Wastewater Treatment Division

NORTH MERCER ISLAND/ENATAI Sewer Upgrade Project

September 2023

Construction in the public areas at Enatai Beach Park as early as September 11*

Expect additional noise and limited parking.

Work will include potholing, repaving, and restoration:

As early as Monday, September 11, crews will confirm the location of utilities and install maintenance holes in the public access areas at Enatai Beach Park. Then, crews will restore landscaping and repave the south parking lot next to the play area. This parking lot will be closed for the duration of construction in these areas. Construction is expected to last approximately two months*.

The south parking lot will close for the duration of this work.

Crews will maintain access to the public dock, play area, beach, and REI rental facilities at Enatai Beach Park. To ensure everyone's safety, crews will close sidewalks or ramps. These closures will take place in two phases. Please follow all signed pedestrian detours:

Phase 1: Park visitors can access the beach using a temporary walkway to the south of the parking lot.

Phase 2: Park visitors can access the beach using the existing sidewalk and stairs to the north of the parking lot.

If you have questions about access, please contact the Community Services team at 425-305-3578 or NMEsewer@kingcounty.gov.

What to expect:

- Pay close attention to signed detour routes for the safety of yourself and our crews.
- Public dock access, playground access, and beach access will be maintained.
- Typical work hours are 7 a.m. to 7 p.m. Monday to Friday and 9 a.m. to 6 p.m. on Saturday for the duration of this work.
- Noise, dust, and vibrations typical of an active construction project.
- Emergency vehicle access will be maintained.

*Construction schedules can change based on factors such as site conditions, weather, and crew/material availability.
