King County

CLERK'S ALERT

King County Clerk's Office KC Script Unavailable through Friday, November 20, 2026

The KC Script Portal will continue to be unavailable through the end of the week (Friday, November 20, 2026). The Clerk's Office will provide an update through a future Clerk's Alert message, and we will post information on our website.

Online services accessible through the KC Script Portal are unavailable during this time. This includes case searches, e-filing new cases and documents, e-service, electronic working copies, records requests, and submitting proposed orders to the court via Ex Parte via the Clerk and Orders for Review.

Customers attempting to file new cases, e-file into existing cases, file protection order cases, submit documents for EPVC, or submit working copies can find more information on an alternative method by visiting http://www.kcscclerkefilingstatus.com/.

You may visit any of our courthouse locations to file cases and documents, submit documents for EPVC, search cases, purchase or view records, or pay LFOs.

During this downtime, Civil Protection Order petitions can be submitted via email to dja.dvpo@kingcounty.gov.

To monitor the status of the KC Script Portal, please visit the Clerk's Office website: https://kingcounty.gov/en/dept/dja.
