

July 8, 2020

## Expect delays and increased congestion on and near West Lake Sammamish Parkway starting as early as July 13

Crews working for King County Wastewater Treatment Division are continuing field work to support final design of the Lake Hills and NW Lake Sammamish Sewer Upgrade project. Starting as early as July 13, crews will use survey equipment to locate underground utilities along West Lake Sammamish Parkway N.E., with minimal work near the Sammamish River Condominiums, 180th Ave N.E., N.E. 24th St, and 177th Ave N.E. Surveying is expected to take up to one week.

**Location:** See maps on back page

### What you can expect during surveying:

- Work hours 9:30 a.m. to 3 p.m., Monday through Friday
- Some work will require using areas within the driving lanes.
- Delays of 5-10 minutes and increased congestion when work occurs within driving lanes.
- Flaggers, signs and cones will be in place to safely direct vehicle and bike traffic around the work zone
- Sidewalk and pedestrian walkways will be maintained
- Crews will be wearing personal protective equipment in accordance with current guidance from national public health and work

*Crews will wear personal protective equipment that includes a face mask.*

**Please watch for equipment and signs in the area, travel slowly to stay safe and follow direction from flaggers.**

# Lake Hills and NW Lake Sammamish Sewer Upgrade Project

## About the project

King County is working on a project to upgrade 4.5 miles of the sewer pipe. King County will build the new pipe in trails, roads and parks in Redmond. Construction is expected to begin as early as 2021. When complete, the new pipe will provide sewer service for 50 years or more.
