RE: Request for Extension of Public Comment Period – Environmental Impact Statement Scoping for the King County Wastewater Treatment Division Clean Water Plan

Dear Mr. Isaacson and Mr. Sussex:

On behalf of the Metropolitan Water Pollution Abatement Advisory Committee (MWWPAAC), this correspondence requests that the public comment period be extended from 30 days to 60 days, to end July 19, 2020, for comment on the scope of the Programmatic Environmental Impact Statement that will be prepared for the King County Wastewater Treatment Division Clean Water Plan.

Full public engagement will benefit both King County and the public. MWWPAAC intends to submit public comment. The 30-day extension is made necessary by a limited MWWPAAC meeting schedule and the challenge of gathering perspectives from the range of local city and sewer utility member entities during the current stresses on municipal and utility resources.

Thank you for your consideration.

Sincerely,

Pamela Carter  
MWWPAAC Chair
