The value you need. The coverage you deserve.

Our plans cover most preventive services care at no cost to you, encouraging healthy habits to keep your smile brighter.

Nobody likes unexpected costs. That's why each Cigna Dental Care Plan has a Patient Charge Schedule (PCS), that list covered services with the pre-determined amount patients owe. The copayment amounts listed on the PCS are never subject to **a deductible, annual maximum, benefit waiting period, missing tooth, or pre-existing limitation**. You have the freedom to choose any network general dentist available where and when you need one to perform the covered services listed on the PCS.

Remember, there is no provider liability for covered service once the pre-determined fee(s) listed on the PCS are paid. This is an important consideration when dependents covered by our plan have a dual coverage dental option available.

Value-added services such as teledentistry are included with your plan at no additional cost. You may also be eligible to enroll in the Cigna Dental Oral Health Integration Program® to better manage medical conditions through specialized preventive dental care.

Is the Cigna Dental Care Plan right for me?

Is a network general dentist available in my area?	Log onto Cigna.com to ensure a provider is available for coverage. Select Employer or School > Doctor Type > General Dentist > Zip Code
What criteria should I use to select a dentist?	We recommend limiting the search to 25 miles from your home address but the choice is yours. Each family member can have their own dentist.
Are referrals required to see a specialist?	A network general dentist will refer you to endodontists and periodontists. No referral is required to see an orthodontist or pediatric dentist for children up to age 13.
How do I change or select a new general dentist?	You can change your dentist anytime. Simply visit mycigna.com, contact customer service, or visit a new in-network dentist accepting new patients.

If any law requires coverage for any particular service(s) noted above, the exclusion or limitation for that service(s) does not apply.

The contract plan booklet (certificate) and/or patient charge schedule include a complete list of covered services along with any service(s) required to be covered for residents of a state, when applicable. These documents may be available digitally on myCigna.com or mailed direct. The information in the contract booklet and/or patient charge schedule takes precedence over any difference stated here.
