

NORTH MERCER ISLAND/ENATAI Sewer Upgrade Project

February 2023

Update: 78th Ave and SE 24th intersection closed 24-hours a day for pipe installation

The intersection will be closed to vehicle and bicycle traffic. A signed detour will be in place. Flaggers will direct pedestrians through the work area.

Recently, King County crews relocated traffic control measures to the intersection of 78th Ave SE and SE 24th St for pipe installation. In a previous notification, we stated the closure will only occur during working hours, but this has changed. To ensure the safety of people travelling through the work area, the closure is expected to remain until the end of the day on Tuesday, March 14. Crews may re-open the road during non-work hours before March 14 if it is safe to do so.

For more details on this work, [check out our previous notification](#).
