NORTH MERCER ISLAND/ENATAI Sewer Upgrade Project

March 2022

Sewer construction starts this spring!

King County awards construction contracts for sewer pipeline upgrade to the Walsh Group.

Construction will begin this spring to upgrade four miles of sewer pipeline across north Mercer Island and southwest Bellevue. In addition to the new sewer pipeline, King County will upgrade the County's North Mercer Pump Station and the City of Mercer Island's Lift Station 11 at Fruitland Landing. The pipes, installed in the 1970s, are aging and reaching capacity. The sewer upgrade is a big project that will involve years of construction. It is expected to be completed in 2025.

Community members will start seeing construction crews in the project area soon. Before major construction starts, the crews will be surveying, setting up construction trailers, and preparing work areas for active construction. We will share the construction schedule on our website when it is ready. King County is committed to being a good neighbor and keeping you informed about what is happening to minimize impacts whenever possible.

Look inside for more information about upcoming construction!

As our crews get ready for pipeline and pump station construction, you may see:

Crews surveying the future pipe alignment.

Crews walking the future pipeline route to get familiar with the project area.

Crews locating utilities.

How you experience construction activities will depend on where you live, work, and play.

Residents on streets under construction will experience the project differently than commuters and park users, for example.

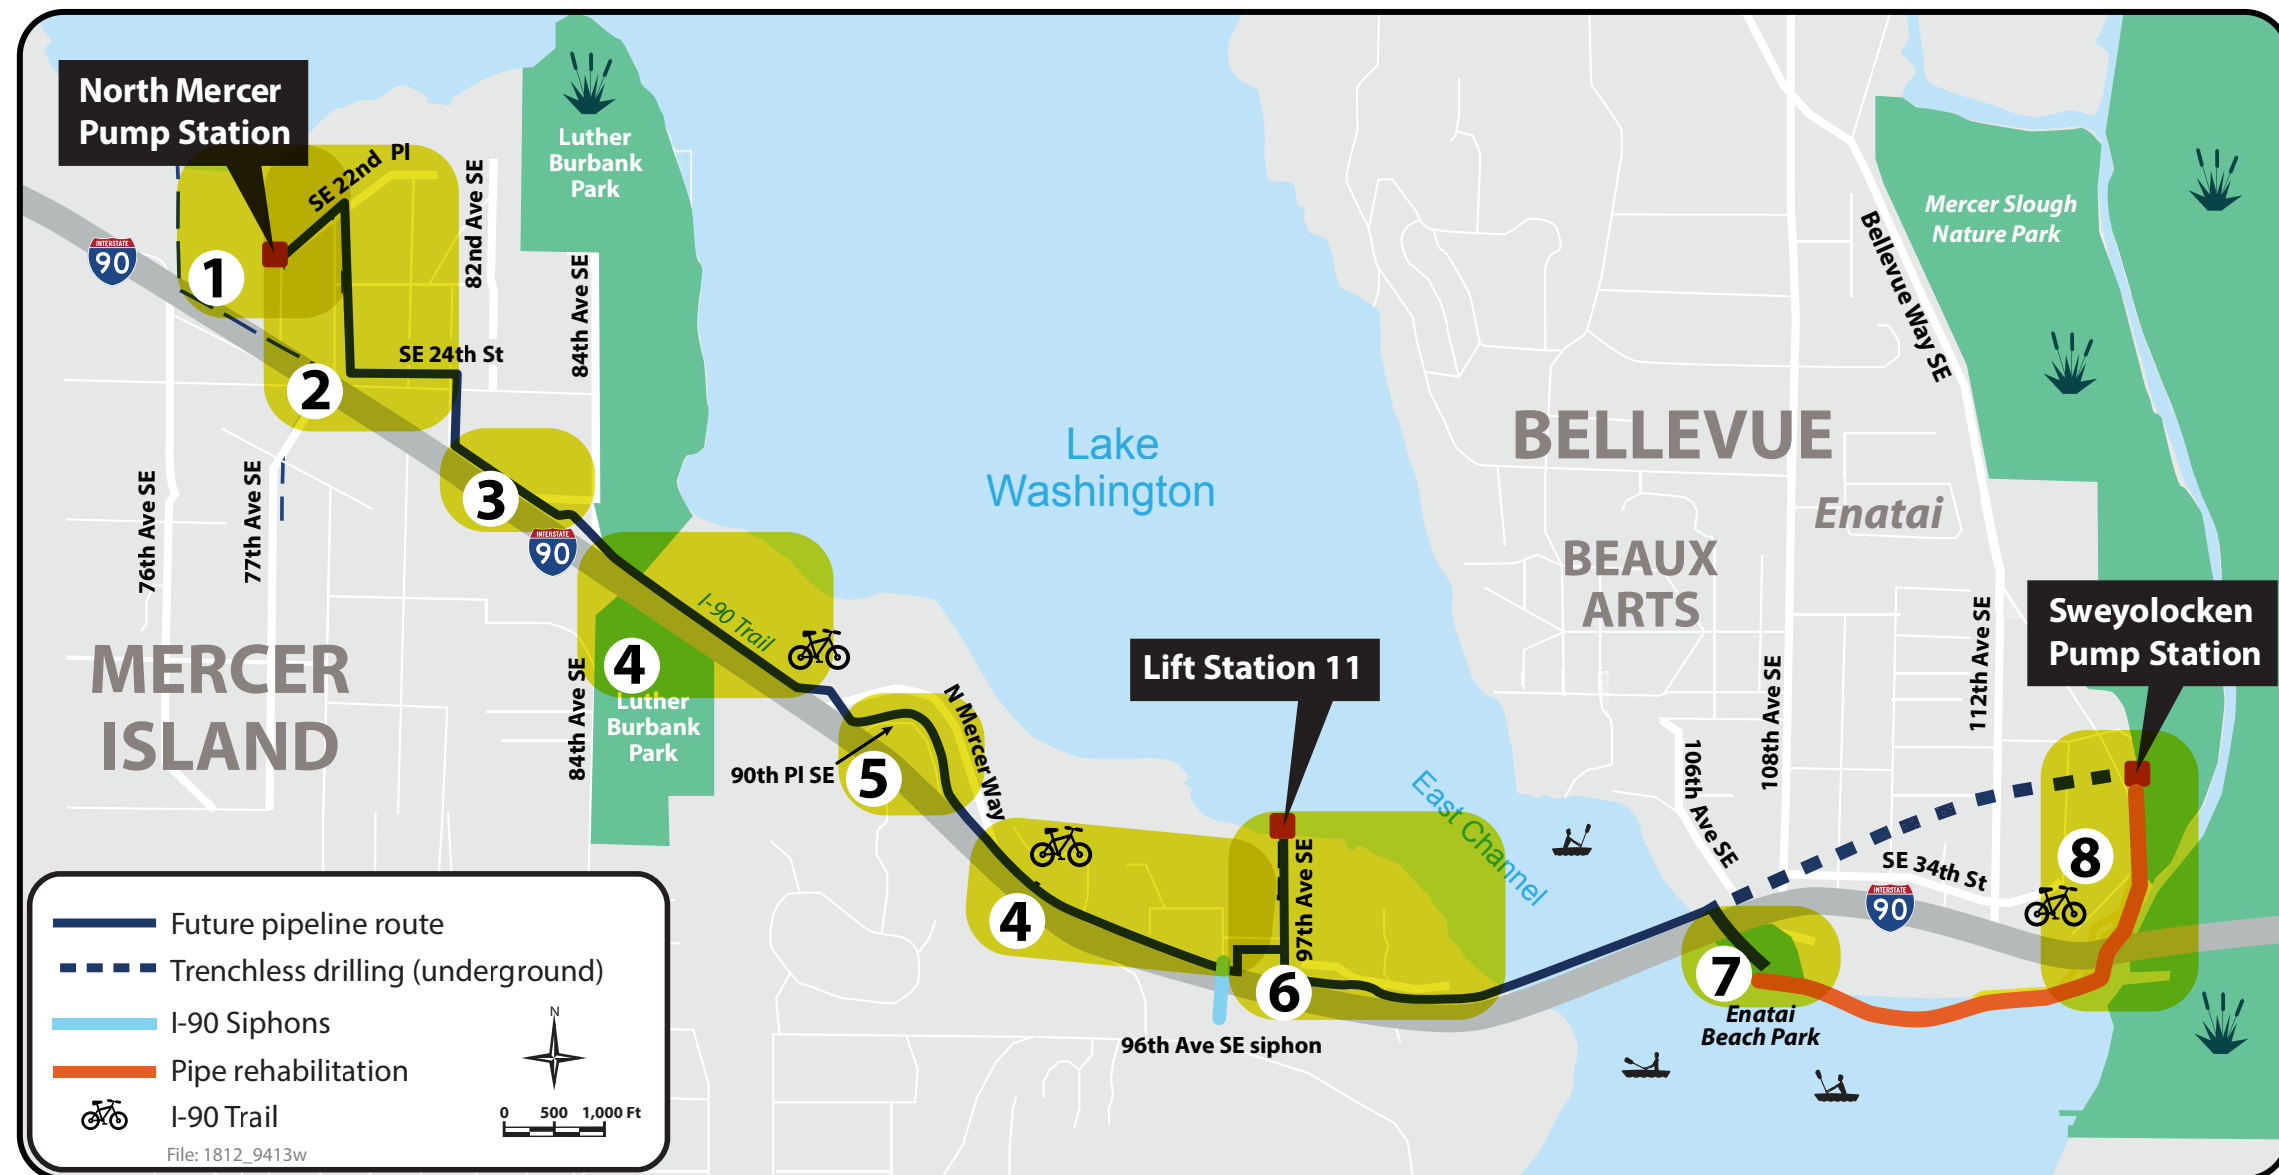

To stay up to date on the topics that matter to you, please sign up for targeted email or text lists based on location. We will continue to send regular project updates to the broad listservs we have used for years but will target construction notifications by location.

Topics for the North Mercer Island Enatai project include:

- 1 North Mercer Pump Station
- 2 North-central Mercer residential streets
- 3 North Mercer Way/Mercer Park and Ride
- 4 I-90 trail
- 5 90th PL SE
- 6 Northeast Mercer residential streets
- 7 Enatai Beach Park
- 8 Mercer Slough

If you do not have access to email or if you have questions about the project, call our 24-hour construction hotline at 206-263-1915.

SCAN  OR VISIT OUR WEBSITE TO SIGN UP FOR ALERTS!

Construction will occur in multiple areas at once [ZONES 1 - 8 ON THE ABOVE MAP]. Make sure you are signed up for the right groups on our project webpage: www.kingcounty.gov/MercerEnataiSewer

This is a big project that has been years in the making and will take years to build. King County is committed to being a good neighbor during construction. Here is what you can expect from us:

- ▶ Advance notice of construction activities via email or text listserv; project website updates; alerts through our partners such as City of Mercer Island and City of Bellevue; posters and banners near the construction zones; and flyers to near neighbors

- ▶ Quick resolution of construction concerns. Call our 24-hour construction hotline with any issues or questions that arise: 206-263-1915

- ▶ Briefings to interested community groups. Call us if you would like to schedule a briefing.
