

## **Envirovation Award Application Due November 4, 2024.**

To learn more about award eligibility, criteria and current award winners, please visit: [www.kingcounty.gov/industrialwaste](http://www.kingcounty.gov/industrialwaste) and navigate to the Awards and Recognition page. If you have any questions about your application, please contact your compliance investigator.

Facility Name:

Contact Name:

E-mail:

Phone Number:

Permit/Discharge Authorization No.:

### **Please check the category or categories in which your organization has excelled:**

**Pollution Prevention:** implemented an innovative pollution prevention strategy beyond requirements of regulatory authority.

**Pretreatment Equipment/Methods Update:** significantly updated pretreatment equipment or methods beyond requirements of regulatory authority.

**Reduction in Concentration of Chemicals:** discharged to King County; not related to production changes.

**Water Use Reduction:** significantly reduced water use, not related to fluctuations in production.

1. For each criterion checked above, please list the criterion and describe how your facility met this criterion (please indicate specific measurements of success, e.g., “decrease in x number of gallons of water to sewer”).

2. For each criterion checked above, list the criterion and indicate how long the improvements have been in effect.

Thank you for applying for the EnvirOvation Award. Please submit the completed application by November 4 by mail or email:
