

**Want to get  
out of jail and  
stay out?**

**DRUG COURT**  
**can help you stop using**  
**and achieve your goals!**

**King County**  
Drug Diversion Court

Compassion + Accountability = Recovery

## What is Drug Court?

Drug Court is different from other court experiences. Our goal is to help you. We give you the support, accountability, structure and resources you need.

When you complete the program, you can get your felony charges dismissed and avoid prison time.

Judge Mary Roberts pictured with graduates of King County Drug Diversion Court.

## Is Drug Court for me?

You can try out Drug Court before deciding you want to commit to the program. During that time, you will have full access to treatment, housing and other resources the program provides.

During Phase 1, if you decide not to participate in the Drug Court program, you can leave and take your case to the mainstream legal system instead.

There are eligibility requirements to participate. The program is for adults charged with certain felony property crimes and other drug-related felony crimes in King County.
