## RFA Summary

### **Summary Description**

The Lead and Toxics Program at Public Health – Seattle & King County seeks partnerships with community-based organizations to prevent childhood lead poisoning and increase blood-lead testing. ### **Pre-Application Conference**

Public Health – Seattle & King County (PHSKC) will conduct a pre-Application conference for this RFA. This conference will be an opportunity for interested organizations to hear more about the program and to ask questions about the program and/or the application process.

## SECTION 1 PROJECT SPECIFICATIONS AND SCOPE OF WORK

### INTRODUCTION

The Lead and Toxics Program at the Environmental Health Services Division is seeking applications from qualified organizations to partner on our Childhood Lead Poisoning Prevention and Blood Lead Testing Initiative in focus populations in King County. Focus populations include **Medicaid-eligible children and families, immigrant and refugee families with young children, families of color with young children, and families in South King County.**

This initiative aims to prevent lead exposure among children and increase blood lead testing rates in these priority communities.

### BACKGROUND

Childhood lead poisoning remains a significant public health concern, particularly in communities facing environmental justice challenges. Higher blood-lead levels in children can have severe and irreversible health effects, including developmental delays and cognitive impairments. Despite progress in lead poisoning prevention, inequities persist in testing rates and exposure risks among vulnerable populations. The only way to tell if a child has been exposed to lead is through a blood-lead test. The most important things caregivers and parents, healthcare providers, and public health professionals can do are **prevent lead exposure before it occurs and test children at risk of lead exposure so they can receive the care they need to live a healthy life.** The Lead and Toxics Program receives funding for this RFA from the Centers for Disease Control and Prevention (CDC) to address increase blood-lead testing rates, prevent lead exposures, and increase access to developmental services for children with higher blood-lead levels.

### SCOPE OF WORK AND FUNDING AVAILABLE

**Up to \$140,000 total per year is available for two years (\$280,000 total through September 30<sup>th</sup>, 2026) and up to two organizations will be selected. The funds will be distributed equitably among the selected organizations to maximize their impact and ensure effective use of available resources.**

The purpose of this funding and the objectives of the Lead and Toxics Program include:

- Implement lead poisoning prevention strategies in focus communities and with healthcare providers.
- Build the skills and capacity in focus communities to prevent and address lead exposures.
- Increase blood lead testing of children under 6 years old.
- Improve policies and systems to better protect focus communities from lead exposure.
- Increase the number of children with higher blood-lead levels who receive culturally responsive developmental services and care.

**Organizations interested in applying to partner with the Lead and Toxics Program (LTP) to implement this scope of work do NOT need a background in lead and toxics work.** We are looking for organizational partners with strong ties to the grant's focus communities, a passion for environmental justice and health equity, and experience working collaboratively to implement community-driven programming. Detailed workplans and budgets will be developed in collaboration with LTP and other LTP partner organizations and are not needed as part of this application process.

## PROGRAM OBJECTIVES AND PRIORITIES

LTP seeks partnerships with community-based organizations to increase blood-lead testing and prevent childhood lead exposures with a focus on:

- Implementing lead exposure prevention education and engagement with a wide variety of partners, including contractors doing home repair and remodeling and other workers impacted by potential take-home exposures (plumbers, auto mechanics, shooting range workers, demolition and construction workers), families with young children, and business owners selling products containing lead.
- Collaborating with childcare providers, schools, community organizations, and healthcare providers to increase blood-lead testing rates in King County.
- Developing culturally appropriate training and outreach materials.

## EQUITY AND SOCIAL JUSTICE

For many in the region, King County is a great place to live, learn, work and play. Yet there exist deep and persistent inequities – especially by race and place – that in many cases are getting worse. Equity and Social Justice (ESJ) is an integrated part of the County’s work and foundational to the work of Public Health. In 2020 Executive Dow Constantine [declared racism as a public health crisis](#) and set policy priorities to strengthen King County’s commitment to being anti-racist and accountable to Black, Indigenous People, and People of Color. The goal is to ensure that all people, regardless of who they are and where they live, can thrive, with equal access to opportunities, power, and resources. **LTP seeks to partner with organizations that are reflective of and integrated in the communities they serve and address the inequities that exist in our communities.**

This work focuses on reaching populations especially at-risk from exposure to lead and on communities that have been underserved through limited access to information or services. Focus communities are **Medicaid-eligible children and their families, immigrant and refugee families with young children, and families of color with young children living in King County.**

This funding will prioritize organizations that:

- Serve focus communities – who are people of color, low-income communities, immigrant and refugee communities, and limited-English-speaking communities, in alignment with the King County Equity and Social Justice Ordinance.
- Partner with other community-based organizations serving diverse communities.
- Work collaboratively and exchange resources with historically underserved community members and staff to define problems and create solutions.

Applicants will be asked to demonstrate an understanding and a commitment to the principles of equity and social justice as shown through their staffing and their Board of Directors, their history of providing services tailored to community need, and through their commitment to social justice and continuous improvement.

More information about King County’s ESJ work is available at: <https://kingcounty.gov/elected/executive/equity-social-justice.aspx>

## ELIGIBILITY CRITERIA

This request for applications is open to nonprofit organizations (including Federally Qualified Health Centers (FQHCs)), community-based organizations, tribes/tribal organizations, and public or governmental agencies and entities serving communities in King County. Ideal applicants will demonstrate one or more of these organizational strengths:

- Uphold and center community needs and interests in all decisions and recommendations.
- Seek to build relationships with community partners and strengthen existing relationships with partners serving the RFA focus communities, including organizations providing developmental services.
- Recognize the local impacts of historical and current systemic racism and structural violence.
- Understand the stigma present in many communities surrounding developmental differences in children.
- Know and understand the range of barriers families face when seeking pediatric care for their children.
- Be familiar with local healthcare systems, pediatric providers, and developmental service providers serving the RFA focus communities.
- Understand healthcare provider work practices, processes, and tools available to address deficits.
- Provide staff equitable compensation. Equitable pay may vary according to an organization's size, access to funding, history, and other factors, so this RFA will not impose a set dollar amount to define equitable pay. Instead, applicants will be asked to demonstrate how they:
  - At a minimum, pay the living wage applicable to the geographic area where organization's staff work.
  - Offer incentives like bonuses and regularly scheduled performance-based raises.
  - Provide benefits, which may include, but are not limited to health, dental and vision insurance; paid time off (PTO); retirement plans; flexible schedules; and professional development.
  - Maintain justifiable pay gaps between the highest paid and lowest paid employees within the organization or group.

## FUNDING INFORMATION

Any contract awarded from this procurement is contingent upon the availability of funding.

The total funding amount available for this RFA is approximately \$140,000 total per year (\$280,000 total for two years) to support the work described in this RFA. The contract exhibit expected start date is October 1, 2024, with an end date no later than September 29, 2026 (24 months). Two awards are expected to be funded.

The Lead and Toxics Program reserves the right to not award all funds advertised in this RFA.

Within 45 days of signing contracts, awarded applicants will be expected to develop, with support from the Lead and Toxics Program, a 12-month budget and workplan of goals, activities, and outcomes. Awarded partners will be asked to submit an updated budget each award year.

The Lead and Toxics Program anticipates that requests for funding from the pool of selected applicants may exceed the total dollar amount of funding available through this RFA. If the applicant rejects the dollar amount offered by the County, the County reserves the right to withdraw the funding offer to the applicant and enter discussions with other high-scoring RFA applicants. Contract negotiations and development will begin when an agreement on the funding amount for each applicant has been reached between the applicant and the County.

## REPORTING AND ACCOUNTABILITY

Data collection is an important component of this work to meet federal grant performance requirements. The Lead and Toxics Program will work with selected partners to support the collection of data and to identify evaluation goals. Selected partners will have a large role in determining what kind of data is collected and how to use that data to inform their work. Applicants are encouraged to identify their capacity to collect and evaluate program data as well as the supports they may need to build capacity to collect and evaluate program data. When applicable, PHSKC can provide tailored training and capacity building supports to facilitate programs data collection and evaluation activities.

## GLOSSARY OF TERMS

The definitions below are specific to this RFA:

**Blood-Lead Level** is the amount of lead in blood, which is measured in micrograms of lead per deciliter of blood ( $\mu\text{g}/\text{dL}$ ).

**Blood-Lead Reference Value.** The Centers for Disease Control and Prevention (CDC) use a blood lead reference value (BLRV) of 3.5 micrograms per deciliter ( $\mu\text{g}/\text{dL}$ ) to identify children with blood lead levels that are higher than most children's levels.

**Community** refers to a group of people who may share the same race, ethnicity, nationality, language, sexual orientation, or geographic location.

**Community Based Organization (CBO)** a public or private organization that is representative of a community or significant segments of a community and committed to a community's health, well-being, and empowerment and/or provides human services to individuals in the community.

**Community Designed** a process that is led by and follows an approach that is responsive to the unique **perspectives**, priorities, strengths, and goals of a community.

**Community Informed** refers to a process in which a group or organization leverages existing relationships with a community to gather their feedback and insight and, in turn, applies that feedback and insight to a process or program.

**Contractor** term used within the King County PHSKC Boilerplate Agreement, signifying the entity awarded funding in consideration for the performance of certain services and as described in the resulting contract.

**Culturally Responsive** entails adapting existing services or programs to meet the norms, traditions, and values of a specific community.

**Developmental Services** provide early intervention for children from birth to three years old.

**Equity means** giving everyone what they need to be successful as opposed to equality which means treating everyone the same.

**Quality Improvement** is the framework used to systematically improve care by standardizing processes, reducing variation, achieving predictable results, and improving outcomes for patients.

**Racial Equity** the condition that would be achieved if one's racial identity no longer predicted, in a statistical sense, how one fares. When we use the term, we are thinking about racial equity as one part of racial justice, and thus we also include work to address root causes of inequities not just their manifestation. This includes elimination of policies, practices, attitudes, and cultural messages that reinforce differential outcomes by race or fail to eliminate them.

**Referral** a concrete action to connect families to the next appropriate service (e.g., further assessment, community resources) that can provide a comprehensive evaluation or support.

## **SECTION 3 APPLICATION EVALUATION AND AGREEMENT AWARD**

### **3.1 Application Evaluation**

- A. The County will evaluate Applications using the criteria set forth in this RFA. If deemed necessary, written and/or oral discussions, site visits or any other type of clarification of Application information may be conducted with those Applicants whose Applications are found to be potentially acceptable. Identified deficiencies, technical requirements, terms and conditions of the RFA, costs or prices, and clarifications may be included among the items for discussion. The discussions are intended to give Applicants a reasonable opportunity to resolve deficiencies, uncertainties and clarifications as requested by the County and to make the cost, pricing or technical revisions required by the resulting changes. In addition, the County may request additional business and administrative information.
- B. The County may find that an Applicant appears fully qualified to perform the Agreement or it may require additional information or actions from an Applicant. In the event the County determines that the Application is not responsive or responsible the County shall eliminate the Application from further consideration.
- C. The County may enter negotiations with one or more Applicants to finalize Agreement terms and conditions. Negotiation of an Agreement shall be in conformance with applicable federal, state and local laws, regulations and procedures. The objective of the negotiations shall be to reach agreement on all provisions of the proposed Agreement. In the event negotiations are not successful, the County may reject Applications.
- D. The County reserves the right to make an award without written and/or oral discussions with the Applicants and without an opportunity to submit Best and Final Offers when deemed to be in the County's best interests. Agreement award, if any, shall be made by the County to the responsible Applicant whose Application best meets the requirements of the RFA, and is most advantageous to the County, taking into consideration price and the other established evaluation factors. The County is not required to award an Agreement to the Applicant offering the lowest price. The County shall have no obligations until an Agreement is signed between the Applicant and the County. The County reserves the right to award one or more agreements as it determines to be in its best interest.

### **3.2 Responsive and Responsible**

#### Responsive

The County will consider all the material submitted by the Applicant, and other evidence it may obtain otherwise, to determine whether the Applicant is in compliance with the terms and conditions set forth in this RFA.

#### Responsible

In determining the responsibility of the Applicant, the County may consider:

- the ability, capacity and skill to perform the Agreement and provide the service required;
- the character, integrity, reputation, judgment and efficiency;
- financial resources to perform the Agreement properly and within the times proposed;
- the quality and timeliness of performance on previous agreements with the County and other agencies, including, but not limited to, the effort necessarily expended by the County and other agencies in securing satisfactory performance and resolving claims;
- compliance with federal, state and local laws and ordinances relating to public contracts;
- other information having a bearing on the decision to award the Agreement.

Failure of an Applicant to be deemed responsible or responsive may result in the rejection of an Application.

### **3.3 Financial Resources and Auditing**

If requested by the County, prior to the award of an Agreement, the Applicant shall submit proof of adequate financial resources available to carry out the execution and completion of work required by the subsequent Agreement.

King County reserves the right to audit the agency throughout the term of the subsequent Agreement to assure the agency's financial fitness to perform and comply with all terms and conditions contained within the Agreement. King County will be the sole judge in determining the agency's financial fitness in carrying out the terms of the Agreement.

### **3.4 Public Disclosure of Applications**

This solicitation is subject to the Washington Public Records Act, RCW (Revised Code of Washington) 42.56 et seq. Applications submitted under this RFA shall be considered public documents unless the documents are exempt under the public disclosure laws. If an Applicant considers any portion of its Application to be protected under the law, the Applicant shall clearly identify each such portion with words such as "CONFIDENTIAL," "PROPRIETARY" or "BUSINESS SECRET." If the County determines that the material is not exempt from public disclosure law, the County will notify the Applicant of the request and allow the Applicant ten (10) Days to take whatever action it deems necessary to protect its interests. If the Applicant does not take such action within said period, the County will release the portions of the Application deemed subject to disclosure. By submitting an Application, the Applicant assents to the procedure outlined in this subsection and shall have no claim against the County on account taken under such procedure.

### **3.5 Term of the Agreement**

If an Agreement is awarded based on this RFA, it may allow for the initial agreement period to be for two (2) years from the start date of the agreement in accordance with the County's best interest and at the sole option of the County. Reasonable budget changes may be requested by contacting appropriate PHSKC personnel, subject to fund availability and federal funding.
