

**EASTSIDE INTERCEPTOR
SECTION 8 (ESI-8)**
Rehabilitation Project

King County

Department of
Natural Resources and Parks
Wastewater Treatment Division

The public outreach and communication predesign survey was closed on March 15, 2024. We thank you for taking the time to give us your valuable input on how we can best engage with the community to receive feedback, answer your questions, and provide up-to-date information about the progress of the project from design to construction.

Check back soon for more project updates.
