

CR-05 - Goals and Outcomes

Progress the jurisdiction has made in carrying out its strategic plan and its action plan. 91.520(a)

This could be an overview that includes major initiatives and highlights that were proposed and executed throughout the program year.

The 2025 Consolidated Annual Performance and Evaluation Report (CAPER) covers the time period from January 1, 2025 to December 31, 2025. Agencies that received Community Development Block Grant (CDBG), HOME Investment Partnership Program (HOME), and Emergency Solutions Grant (ESG) funds from the King County Consortium (Consortium) completed the following activities in 2025 (including some funded in previous fiscal years):

- Provided homelessness prevention services to 86; households
- Provided emergency shelter services to 1,753 people;
- Other – Provided diversion services to 817 people
- Completed infrastructure improvements in the Snoqualmie Valley, serving 1,254 people annually;
- Completed HealthPoint’s Predevelopment Work in White Center HUB serving 9,575 people annually;
- Provided business assistance to 158 microenterprises;
- Housing repair: a total of 308 households received housing repair assistance ranging from extensive rehabilitation to minor maintenance jobs.

Affordable Housing Goals - King County continues to experience a housing affordability crisis, which has increased the demand for affordable housing beyond available financial resources. Construction costs and inflation often require previously funded projects to return for additional funds. 2025 funding for HOME went into previously funded projects. 45 Units of HOME Funded housing began in Q2 of 2025, and 99 units for 2023 and 2024 HOME FY begin construction in Q2 of 2026. 4 units of housing for Presumed Benefit beneficiaries were acquired with CDBG funding. Construction of New affordable housing construction takes a few years from funding to lease up, so the outcomes may exceed goals in some years, but may not meet goals in other years of the Consolidated Plan.

Ending Homelessness – The goals set in the 2025 Action Plan have mixed results in terms of performance. The long-term effects of the pandemic prompting shelters to shift focus to deintensification of their facilities, while better supporting participant health and wellness results in fewer clients being served than under previous models. Diversion services, designed to help households attain housing without otherwise entering the homeless system successfully served 38% more individuals in 2025 than projected The Housing Stability Program, however, did not serve as many clients in 2025 as projected due to the higher financial need of the clients that were served.

Community and Economic Development Goals – Public Facility or infrastructure projects were below the annual goals for the number of people served. The Consortium and Joint Agreement Cities completed four infrastructure and park projects. However, the National Objective parameters limited the number of persons served compared to previous years. Prolonged construction of one major sidewalk project will not be completed until 2026. Prior delays in the HUD grant agreement pushed back the Consortium’s ability to complete its projects in a timely manner. Microenterprise activities included services to 158 persons exceeding the annual goal.

The County attempted to redress issues with ConPlan Accomplishments Report with Ask a Question ticket # 257754. The report is still showing anomalies, such as the Overnight/Emergency Shelter/Transitional Housing Beds added not being part of the Con Plan and a transposition between "Rental Units Rehabilitated" goal displaying the accurate number for annual goal for "Homeowner Housing Rehabilitated." These issues have been corrected in the table below.

Comparison of the proposed versus actual outcomes for each outcome measure submitted with the consolidated plan and explain, if applicable, why progress was not made toward meeting goals and objectives. 91.520(g)

Categories, priority levels, funding sources and amounts, outcomes/objectives, goal outcome indicators, units of measure, targets, actual outcomes/outputs, and percentage completed for each of the grantee’s program year goals.

Goal	Category	Source / Amount	Indicator	Unit of Measure	Expected – Strategic Plan	Actual – Strategic Plan	Percent Complete	Expected – Program Year	Actual – Program Year	Percent Complete
Enhance Community and Economic Development	Non-Housing Community Development	CDBG: \$	Public Facility or Infrastructure Activities other than Low/Moderate Income Housing Benefit	Persons Assisted	125000	13524	10.82%	25000	13524	54.10%

Table 1 - Accomplishments – Program Year & Strategic Plan to Date

Assess how the jurisdiction’s use of funds, particularly CDBG, addresses the priorities and specific objectives identified in the plan, giving special attention to the highest priority activities identified.

1. Affordable Housing: Preserve and expand the supply of affordable housing. This will be accomplished through: 1) competitive funding for new affordable rental and homeownership projects; 2) preservation of existing rental units that provide housing for income-eligible households; 3) housing repair for income eligible homeowners; and 4) innovative and equitable housing models. The Consortium will engage in other housing activities, collaborations and partnerships to enhance opportunities for equitable development and the creation/preservation of affordable housing. During the course of the Consolidated Plan, funding may be prioritized for targeted areas in Skyway-West Hill, North Highline, and South King County as identified through the Communities of Opportunity Initiative and the Skyway-West Hill and North Highline Anti-displacement Strategies Report or other collaborative processes. Efforts to increase affordable housing should work in tandem to support other community assets such as small businesses and cultural assets. Extensive community engagement and mitigation actions should be incorporated in affordable housing development decisions. The Consortium will plan for and support fair housing strategies and initiatives designed to further

fair housing choice and increase access to housing and housing programs. Progress toward fair housing goals will be reported annually.

2. Ending Homelessness: Working together with collective impact, King County developed and now the King County Regional Homeless Authority operates a cohesive and coordinated homeless system grounded in the principle of Housing First and shared outcomes. Investments in projects will ensure that homeless households from all sub-populations (families, youth/young adults, and adults without children) are treated with dignity and respect; are returned to permanent housing as quickly as possible; receive strength-based services that emphasize recovery, as needed; are supported to graduate from temporary homeless housing as rapidly as possible, and from permanent supportive housing as soon as they are ready; receive only what they need to be returned to housing quickly through 1) a range of housing options; 2) programs and services; 3) addressing the temporary housing needs and other needs of households when homelessness occurs; and 4) programs that prevent homelessness and that assist households in being diverted from having to enter the homeless system. Specific programs include 1) rapid re-housing; 2) emergency shelters; 3) transitional housing; 4) housing stability; and 5) shelter diversion. The Consortium will engage in planning and other activities and initiatives to end homelessness in collaboration with the King County Regional Homelessness Authority. The Consortium will also work in partnership to enhance opportunities to engage our region in exploring evidence-based best practices and promising practices to ensure that homelessness is rare, short in duration, and a one-time occurrence.

3. Community and Economic Development: Investments across the Consortium in low-income communities benefit low-income people and ensure equitable opportunities for good health, happiness, safety, and connection to community. Investments in new developments in eligible communities are designed to promote a healthy lifestyle, reflect the range of income levels in our region, and have accessible connectivity with amenities, services and opportunities. This includes support for incubator, local and small businesses.

CR-10 - Racial and Ethnic composition of families assisted

Describe the families assisted (including the racial and ethnic status of families assisted).

91.520(a)

	CDBG	HOME
White	695	32
Black or African American	1,394	4
Asian	173	5
American Indian or American Native	38	0
Native Hawaiian or Other Pacific Islander	300	0
Total	2,600	41
Hispanic	28	0
Not Hispanic	2,572	41

Describe the clients assisted (including the racial and/or ethnicity of clients assisted with ESG)

	HESG
American Indian, Alaska Native, or Indigenous	2
Asian or Asian American	0
Black, African American, or African	0
Hispanic/Latina/e/o	0
Middle Eastern or North African	0
Native Hawaiian or Pacific Islander	0
White	0
Multiracial	1,715
Client doesn't know	0
Client prefers not to answer	0
Data not collected	0
Total	1,717

Table 2 – Table of assistance to racial and ethnic populations by source of funds

Narrative

The race and ethnicity numbers above, for the CDBG program, do not include the multiracial categories American Indian/Alaskan Native and White, Asian/White, Black/African American and White, American Indian/Alaskan Native and Black/African American, and Other multi-racial, which increases those served by 1,715 persons, 1,417 reporting as Hispanic and households. Although this information is captured in

IDIS it doesn't report in the CAPER data.

CDBG-CV funding served 57 persons identifying as Other Multi-Racial, 57 of whom reported as Hispanic and 32 persons identifying as Black/African American, White, and American Indian/Alaskan Native, 2 of whom reported as Hispanic.

CR-15 - Resources and Investments 91.520(a)

Identify the resources made available

Source of Funds	Source	Resources Made Available	Amount Expended During Program Year
CDBG	public - federal	10,958,232	6,294,671
HOME	public - federal	10,895,477	4,573,686
ESG	public - federal	880,657	268,461

Table 3 - Resources Made Available

Narrative

In response to the COVID-19 pandemic, Catholic Community Services of King County consolidated three separate overnight congregate shelter programs in South King County into one motel-based program, serving single adult women and men experiencing homelessness.

Community members experiencing homelessness receive 24/7 shelter and essential needs support such as meals, toiletries and access to other basic needs items. Supportive case management services are provided to identify and address barriers to housing stability. While housing is the focus of case management, staff also help community members set and meet goals for education, employment, family reunification, mental health, and addiction recovery. From July 1, to December 31, 2025, 67 unique individuals received shelter and shelter services. King County's reporting of Program Income uses the entire 12-month Calendar Year. For 2025, this would be January 1-December 31.

The County's final Joint Agreement City (JAC) and County CV funding will be expended by June of 2026 and will be reported in the 2026 CAPER.

Identify the geographic distribution and location of investments

Target Area	Planned Percentage of Allocation	Actual Percentage of Allocation	Narrative Description
North/East Sub-Region		51	Other
South Sub-Region		49	
Unincorporated King County		0	Other

Table 4 – Identify the geographic distribution and location of investments

Narrative

Investments are distributed throughout the County, using guidelines adopted by the Consortium, including considerations for focusing on communities with historic disparities in health, income and quality of life. The percentage of low- and moderate-income populations in the two subregions, North/East (32%) and South (68%), set the resource allocation formula with the partner Consortium cities. Unincorporated King County is represented in the sub-regional percentages based on geographic

position above/below Interstate 90. CDBG funding followed the 32/68% split. For 2025, a larger % of HOME funds were allocated to a North East subregion project (Orchard Gardens) vs. a South subregion project (LIHI Skyway), which accounts for the percentage inversion. The South Subregion project had previously received 2024 HOME funds along with 2025 County-sourced funding. The Participating Jurisdictions and Joint Agreement Cities determine funding allocations for their CDBG funds.

Leveraging

Explain how federal funds leveraged additional resources (private, state and local funds), including a description of how matching requirements were satisfied, as well as how any publicly owned land or property located within the jurisdiction that were used to address the needs identified in the plan.

Federal funds leverage private, state and local funds. The primary sources of matching funds for HOME-funded housing were King County's Veterans, Seniors, and Human Services Levy capital funds, Document Recording Fee, Short-term lodging tax and MIDD Behavioral Health tax (MIDD) housing capital funds. The Document Recording Fee is a dedicated, state-adopted housing resource administered by King County. The Veterans, Seniors, and Human Services Levy capital funds targeted housing development projects providing permanent supportive housing to homeless veterans and other vulnerable communities. The source of match for the HOME-funded owner-occupied rehabilitation activities was owner contributions. The primary source of match for ESG projects was Washington State Consolidated Homeless Grant and Emergency Housing Funds and Document Recording Fee funds.

Fiscal Year Summary – HOME Match	
1. Excess match from prior Federal fiscal year	42,530,189
2. Match contributed during current Federal fiscal year	7,594,310
3. Total match available for current Federal fiscal year (Line 1 plus Line 2)	50,124,499
4. Match liability for current Federal fiscal year	837,214
5. Excess match carried over to next Federal fiscal year (Line 3 minus Line 4)	49,287,285

CR-20 - Affordable Housing 91.520(b)

Evaluation of the jurisdiction's progress in providing affordable housing, including the number and types of families served, the number of extremely low-income, low-income, moderate-income, and middle-income persons served.

	One-Year Goal	Actual
Number of Homeless households to be provided affordable housing units	37	15
Number of Non-Homeless households to be provided affordable housing units	20	0
Number of Special-Needs households to be provided affordable housing units	0	4
Total	57	19

Table 11 – Number of Households

	One-Year Goal	Actual
Number of households supported through Rental Assistance	0	0
Number of households supported through The Production of New Units	57	15
Number of households supported through Rehab of Existing Units	0	0
Number of households supported through Acquisition of Existing Units	4	4
Total	61	19

Table 12 – Number of Households Supported

Discuss the difference between goals and outcomes and problems encountered in meeting these goals.

King County did not meet the annual goals established. A total of 15 HOME units were completed in 2025 (Vashon Island Center Apartments and Renton Housing Authority Sunset Gardens). One additional project (13 units) completed construction; however, they did not complete close-out during 2025 and will therefore be reported in the 2026 CAPER. The 4 units for Special Needs population represents the LEO Searing/Emily House Acquisition project, which used CDBG funds for a non-profit to purchase a group home currently occupied by developmentally disabled adults.

Discuss how these outcomes will impact future annual action plans.

The King County Consortium continues to prioritize goals and funding resources with particular emphasis on deeply affordable housing, and housing for people who are experiencing homelessness or have special needs.

Include the number of extremely low-income, low-income, and moderate-income persons served by each activity where information on income by family size is required to determine the eligibility of the activity.

Number of Households Served	CDBG Actual	HOME Actual
Extremely Low-income	81	0
Low-income	38	44
Moderate-income	24	0
Total	143	44

Table 13 – Number of Households Served

Narrative Information

Consortium 2025 HOME funds met the requirements for serving extremely low-income, low-income and moderate-income individuals. HOME funds assisted households with: incomes at or below 50% of Area Median Income for rental projects, households with incomes at or below 80% of Area Median Income for homeownership projects and housing rehabilitation of single-family units. The 44 listed includes HOME produced units AND Housing Repair Program Units. CDBG funds were used for eligible housing activities such as acquisition of property, homeowner repairs and maintenance activities. (LEO Searing/Emily House and Minor Home Repair Programs). Projects undertaken in 2025 met the requirements of Section 215.

CR-25 - Homeless and Other Special Needs 91.220(d, e); 91.320(d, e); 91.520(c)

Evaluate the jurisdiction's progress in meeting its specific objectives for reducing and ending homelessness through:

Reaching out to homeless persons (especially unsheltered persons) and assessing their individual needs

Outreach to homeless persons is an important component of efforts to end homelessness in King County. Numerous long-standing programs focus on individuals with behavioral health conditions (PATH, DESC, HOST, PACT, Valley Cities Veteran Services, CCS Scope) and chronic substance use disorder (ETS REACH and Recovery Cafe). A mobile medical outreach team operates in south King County, and Healthcare for the Homeless Network nurse/mental health outreach teams operate in six cities. Outreach workers, coordinated at a system level, provide outreach to homeless/LGBTQ/at-risk youth. They are responsible for identifying unsheltered homeless neighbors through direct street outreach activities. Outreach workers administer assessment tools, facilitate placement into emergency short-term shelter and permanent housing programs, and connect to social services. Vehicle-focused outreach is active in east and south King County focusing on individuals sleeping overnight in a vehicle. Vehicle Outreach workers directly connect with people living out of their vehicles and RV's to help provide services to stabilize their situation and help them on the path to permanent housing. Kids Plus works with families on the streets, in tent cities, or car camps countywide. Veteran outreach is undertaken by King County Veterans programs, as well as federal Supportive Services for Veteran Families program. Many of these teams take advantage of existing meal programs to make non-threatening contact with individuals or families. Washington State has a Right of Way Safety Initiative / Encampment Resolution Program designed to assist households living unsheltered in state highway rights of way, providing outreach and shelter. King County Regional Homelessness Authority (the KCRHA) implements this initiative in King County.

Addressing the emergency shelter and transitional housing needs of homeless persons

The Consortium utilizes CDBG and ESG resources for emergency shelter and rapid rehousing. The KCRHA is the entity responsible for the homelessness emergency response in King County.

In 2022 the KCRHA received approval from HUD to conduct the unsheltered Point in Time count of people experiencing homelessness (PIT) as part of a qualitative interview process, using a methodology called Respondent Driven Sampling. The same methodology was used in 2024, with the sheltered count pulled from HMIS data on a single night. This methodology has a strong track record for producing high-quality demographic and population estimates, confirmed by numerous studies by academic researchers and the World Health Organization. The 2024 PIT identified 9,810 people as unsheltered in King County. This is up from 7,685 people identified as unsheltered in 2022. 2024 also showed a 15% increase over 2022 in the number of people sheltered as we have worked to increase our ability to meet the emergency shelter and transitional housing needs of homeless persons and added to our bed inventory.

Helping low-income individuals and families avoid becoming homeless, especially extremely low-income individuals and families and those who are: likely to become homeless after being discharged from publicly funded institutions and systems of care (such as health care facilities, mental health facilities, foster care and other youth facilities, and corrections programs and institutions); and, receiving assistance from public or private agencies that address housing, health, social services, employment, education, or youth needs

The King County Consortium funds programs and services to assist the most vulnerable members of the community, including programs for children, youth and young adults, seniors, survivors of domestic violence, persons with developmental disabilities, and veterans returning home and rebuilding their lives. Services provided include employment and education resources, the King County Veterans Program, assistance to residents with developmental disabilities and their families, and the Child Welfare Early Learning Partnership. The Behavioral Health and Recovery Division (BHRD) provides direct services for crisis outreach and investigation for involuntary commitment, mental health client services, and outreach and triage on the streets for people incapacitated by alcohol or drugs. Beds for people discharged from publicly-funded institutions are identified as a high need and the KCRHA is working closely with the BHRD to address this issue. A collaboration amongst local Housing Authorities, providers and King County supports youth exiting the foster care system through Foster Youth to Independence. The Youth and Family Homeless Prevention Initiative (YFHPI) is designed to offer families at risk of eviction the support they need to maintain their homes with case management and flexible financial assistance or rent only. As a continuation of COVID relief-funded rental assistance, Keep King County Housed provides eviction prevention rent assistance.

Homeless housing projects reflect Housing First principles with a focus on moving people experiencing homelessness into housing as quickly as possible. Homeless housing projects are required to use the Coordinated Entry system. System-connected housing serves individuals or households with a member of the household who is involved in existing systems, such as the criminal justice system, or in-patient medical or behavioral health systems.

In 2022, the KCRHA implemented the federal Emergency Housing Voucher (EHV) Housing Search and Tenancy Support Services program to provide ongoing support to newly housed households to ensure they have the wraparound services to sustain housing, and households continued to receive service support in 2025.

Helping homeless persons (especially chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth) make the transition to permanent housing and independent living, including shortening the period of time that individuals and families experience homelessness, facilitating access for homeless individuals and families to affordable housing units, and preventing individuals and families who were recently homeless from becoming homeless again

The KCRHA is the local Continuum of Care lead and manages the Coordinated Entry (CE) system. Progress is ongoing in making the system more effective and efficient. Several key parts of this work

include determining how to prioritize people who are experiencing homelessness while addressing racial equity, developing effective and culturally sensitive outreach, overcoming barriers to people obtaining housing, and reducing screening and other barriers identified.

Efforts to assist homeless youth in transitioning to housing stability are centered in a strong system of youth navigation and rapid rehousing which includes behavioral health and legal support.

To support chronically homeless individuals in making the transition to housing and stability a number of programs directly connect outreach teams with scattered sites housing units. The outreach workers leverage their existing relationships with individuals and function as familiar supports in the housing environment during what is often a long period of adjustment.

The goal of King County's Health Through Housing initiative is to substantially increase the number of housing units available for households experiencing chronic homelessness, hence reducing the length of time such households are homeless. Begun in 2021, by the end of 2025 the initiative secured 1,315 units, with an ultimate goal of 1,600.

In 2023, the King County voters approved the Crisis Care Centers Levy. This initiative will create a countywide network of five crisis care centers, support the stabilization of residential treatment, and invest in the developing work force supporting mental health treatment and giving first responders, crisis response teams, families and individuals a place to turn to during a behavioral health crisis. The County has 4 crisis response subregions, North, East, Central, and South, with the youth focused fifth crisis care center open to any suitable location in King County. The first Crisis Care Center, representing the north subregion opened in Kirkland in 2025. Design work has begun on the Central King County CCC with a goal of late 2027 opening. The County is working to secure providers and sites for the Youth East, South crisis response zones, with the goal of having all 5 CCCs serving patients by the end of 2030.

Prior homelessness is one of the key eligibility factors for the Youth and Family Homeless Prevention Initiative (YFHPI; mentioned above) which is designed to offer families at risk of eviction the support they need to maintain their homes with case management and flexible financial assistance or rent only. Along with Coordinated Entry, the Housing Connector, works directly with private market and nonprofit housing providers to create a bridge that connects private property owners and managers to those most in need of housing. They use a housing platform to share information about low barrier vacant units and renters who receive ongoing support.

CR-30 - Public Housing 91.220(h); 91.320(j)

Actions taken to address the needs of public housing

The Consortium Consolidated Housing and Community Development Plan (Consolidated Plan) addresses two housing authorities, the King County Housing Authority (KCHA) and the Renton Housing Authority. Both housing authorities have proactive and successful maintenance programs and staffing to maintain the quality of their housing stock. The KCHA is one of 39 housing authorities nationwide originally selected to participate in the Moving to Work demonstration program. Both the KCHA and the Renton Housing Authority participate in planning and coordination efforts with public funders, the Affordable Housing Committee, King County Regional Homelessness Authority and jurisdiction partners. The Renton Housing Authority redeveloped their public housing utilizing Low-Income Housing Tax Credits (LIHTC).

As a regional housing authority, KCHA's properties and service area includes 17 school districts and 27 cities in addition to unincorporated King County. KCHA serves over 15,000 children through its subsidized housing programs each year and education partnerships remain a focus. Although some of these districts rank among the strongest in the country, many face the challenge of educating large numbers of children from high-poverty communities and children from families experiencing homelessness. KCHA continues to partner with the Highline and Tukwila School Districts to provide short-term rent subsidies to school-aged children experiencing homelessness and their families, and with Highline College to provide time-limited rental subsidies to college students who are facing housing instability and homelessness.

KCHA continues to focus on ensuring broad geographic choice for recipients of low-income housing assistance. As of December 2025, 38.1% of tenant-based households lived in high or very high opportunity areas. KCHA has piloted multiple housing mobility programs, and implemented multi-tiered payment standards for the Housing Choice Voucher (HCV) program, which provide higher subsidies in more costly rental markets. The agency has also acquired a number of properties in high opportunity neighborhoods and along emerging high-capacity transit corridors, such as the development of new affordable housing near the site of a future light rail station in Issaquah. When possible, KCHA has added new public housing subsidies to recently acquired properties. KCHA's acquisitions have helped the agency grow its inventory of affordable homes to 12,808 units countywide.

KCHA continues to focus on maintaining the physical quality of its subsidized housing. In 2025, KCHA invested nearly \$12.8 million to upgrade its federally assisted housing stock. These investments improve housing quality, reduce maintenance costs and energy consumption, and extend the life expectancy of its housing stock. Additionally, in 2025 the average REAC score for KCHA's Public Housing Inventory inspected was 91.1, demonstrating that KCHA residents have housing that is safe and in good repair. KCHA has continued the substantial rehabilitation of Kirkland Heights, a Project-based Rental Assistance property in Kirkland acquired in 2019, which will include the addition of 96 newly constructed homes. Kirkland Heights is on track for completion in 2026. In 2025, KCHA acquired 23 units at Highlander House in Shoreline and 136 units at Brier Woods in Federal Way. The agency continues to pursue partnerships with community-based organizations to ensure residents of public housing are safe and connected to

critical services and resources.

Actions taken to encourage public housing residents to become more involved in management and participate in homeownership

KCHA has a number of programs that aim to encourage self-sufficiency among recipients of subsidized housing assistance, including operation of a Family Self-Sufficiency (FSS), on-site workforce development training, and rent policies that allow residents to earn additional money before seeing an immediate change in their rent. Another initiative to increase resident involvement is through the Neighborhood Early Learning Connector (NELC) program. The NELC staff that deliver services to eligible families with young children are public housing residents employed by KCHA to engage with other families in public housing. KCHA also offers an opportunity for resident involvement through our Resident Advisory Committee (RAC). The RAC is comprised of KCHA residents living throughout the county who provide feedback to help KCHA develop policies and procedures. In addition, the KCHA operates five manufactured housing communities and both of its HOPE VI projects in White Center have included development of new market-rate homeownership. KCHA is working to identify partnerships, policies, and programs that could contribute to greater homeownership opportunities for low-income households across the region.

Actions taken to provide assistance to troubled PHAs

KCHA is not a troubled PHA. However, HUD designated the RHA as a troubled PHA in 2024. From RHA, "Our sanctions have been lifted for our lack of Independent Audits. We still have not had the Field Office audit our SEMAP Certification and until that happens, we will remain Troubled. We have the SEMAP completed for 2023 and 2024 but they have to physically review the files and have not yet. They may not before the Field Office is closed." The County will continue to monitor this situation.

CR-35 - Other Actions 91.220(j)-(k); 91.320(i)-(j)

Actions taken to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment. 91.220 (j); 91.320 (i)

The Affordable Housing Committee (AHC) is a subcommittee of the King County Growth Management Planning Council (GMPC), consisting of representatives of King County and its cities, housing providers, area employers, and others. By direction of the GMPC, the AHC now conducts a housing-focused review of all King County jurisdictions' draft periodic comprehensive plan updates, assessing the draft plans for alignment with the King County Countywide Planning Policies (CPP) Housing Chapter goals and policies prior to plan adoption. The CPP Housing Chapter policies set a shared framework for individual and collective jurisdictional action to meet countywide housing needs and eliminate disparities in access to housing and neighborhoods of choice. As a result of these new policies, the comprehensive plans adopted by King County jurisdictions in 2024 included policies to remove local barriers to affordable housing and improve the effectiveness of existing policies to meet housing needs, among other outcomes. In 2025, the AHC reviewed and issued comment on the draft comprehensive plans of seven King County jurisdictions, including Black Diamond, Carnation, Kent, Duvall, Normandy Park, Skykomish, and Lake Forest Park. This came after reviewing and issuing comment letters on 27 jurisdictions in 2024. In 2024, King County adopted the 2024 update to the King County Comprehensive Plan and an accompanying ordinance which implemented many of the key goals of establishing vibrant, thriving, healthy, and sustainable communities. In 2025, King County began planning for the implementation of its Comprehensive Plan's Action 3 and Action 11, which includes analysis and engagement on expanding mandatory inclusionary housing, community preference, and a Multi-Family Tax Exemption to some or all of the eligible unincorporated geographies. This work will be implemented in 2026.

In 2022, King County Council passed Motion 16062 to establish a county-wide Equitable Development Initiative (EDI) to support community-driven development in communities at risk of displacement. Ordinance 19861 appropriated \$13 million for King County EDI implementation in 2025. Implementation activities and investments are guided by the framework, vision and recommendations put forth in the King County EDI Phase 1 and Phase 2 implementation plans. These activities include capacity building funds for community-based organizations leading housing-related projects, and capital funds for affordable housing and other community serving use capital projects that meet the funding criteria developed by the King County EDI Interim Advisory Board.

Actions taken to address obstacles to meeting underserved needs. 91.220(k); 91.320(j)

The Consortium prioritized serving people and households who are the most vulnerable and lowest income, including persons experiencing homelessness or who have special needs. During the course of the program year, the Consortium worked closely with the local Continuum of Care (CoC), and funding partners to maximize housing and services delivery.

The Health through Housing Initiative (HTH) accelerates King County's response to chronic homelessness

by acquiring and preserving existing single-room properties such as hotels to provide emergency and permanent supportive housing for people experiencing chronic homelessness. With little to no income, at least one disability, continued lack of housing or shelter, and more likely to be representative of a marginalized racial-ethnic community, people experiencing chronic homelessness have the greatest barriers to finding and retaining housing over the long term. Providing supportive housing for this population creates a foundation of stability that makes it possible to address other needs. By year-end 2024, HTH permanently secured a total of 1,434 supportive housing units. In 2024 alone, King County opened 230 units, funded the operation of an additional 84 units, and continued operation of units which it opened in 2021 through 2023. Much of this previous year's focus was on expanding health-supportive services at HTH locations and cultivating new partnerships and agreements with cities and direct service organizations. By the end of 2025, HTH's fourth full year of operation, 15 buildings in operation, of which 11 are PSH and 4 are Emergency Housing, and a total of 1,315 units. All sites have 24/7 staff, onsite case management, in-reach for employment and transportation supports, and access to behavioral health and healthcare services through site-specific partnerships.

Actions taken to reduce lead-based paint hazards. 91.220(k); 91.320(j)

The King County Housing and Community Development Division (HCDD) continues to implement a Lead-Based Paint Program. HCDD follows the Title X framework established by the U.S. Congress in 1992. This legislation resulted in the final lead-based paint rule, 24 Code of Federal Regulations (CFR) part 35 and 40 CFR part 745, which guides our program through this important process. As of April 22, 2010, HUD and the U.S. Environmental Protection Agency (EPA) collaborated on a new Lead-Based Paint Rule called Renovate, Repair and Paint Rule (RRP). This is an EPA/HUD certified training process (402 of TSCA, 40 CFR Part 745, Subpart L) that is required for all contractors and construction workers working on homes built before 1978. This rule went into effect April 22, 2010.

To assist contractors doing business with the County and participating in projects through the King County Housing Repair Program (HRP), certified EPA training, conducted by King County, is offered as an additional service to the construction community participating in Housing Repair projects. HUD has not changed the lead-based paint requirements but has adopted the new RRP training and certificate process. Buildings constructed before 1978 and scheduled for rehabilitation are assessed for lead-based paint risks and potential hazards. A lead-based paint risk assessment is frequently obtained to assess potential lead-based paint risks in the housing projects undertaken. The Washington State Department of Commerce, through their Lead Based Paint program, regulates and coordinates all lead-based paint activities in the state of Washington. King County HRP is a State certified RRP trainer and listed as a certified firm under #9033 and a State Lead Based Paint Risk Assessor.

If the construction process will disturb painted surfaces that contain lead, the contractors will implement safe work practices throughout the construction activity. Licensed and bonded contractors working on projects containing lead paint are trained and certified under the RRP training model, as well as HUD's safe-work practices and interim control procedures. These procedures are designed to reduce exposure risks when dealing with lead-based paint. At the conclusion of a construction process, the contractor will obtain a final clearance report when disturbing lead paint. This indicates the completion of the project and certification that it is clean, safe, and decent housing, and free of lead dust at time of

inspection and final clearance. These techniques reduce the potential long-term exposure to lead hazards in homes of King County residents served by our programs.

Actions taken to reduce the number of poverty-level families. 91.220(k); 91.320(j)

King County funds a number of affordable housing, homeless, and human services programs that serve families, children, youth and young adults, adults, and special needs populations. Below are examples of a few of these programs.

Best Starts for Kids Levy

King County voters initially approved BSK in 2015 and renewed the levy in 2021. The latest renewal will raise an estimated \$800 million through 2027. BSK funds support programs for pregnant people and childhood and youth development, including childhood and family homelessness prevention. When BSK revenues exceed \$822 million, approximately \$50 million in funding can support building repairs, renovations, new construction and expansion to improve access to high quality programs for low-income families and children. BSK capital funding can support a variety of projects including those for housing.

Veterans, Seniors, and Human Services Levy

VSHSL supports seniors and caregivers, veterans, active service members, and their families, as well as other vulnerable populations in areas including employment, housing, and health. King County voters first approved VSHSL in 2005 and recently renewed the levy for the fourth time in 2023. VSHSL funding invests in ten strategies to meet the housing needs of VSHSL populations including housing stability programs, permanent housing development for projects that serve VSHSL populations, navigation centers, housing counseling, alternative dispute resolution services to represent tenants for eviction prevention services, and other housing stability activities.

MIDD (Mental Illness and Drug Dependency) Behavioral Health Sales Tax

The MIDD Behavioral Health Sales Tax levies a countywide 0.1 percent sales tax to fund programs and services to address behavioral health conditions for King County residents. Funds raised by this tax are invested in various programs, some of which are linked to homelessness response and housing stability programs. For example, the Housing Supportive Services program combines funding and resources with other government agencies to serve adults experiencing chronic homelessness who have difficulty maintaining housing due to their behavioral health needs.

Communities of Opportunity

The Communities of Opportunity initiative aims to create greater health, social, economic and racial equity in King County so that all people have the opportunity to thrive and prosper. Its specific initiatives are tied together through a broad, results-based framework to move the region towards a system that is primarily preventative rather than crisis-oriented. Communities of Opportunity identifies policy and system issues across different levels of government and works across sectors to implement changes. King County's Developmental Disabilities and Early Childhood Supports Division also assist King County residents of all ages and cultures who have developmental disabilities to achieve full, active, integrated, and productive participation in community life.

Actions taken to develop institutional structure. 91.220(k); 91.320(j)

In 2022 King County and the City of Seattle completed the transition of the homelessness emergency response system to the King County Regional Homelessness Authority (KCRHA). This included transitioning shelter, outreach, transitional housing and rapid re-housing contracts, as well as the Homeless Management Information System (HMIS) and Coordinated Entry. The King County Regional Homelessness Authority 5 Year Plan (2023-2028, our community homelessness emergency response,) was approved by the Governing Board after much community input. To further strengthen the structure the interlocal agreement between King County and the City of Seattle was amended in 2024.

Actions taken to enhance coordination between public and private housing and social service agencies. 91.220(k); 91.320(j)

In 2025, King County awarded two contracts to two community-based organizations: Skyway Coalition and the White Center Community Development Association. The contracts equip both community-based organizations with \$87,500 to conduct a year-long community engagement process around permanent affordable housing models, such as Community Land Trusts and limited equity co-ops. This work is an anti-displacement strategy that was identified in King County’s 2021 Skyway-West Hill and North Highline Anti-displacement Strategies Report.

King County continues to partner with the South King Housing and Homelessness Partners (SKHHP), which is a collaboration between 10 South King County cities, made progress towards creating and preserving housing in the region. The SKHHP Housing Capital Fund pools capital funds from member cities to fund projects in South King County.

The Consortium continues to coordinate between public funders and stakeholders, including partner jurisdictions, King County Regional Homelessness Authority, Seattle-King County Public Health, King County Developmental Disabilities and Early Childhood Supports Division, King County Behavioral Health and Recovery Division, Washington State Department of Commerce, A Regional Coalition for Housing, the City of Seattle, Washington State Housing Finance Commission, King County Housing Authority, Renton Housing Authority, Veterans Administration, United Way, Seattle Foundation, Raikes Foundation, South King Housing and Homelessness Partners (SKHHP), numerous nonprofit organizations, service providers, and private investors.

Identify actions taken to overcome the effects of any impediments identified in the jurisdictions analysis of impediments to fair housing choice. 91.520(a)

In 2025, King County designed, implemented, and continued programs, investments, and initiatives to reduce barriers in access to housing, mitigate inequitable impacts, and welcome and engage diverse perspectives into decision making processes. In 2024 King County drafted the Analysis of Impediments to Fair Housing Choice in coordination with Consortium members. This included identifying ten goals to work towards to advance housing access and to reduce barriers to housing stability. Additionally, in the two-year process for drafting the update to the King County Comprehensive Plan, King County engaged an equity work group of diverse community members to review and propose barriers to people accessing housing. This and ongoing work includes:

- The King County Council adopted the 2024 update to the King County Comprehensive Plan and for

development code changes to support the development of middle housing, inclusionary housing, permanent supportive housing, and emergency housing;

- Adding King County Comprehensive Plan policies supporting work to address racially disparate impacts in housing outcomes;
- Deploying investments in eviction prevention and rental assistance;
- Investing hundreds of millions of dollars to increase permanently affordable homes through the Health through Housing initiative;
- Securing full funding for projects supporting the needs of large families;
- Working with residents to identify strategies and investments to address displacement in historically underserved communities;
- Prioritizing funds for equitable, community driven affordable housing development; and
- to incorporate community voices more effectively in housing-related decision-making; and
- Planning for equitable long-term population and housing growth.

The King County Consortium works closely with housing providers, the Housing Development Consortium of Seattle-King County, public funders, and the public to increase housing choice, reduce screening criteria and other barriers to people securing and maintaining housing.

King County hosts multiple boards and commissions that solicit feedback and make recommendations regarding the needs of persons with disabilities and persons with limited English proficiency, including:

- Advisory Council on Aging and Disabilities Services;
- Board for Developmental Disabilities;
- Communities of Opportunity Best Starts for Kids Levy Advisory Board;
- Employee-Based Equal Employment Opportunity /Affirmative Action Advisory Committee;
- King County Regional Homelessness Authority;
- Immigrant and Refugee Commission; and
- Veterans, Seniors, and Human Services Advisory Board.

The King County Language Access Program provides guidance and tools to departments, agencies, residents, and business as it pertains to accessible communications to individuals with limited English proficiency and barriers to communication so that all services, programs, and activities are meaningfully accessible to all constituents.

CR-40 - Monitoring 91.220 and 91.230

Describe the standards and procedures used to monitor activities carried out in furtherance of the plan and used to ensure long-term compliance with requirements of the programs involved, including minority business outreach and the comprehensive planning requirements

Public funders use a joint inspection tool, based on HUD's National Standards for the Physical Inspection of Real Estate (NSPIRE). Visits to properties are currently coordinated between funders to minimize the burden of multiple visits to the same property and tenants over the course of a year. King County completed 93 inspections from May 2025 through December 2025.

King County continues to participate with the Washington State Housing Finance Commission, the State of Washington Department of Commerce, and the City of Seattle in using the Web-Based Annual Reporting System (WBARS). Reports from WBARS are used to monitor compliance with the HOME requirements in each project's contract.

The Asset Management Team's tenant income verification monitoring process provides reliable, accountable review of income documentation from sample units within each HOME-assisted project that verifies tenant income eligibility and accurate reporting in WBARS. King County met its goal in the completion of tenant income verification reviews for activity in 2024, completing this review by December 31, 2025. In addition to demographic and compliance information on tenant occupants of the housing, the system collects critical year-end operating and reserve information to assist property owners and funders identify potential issues in advance of problems. The data allows staff to provide technical assistance to property owners in a timely manner.

King County includes language in all contracts related to Small Contractors and Suppliers (SCS) and Minority and Women Business Enterprises. The County encourages the Contractor to utilize small businesses, including Small Contractors and Suppliers (SCS) and minority-owned and women-owned business enterprises certified by the Washington state Office of Minority and Women's Business Enterprises (OMWBE) in County contracts. The County encourages the Contractor to use voluntary practices to promote open competitive opportunities for small businesses, including SCS firms and minority-owned and women-owned business enterprises.

Citizen Participation Plan 91.105(d); 91.115(d)

Describe the efforts to provide citizens with reasonable notice and an opportunity to comment on performance reports.

The King County Consortium posted notices of the CAPER availability in the Seattle Times and the King County website from March 13, 2025 to March 31, 2025. The CAPER was available for comment at a hybrid Zoom/In-Person public meeting on March 26, 2025. The 15-day public comment period formally ended on March 29th. The County remained open to comments until March 31.

There were no public comments during the aforementioned period, either in person/virtually at the meeting, nor to the email/address specified in the notice.

CR-45 - CDBG 91.520(c)

Specify the nature of, and reasons for, any changes in the jurisdiction’s program objectives and indications of how the jurisdiction would change its programs as a result of its experiences.

There were no changes to the program objectives. The Community Development Program continued to use a web-based application system through Zoom Grants, providing greater efficiency and transparency. Additionally, all the rating and evaluating of projects in the Request for Proposal also used ZoomGrants, which was a more streamlined and efficient process. IN 2026, King County Department of Community and Human Services will be integrating RFP solicitation into its contract and invoicing management system known as Agiloft.

All programs are making formal efforts to improve accessibility to agencies which may encounter barriers to traditional funding applications due to cultural, capacity, transportation, and other challenges.

King County continued to spend CDBG-CV funds in 2024. Joint Agreements Cities have completed nearly all of their CDBG-CV projects. King County will continue to spend CDBG-CV funds in 2024 through mid-2026.

Does this Jurisdiction have any open Brownfields Economic Development Initiative (BEDI) grants?

No

[BEDI grantees] Describe accomplishments and program outcomes during the last year.

CR-50 - HOME 24 CFR 91.520(d)

Include the results of on-site inspections of affordable rental housing assisted under the program to determine compliance with housing codes and other applicable regulations

Please list those projects that should have been inspected on-site this program year based upon the schedule in 24 CFR §92.504(d). Indicate which of these were inspected and a summary of issues that were detected during the inspection. For those that were not inspected, please indicate the reason and how you will remedy the situation.

King County inspected 29 HOME funded properties beginning May 2025 and completing by December 31, 2025. The most common inspection items for the 2025 inspection year were, 1) Sink stopper missing/inoperable, 2) incorrectly located or wired Ground Fault Circuit Interrupt (GFCI) outlets, 3) Tub component missing or damaged 4) Smoke detector missing, 5) Heat source blocked (Flammable).

Provide an assessment of the jurisdiction's affirmative marketing actions for HOME units. 24 CFR 91.520(e) and 24 CFR 92.351(a)

King County has policies and procedures for affirmative marketing of vacant units in projects of five or more units, per 24 CFR 92.351. Owners participating in the HOME program are informed of affirmative marketing requirements in the funding process. The Equal Housing Opportunity logo is included in all material distributed about the program and affirmative marketing policies are required in management plans.

Refer to IDIS reports to describe the amount and use of program income for projects, including the number of projects and owner and tenant characteristics

In 2025, King County spent a total of \$114,327 in HOME PI funds (\$95,647 on six Homeowner Rehab projects and \$18,679 on Administration).

Describe other actions taken to foster and maintain affordable housing. 24 CFR 91.220(k) (STATES ONLY: Including the coordination of LIHTC with the development of affordable housing). 24 CFR 91.320(j)

The King County Consortium leverages federal, state, and local funds (countywide and local jurisdictions), as well as private sources of funding from banks and equity investors to develop and maintain affordable housing. There were two HOME funded projects completed in 2025. Also, two projects were awarded 2025 HOME funds; Habitat for Humanity Seattle-King County Orchard Gardens and LIHI Skyway. Habitat for Humanity's Orchard Gardens total HOME award of \$2,901,114 is being leveraged by over \$18M in other funding, including State and local funds. Habitat is scheduled to start construction in the second quarter of 2026. LIHI's Skyway total HOME award of \$1,635,712 is being leveraged by over \$34 million, including other federal, State, and local funds, as well as Low Income

Housing Tax Credits. LIHI is scheduled to start construction in the third quarter of 2026.

CR-58 – Section 3

Identify the number of individuals assisted and the types of assistance provided

Total Labor Hours	CDBG	HOME	ESG	HOPWA	HTF
Total Number of Activities	1	1	0	0	0
Total Labor Hours	20	68,753			
Total Section 3 Worker Hours	0	1,428

Table 15 – Qualitative Efforts - Number of Activities by Program

Narrative

CDBG had one project above the threshold for 2025. The contractor was not hiring new staff but engaged in outreach efforts in case there were openings. There were none. The project was short and yielded only 20 hours.

Vashon Island Center Apartments and Renton Housing Authority Sunset Gardens both closed their Section 3 report outs in 2025.

Public Notice regarding availability of the Draft King County 2023 Consolidated Annual Performance and Evaluation Report (CAPER) for public review and comment on the CAPER. Please see the link below for more information on the CAPER.

King County is participating with 39 cities and towns to receive federal funds from the US Department of Housing and Urban Development (HUD) to help address goals and objectives identified in the King County Consolidated Housing and Community Development Plan for 2023-2027 (Consolidated Plan). The CAPER includes a summary and evaluation of the CDBG, HOME, and ESG funds used in 2022 to carry out the goals and objectives in the Consolidated Plan. In addition, the Consolidated Community Development Block Grant Consolidated (CDBG-CV) Budgets for 2023-2027 and the program results are included in the CAPER. The public is invited to review and comment on the Draft CAPER before King County places it into adoption at its HUE Public Meeting, information below.

You can obtain the Draft CAPER, including CV information on or after March 13, 2023 by:

- Downloading it from the King County website
- Using the County government information services website (www.kingcounty.gov) to request a copy to be emailed to you by contacting David Wecklerburg in the King County Department of Community Development Division for assistance and access below for public review.

Written comments must be received by the King County Housing, Homelessness, and Community Development Division, Attention: David Wecklerburg, by 5:00 p.m. Monday, March 20, 2023. Address: 401 5th Ave, Suite 510 Seattle WA 98104.

Public Meeting
The public meeting is a meeting at 401 5th Ave, Suite 510 Seattle WA 98104. There will be a Zoom meeting to take public comment on the Draft CAPER using CDBG, HOME, and ESG funds. The purpose of the public meeting is to review and receive comments on King County's annual performance report for 2022. It is Washington State Community Development Block Grant Consolidated (CDBG-CV) funds for public review, public presentation, rental assistance, and support services.

CDBG-CV funds were received by HUE through the Washington Department of Commerce and the goal to support, prevent, and reduce the homelessness burden. These funds are targeted to benefit primarily those most at risk of homelessness.

The meeting will be held Thursday, March 23, 2023 from 9:00 - 11:00am. Use the following Zoom meeting information to join.

Join by Phone: 253 275 8727
Join Online (URL): <https://kingcounty.zoom.us/j/94129915>

Meeting ID: 941 299 1515
Passcode: Please contact dave.wecklerburg@kingcounty.gov for more.

Accommodations and Access
All materials are available in alternate formats and for individuals with disabilities upon request. Accommodations to ensure accessibility, including sign language interpretation or interpreter, will be made upon receiving 24-hour advance notice. Public Notice King County Cons...

Public Notice
 King County Consortium
 Community Development Block Grant (CDBG) Consortium
 Commerce CDBG-Coronavirus
 (CDBG-CV2)
 HOME Investment Partnerships (HOME)
 Emergency Solutions Grant (ESG)

Joint Notice regarding availability of the Draft King County 2025 Consolidated Annual Performance and Evaluation Report (CAPER) for public review and comment and for Public Meeting for review and comment of CDBG-CV2 funding report.

King County, in partnership with 38 cities and towns, receives approximately \$9 million in federal funds from the US Department of Housing and Urban Development (HUD) each year to address goals and objectives identified in the King County Consolidated Housing and Community Development Plan for 2025-2029 (Consolidated Plan). The CAPER includes a summary and evaluation of how CDBG, HOME, and ESG funds were used in 2025 to carry out the goals and objectives in the Consolidated Plan. In addition, the Commerce Community Development Block Grant Coronavirus (CDBG-CV) funding completed 12/31/2025 and the program results are included in the CAPER. The public is invited to review and comment on the Draft CAPER before King County finalizes it and submits it to HUD. Public Meeting information below.

You can obtain the Draft CAPER, including CV information on or after March 13, 2026 by:

- Downloading it from the King County website
- <https://kingcounty.gov/en/dept/dchs/human-social-services/housing-homeless-services/housing-policy-data/plans-reports>
- Requesting that a copy be emailed to you by contacting David Mecklenburg in the King County Housing and Community Development Division. See accommodation and Access below for details.

Written comments must be received by the King County Housing, Homelessness and Community Development Division, ATTN: Dave Mecklenburg, by 9:00 a.m., Monday, March 31, 2025. Address: 401 5th Ave, Suite 510, Seattle WA, 98104.

Public Meeting
 The public is invited to a meeting at 401 5th Ave, Seattle WA 98104, Room 126 or a Zoom meeting to review and comment on the Draft CAPER using CDBG, HOME, and ESG funds. The purpose of the public hearing on CDBG-CV is to review and receive comments on King County's past performance using \$1,487,027 in Washington State Commerce Community Development Block Grant - Coronavirus (CDBG-CV) funds for shelter services, eviction prevention, rental assistance, and support services.

CDBG-CV funds were provided by HUD through the Washington Department of Commerce with the goal to prepare, prevent, and respond to the Coronavirus Pandemic. These funds are targeted to benefit primarily low to moderate income individuals.

The meeting will be held Thursday, March 26, 2026 from 9:00 - 11:00am. Use the following Zoom meeting information to join:

Join by Phone: 1-253-215-8782
 Join Online (URL): <https://kingcounty.zoom.us/j/83939098351>

Meeting ID: 839 3909 8351
 Passcode: Please contact
dave.mecklenburg@kingcounty.gov for code

2025 Countywide Housing Needs Assessment

In 2025, the King County Department of Community and Human Services took an in-depth look at countywide housing affordability and needs with support from ECOnorthwest and Grow America. This report provides data-driven insights into the scale, diversity, and cost of our community's housing needs.

King County Equitable Development Initiative Implementation Plan Phase 1

This report responds to the requirements for Phase 1 of the implementation plan for a potential King County Equitable Development Initiative, as set out in Motion 16D62. A Community Planning Workgroup worked in close partnership with the Department of Community and Human Services to develop this report, with support from other County departments.

Equitable development work directly addresses legacies of exclusion and mitigates the impacts of gentrification by promoting anti-displacement strategies and centering the needs and visions of communities most harmed by past and current inequities. This report outlines a framework, values, vision, goals, objectives, components, recommendations, and needed resources and capacities for a potential King County Equitable Development Initiative.

[Read the King County Equitable Development Initiative Implementation Plan Phase 1 < -/media/king-county/depts/dchs/migrated/housing-homelessness-community-development/documents/Plans and Reports/FINAL_ED1_Implementation_Plan_Phase_1_1_-d_-4_-d_-23.ashx?la=en&hash=B226D7E94DE401DAFA9F660A170146C-](#) (January 5, 2023)

Consolidated Annual Performance and Evaluation Report (CAPER)

King County, in partnership with 34 cities and towns, receives approximately \$8 million in federal funds from U.S. Department of Housing and Urban Development (HUD) each year to address goals and objectives identified in the King County Consortium Consolidated Housing and Community Development Plan. The CAPER includes a summary and evaluation of how these funds were used to carry out the goals and objectives in the Consolidated Plan. HUD requires King County to submit the CAPER annually in the spring.

Federal funds include:

- Community Development Block Grant Program
- HOME Investment Partnerships Program
- Emergency Solutions Grant Program

Read the complete Skyway-West Hill and North Highline Anti-displacement Strategies Report here. <-/media/king-county/depts/dchs/migrated/housing-homelessness-community-development/documents/Plans and Reports/KC-SkywayWHill-NHln-ant-dsplcmnt-stratprt.ashx?la=en&hash=1DFC47361B33C3A09874840897E54573>

King County's Department of Community and Human Services (DCHS) and Department of Local Services (DLS) partnered with community members to develop an Anti-displacement Strategies Report for the Skyway-West Hill and North Highline areas.

As the region grows and housing costs rise, Skyway-West Hill and North Highline residents have shared concerns about ongoing displacement and housing affordability. In response to the feedback we heard during the 2018-2019 Skyway-West Hill and North Highline Subarea Land Use planning processes, the Department of Community and Human Services and the Department of Local Services collaborated to develop a report that makes recommendations and next steps to implement concrete actions King County can take to prevent or mitigate displacement in these neighborhoods.

King County staff conducted a robust community outreach process which resulted in substantive contributions to the report's recommendations and helped build trust and relationships between County staff and community members. County staff contracted with a team of facilitators with close ties to the North Highline and Skyway-West Hill communities to co-design and facilitate nearly all public meetings. The community facilitators provided critical leadership and feedback to County staff to ensure that engagement was meaningful and authentic.

For more information about this project, upcoming community engagement events, and to share your input online, please

 2025

24-Month Grant Expenditure Deadline

All of the recipient's grant must be expended for eligible activity costs within 24 months after the date HUD signs the grant agreement with the recipient. Expenditure means either an actual cash disbursement for a direct charge for a good or service or an indirect cost or the accrual of a direct charge for a good or service or an indirect cost. This report uses draws in IDIS to measure expenditures. HUD allocated Fiscal Year 2011 ESG funds in two allocations. For FY2011, this Obligation Date is the date of the first allocation. This report does not list the Obligation Date, does not calculate the Expenditure Deadline, and does not track the Days Remaining for the FY 2011 second allocation.

Grant Amount: \$295,247.00

Grant Number	Draws to Date	HUD Obligation Date	Expenditure Deadline	Days Remaining to Meet Requirement Date	Expenditures Required
E25UC530001	\$0.00	09/23/2025	09/23/2027	561	\$295,247.00

60% Cap on Emergency Shelter and Street Outreach

The cap refers to the total amount of the recipient's fiscal year grant, allowed for emergency shelter and street outreach activities, is capped at 60 percent. This amount cannot exceed the greater of: (1) 60% of the overall grant for the year; or, (2) the amount of Fiscal Year 2010 ESG funds committed for homeless assistance activities. (Note: the HESG-CV grants are currently exempt from the 60% funding cap restrictions.)

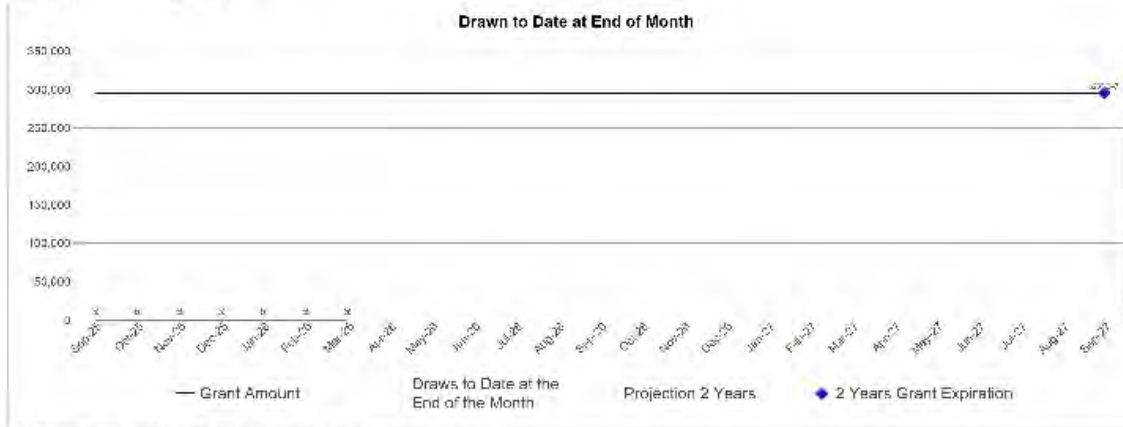

Amount Committed to Shelter	Amount Committed to Street Outreach	Total Amount Committed to Shelter and Street Outreach	% Committed to Shelter and Street Outreach	2010 Funds Committed to Homeless Assistance Activities	Total Drawn for Shelter and Street Outreach	% Drawn for Shelter and Street Outreach
\$0.00	\$0.00	\$0.00	0.00%	\$186,189.00	\$0.00	0.00%

PGM Year: 2020
 Project: 0012 - SAMMA SENIOR APARTMENTS ACQUISITION
 IDIS Activity: 3533 - SAMMA SENIOR APARTMENTS ACQUISITION
 Status: Open
 Location: Address Suppressed
 Objective: Provide decent affordable housing
 Outcome: Affordability
 Matrix Code: Acquisition of Real Property (01)
 National Objective: LMC

Activity to prevent, prepare for, and respond to Coronavirus: No

Initial Funding Date: 11/20/2020

Description:

The project scope is acquisition of land for affordable housing development.
 The project also will meet the national objective benefit criteria 24 CFR 570.208(a)(3) for an award of CDBG for the purpose of providing or improving permanent residential structures which, upon completion, will be occupied by low- and moderate-income households.
 The project will serve low-income seniors, and the proposed CDBG funds will be used for acquisition of the site. Project is not complete although all funds have been drawn down.
 Project will not be complete until May 2023.
 IDIS will have to be updated every 6 months until beneficiary data can be included.

PGM Year: 2022
 Project: 0021 - CITY OF CARNATION SIDEWALK IMPROVEMENTS
 IDIS Activity: 3632 - City of Carnation Sidewalk Improvements
 Status: Completed 10/31/2024 12:00:00 AM
 Location: 4220 McKinley Ave Carnation, WA 98014-5111
 Objective: Create suitable living environments
 Outcome: Availability/accessibility
 Matrix Code: Sidewalks (03L) National Objective: LMA

Activity to prevent, prepare for, and respond to Coronavirus: No

Initial Funding Date: 09/26/2022

Description:

Improvements on McKinley Avenue will include construction of new sidewalk, one ADA curb ramp, and associated storm water improvements on existing city right-of-way. The project will improve pedestrian safety within this predominantly residential part of the City of Carnation and increase access to facilities for non-drivers. \$33,707 has been added for Program Delivery.

 Project: 0022 - WHITE CENTER ECONOMIC DEVELOPMENT PROGRAM
 IDIS Activity: 3728 - Chung and Do Loan Economic Development
 Status: Completed 3/31/2025 12:00:00 AM
 Location: 9617 16th Ave SW Seattle, WA 98106-2855
 Objective: Create economic opportunities
 Outcome: Sustainability
 Matrix Code: ED Direct Financial Assistance to For-Profits (18A)
 National Objective: LMA

Activity to prevent, prepare for, and respond to Coronavirus: No

Initial Funding Date: 03/14/2024

Description:

King County will provide direct a loan for working capital soft costs benefits to the Chung & Do Investments LLC as part of the White Center Economic Development project. The costs offset losses in income and revenue owing to an arson that occurred in 2021.

Annual Accomplishments

Years	Accomplishment Narrative	# Benefiting
2024	Tukwila has an annual goal of 9 unduplicated household to serve in the 24/25 funding cycle. With a delayed contract start date, Tukwila was able to meet 66% of its annual goal during this 4th quarter with 2024 funding. There are currently 4 unduplicated households in the pipeline for Q1-2025 SeaTac had a slow start due to the delay on contract but was able to complete 5 unduplicated household projects which puts us at 55% of our annual goal. projects were anywhere from roof repairs to water leaks and installation of grab bars and railings for our senior households. Covington and Des Moines did not have any completed projects for 3rd and 4th Quarter.

 Status: Completed 12/31/2024 12:00:00 AM
 Location: 515 B St NE Auburn, WA 98002-4003

Objective: Create economic opportunities
 Outcome: Availability/accessibility
 Matrix Code: Micro-Enterprise Assistance (18C) National Objective: LMCMC

Activity to prevent, prepare for, and respond to Coronavirus: No

Initial Funding Date: 10/15/2024

Description:

New Roots will offer training to address the challenges faced by immigrants, refugees, and a diverse range of citizens who aspire to start their own businesses but lack fundamental knowledge in key areas such as bookkeeping, licensing, insurance, e-commerce, marketing, finance, and other essential business matters. In 2024, the focus will include a targeted recruitment effort to engage 30 entrepreneurs who are native Spanish speakers. These individuals will greatly benefit from a business class presented in their native language, providing them with accessible and inclusive training opportunities. Added \$2,000 for program delivery.
