Summary

Filings:

The ITA cases filed in King County Superior Court have been steadily increasing since 2017. In the last few years, the ITA filings remained well over 5000 cases per year. The annual ITA filing volume was 5,665, 5,541, 5,438, and 5,602 cases in 2022, 2023, 2024, and 2025, respectively. This translates into an average of 472, 462, 453 and 467 cases per month for the year 2022, 2023, 2024, and 2025.

In the first two quarters of 2026, a total of 2,763 ITA cases were filed, with an average of 461 cases per month. This is a comparable volume to that in the last 4 years.

Resolutions:

In 2024, the court resolved 5,476 ITA cases, averaging 456 cases per month. In 2024, the resolution pace matched the filing volume. In 2025, the court resolved 457 ITA cases per month, slightly lower than the average monthly filing volume of 467 cases.

In the first two quarters of 2026, the ITA resolutions were 2,884 cases, with an average of 481 cases per month. The court was able to match the resolution with the filing volume.

Pending:

At the end of June 2026, there were 4279 active ITA cases pending resolution. A high but manageable volume when compared with the previous quarters in last 2 years.

Orders:

The court enters a significant number of ITA orders every quarter. A total of 4,650, 4,532, 4,260, 4,491, and 5,082 ITA orders were entered per quarter in 2021, 2022, 2023, 2024, and 2025, respectively.

In the first two quarters of 2026, the court signed 10,021 ITA orders, with an average of 5,010 per quarter and higher than previous years except 2025.

Hearings:

The number of ITA hearings varies from quarter to quarter. The average number of ITA hearings were 255, 287, 267, and 276 per quarter in 2022, 2023, 2024, and 2025, respectively.

In the first two quarters of 2026, the court had an average of 232 ITA hearings per quarter, lower than the average in the last 4 years.

Terminology

Filing

The number of petitions filed, initiating new ITA cases during the reporting period.

Resolution

The number of petitions (cases) resolved, either by “approval” or “dismissal” order during the reporting period.

An ITA case has been resolved when the Court enters a 14-Day, 90-Day, or 180-Day Order of Detention, Less Restrictive Alternative, or when the Court enters an Order of Dismissal.

Unlike the definition of “resolution” for other Superior Court case types, the “resolution” for these case categories may not indicate the end of judicial involvement when the petition is approved.

Pending Resolution

The number of active cases that have not been resolved, namely, the petition has neither been approved nor dismissed yet.

Completion

ITA cases are completed when a Notice of Release, Notice of Completion of Program, or an Order of Dismissal are filed. When an Order of Dismissal or Notice of Release is filed, and the case has not been resolved by a previous Order, the Order of Dismissal or Notice of Release will resolve and complete the case.

Pending Completion

Indicates the number of cases for which the petition has been approved, but issues (sometimes significant issues) remain in which the court may become actively involved.

Resolution Age

Is the time (days) from filing to resolution, less suspense time if applicable.

Pending Resolution Case Age

Indicates the time (days) from filing to the last day of the reporting period for these cases that remain unresolved (no approval or dismissal of the petition), less suspense time, if applicable.

Number of Petitions

The total number of petitions entered during the reporting period.

Number of Orders

The total number of orders entered during the reporting period.

Number of Hearings

The total number of hearings held other than fact-findings during the reporting period.
