

King County

Department of Natural Resources and Parks
Wastewater Treatment Division

July 2015

King County WTD's sewer inspection truck rolled into the [Mercer Island Summer Celebration](#) (July 11-12) as a traveling wastewater education center. Festival goers took a virtual tour of our pipes, learned about the service King County provides your area, and picked up some compost and green cleaning tips.

Festival goers learned about King County's upcoming sewer upgrade project

Our sewer inspection robots attracted a lot of curious people
