NOTICE OF ACTION TAKEN

ISSUANCE DATE: October 16, 2024

NOTICE IS GIVEN UNDER SEPA, RCW 43.21c.080, THAT THE KING COUNTY DEPARTMENT OF NATURAL RESOURCES AND PARKS TOOK THE ACTION DESCRIBED IN (2) BELOW ON OCTOBER 16, 2024.

- 1. Action Deadline:** Any action to set aside, enjoin, review, or otherwise challenge such action on the grounds of non-compliance with the provisions of chapter 43.21C RCW (State Environmental Policy Act) shall be commenced on or before 4:30 p.m. on November 13, 2024.
- 2. Description of Agency Action:** The King County Department of Natural Resources and Parks made a decision to proceed with the Little Lake Forest Trailhead following this Notice of Action Taken. King County Department of Natural Resources and Parks will obtain the required permits and proceed with this project.
- 3. Description of Proposal:** King County Parks and Recreation Division proposes to develop a parcel near City of Enumclaw to create a trailhead parking area. An existing trail to Little Lake starts at the parcel and connects to 155 acres owned by King County.

Phase 1 will include construction of the parking area which will include a paved driving loop with 12 car parking stalls and 8 horse trailer parking stalls. The driving loop will be asphalt and the trailer parking stalls will be gravel. A concrete ADA accessible pedestrian pathway will be provided to separate pedestrians from the vehicles. There will be a bioswale within the parking loop that connects to a sand filter area and infiltration pond for water quality and drainage.

Access to the trailhead is via 292nd Avenue SE. This roadway will be improved by constructing two vehicular pull-outs on the west side of the access road where vehicles can move to allow other vehicles to pass. The pull-outs will be asphalt-paved sections that are each 120 feet long total including two 30-foot transition areas. They were located to have long sight distances.

Phase 2 includes installation of additional amenities including a pit toilet, picnic area with shelter and tables, kiosks, and potentially a small play area. Other small furnishings such as signs, benches, pet waste stations, bike racks, and trash bins may also be included. Approximately 0.5 acre of habitat restoration with native plantings will also be included.

- 4. Location of Proposal:** 29103 SE 434th Street, Enumclaw, WA 98022
Parcel 192007-9101 and 292nd Ave SE roadway
- 5. Type of Environmental Review under the State Environmental Policy Act (SEPA):** The King County Department of Natural Resource and Parks is the SEPA lead agency for the proposal and reviewed project information, prepared a SEPA Environmental Checklist, and determined that the project does not have probable significant adverse impacts on the environment, which resulted in issuance of a Determination of Nonsignificance on July 9, 2024 with a 14-day comment period that ended on July 23, 2024. A SEPA environmental impact statement (EIS) is not required under Revised Code of Washington (RCW) 43.21C.030(2)(c).
- 6. Document Availability:** This information is available to the public on request (for a nominal photocopying fee). It is also available on the King County website at:
