

## Nighttime construction planned to begin Monday, May 3

Crews will complete roadway restoration and utility work on 4th Avenue South

Starting as early as Monday, May 3, 2021 crews will be working on 4th Avenue South near the Georgetown Wet Weather Treatment Station site from **7 p.m. to 6 a.m., Monday through Friday**. A noise variance permit and traffic control plan during this timeframe have been approved.

Nightwork will restore areas in the roadway impacted by construction and will support continued completion of the Georgetown Wet Weather Treatment Station project. The project will construct a new facility that will clean excess sewage and stormwater during heavy rains. This project will reduce untreated wastewater entering the Duwamish River by 95%.

### STAY UP TO DATE

If you'd like to know about construction schedule changes or about future construction activities, please send your name, email address, and/or phone number to sign up for email updates at:

[www.kingcounty.gov/depts/dnrp/wtd/capital-projects/active/georgetown/public-involvement.aspx](http://www.kingcounty.gov/depts/dnrp/wtd/capital-projects/active/georgetown/public-involvement.aspx)

### What to expect:

- Work hours between 7 p.m. and 6:00 a.m., Monday through Friday
- **Work is expected to take approximately three weeks to complete.**
- North and southbound traffic will be reduced to one lane in each direction.
  - During work on the west side of 4th Avenue S, the northbound King County Metro Bus Stop will be temporarily relocated (see enclosed map).
- People walking will be redirected depending on the location of active construction.
  - Please pay attention to signage and flaggers for your safety and the safety of our crews.
- Noise and lighting will be typical of a construction site.
- Security and staff on site.
