.

- If you requested ASL, we have live interpreters. Ask at Language Access desk, 2nd floor.
- The event program is translated into languages requested on Eventbrite.
- For one-to-one interactions, like at exhibitor tables, you can either download [Microsoft Translator](#) or look for someone with a green balloon: they have Microsoft Translator on their device.

Need more help?

- Look for a **person with a green balloon, a green shirt, or a green sticker.** They have the Translator app and can help.
- **A Language Access table is on the second floor.** Look for the green balloons.

Joining a conversation in Microsoft Translator:

From your device:

1. Download the [Android, iOS, or Windows 10 app](#).
2. Open the app and select **Multi-person Conversation**. Select **Start**, enter your name, and select a language.
3. Share the QR (5-digit code).
4. Begin talking or type your text. You'll see a transcript of the conversation in the language you selected, even if the speaker is speaking in another language.

Break language barriers
Real-time translated conversations across devices, for one-on-one chats and for larger group interactions

How to join a conversation

- 1. Start**
Download Microsoft Translator app on iOS or Android and start conversation.
- 2. Share**
Share the conversation code with other participants, who can join using the Translator app or website.
- 3. Speak**
Speak or type to communicate in your own language. Your messages will be translated into recipient's chosen language.

Workshop Sessions

Option One: Read a transcript of the session in the language of your choice on a monitor in the room.

1. Enter the workshop session and request your language.
2. We will share live transcripts of the workshop sessions in your language on a monitor for you to read.

Option Two: Read a transcript of the session in the language of your choice on your phone.

1. Each meeting is virtual. Scan the QR code in the room to join the meeting.
2. Join the meeting on your phone.
3. To start the transcription, tap **More actions** *** > **Transcription** [icon] > **Confirm** in your meeting controls.
4. To stop the transcription, tap **More actions** *** > **Transcription** [icon] > **Stop transcription** [icon].

Option Three: Listen to an AI interpretation of the session on your phone using earbuds or headphones.

1. Download the [Android, iOS, or Windows 10 app](#).
2. Open the app and select **the microphone**.
3. **Tap the microphone again to start.**
4. The app will listen to and interpret the conversation in the room.
5. Choose your language. Adjust volume icon for audio.
