

King County

Department of Natural Resources and Parks
Wastewater Treatment Division

NORTH MERCER ISLAND/ENATAI Sewer Upgrade Project

September 2022

Saturday work will ramp up across the project corridor.

Crews working for King County will utilize approved Saturday work hours in Mercer Island and Bellevue.

Starting as early as September 10, we will begin Saturday work activities as a regular part of our workweek. Scheduling construction activities on Saturdays can help complete construction more efficiently as we are able.

Our approved Saturday work hours are from 9 a.m. to 6 p.m. in Bellevue and Mercer Island.

Saturday work activities that affect you will depend on where you live, work, and play

To stay up to date on the topics that matter to you, please sign up for targeted email or text lists. We will continue to send regular project updates to the broad listservs we've used for years, but we'll also send area-specific construction notifications. Sign up for the lists you care about most by [clicking this link to our construction homepage](#).

Topics for the North Mercer Island Enatai project include:

- North Mercer Pump Station
- North-central Mercer residential streets
- North Mercer Way/Mercer Park and Ride
- I-90 trail
- 90th PL SE
- Northeast Mercer residential streets
- Enatai Beach Park
- Mercer Slough

Changes to email and text preferences must be done using an internet browser. Changes submitted via text to KING MERCERSEWER at 468-311 will not be applied.
