

September 05, 2023

You may have noticed that [KingCounty.gov](https://www.kingcounty.gov) has a whole new look. Something else that is new is a [project page](#) for the Elliott West Wet Weather Treatment Station (EWWTS) Upgrade!

The EWWTS project page will be your go-to place for project information, design and construction updates, project materials, and project team contact information.

Elliott West Wet Weather Treatment Station Upgrade

Elliott West Wet Weather Treatment Station
About

King County is planning to upgrade the Elliott West Wet Weather Treatment Station (EWWTS). The upgrade will ensure compliance with stricter environmental regulations, meet the demands of a growing population, and handle a changing climate.

Don't forget to take our survey about the EWWTS Upgrade! This survey will allow us to know the best way to inform the community with project information. It is open until 11:59 P.M. September 24, 2023.

However, EWWTS needs an upgrade to ensure compliance with stricter environmental regulations, meet the demands of a growing population, and handle a changing climate. This is a major investment to ensure King County continues to protect public health and the environment for years to come.

One of King County's goals is to help communities thrive. We do this by supporting neighborhoods across a range of areas. Please mark all that apply to most important areas for you and your community.
