GENERAL APPLICATION INSTRUCTIONS

Step 1 – Review the entire Request for Application (RFA)

Read and review the entire RFA and this Service Category Packet for additional information related to agency and client eligibility, contract, insurance and audit requirements, and federal program requirements.

Step 2 - Agency Information Packet

Download, complete and submit **ONE** Agency Information Packet. Regardless of how many Service Category Packets your agency applies for, you only need to complete **ONE** Agency Information Packet.

- **Section A through D – Agency Information Packet**
 - *Where to find – Download the Agency Information Packet and write a narrative response to Sections A through D.*
- **Additionally, agencies must submit the following documents:**
 - A copy of your agency's most recent financial statement or audit. (If agency is not required to complete an audit or financial statement, provide a copy of your most recent 990 Form.)
 - New applicants should include a copy of the agency's certificate of nonprofit status

Step 3 – Service Category Packet

For each program area in which your agency would like to apply, download the Service Category Packet and complete and submit the following Sections.

- **Section A through D – Program Narrative Response**
 - *Where to find – The narrative questions are contained in this packet on page 3. Write a narrative response to Sections A and B, which describe the program.*
- **Form 1, Service Units Table**
 - *Where to find – Download the Psychosocial Support Services Forms 1, 2A, 2B spreadsheet. The first tab is Form 1. Further instructions to complete the form are contained in this document.*
- **Form 2A, Personnel Budget**
 - *Where to find – Download the Psychosocial Support Services Forms 1, 2A, 2B spreadsheet. The second tab is Form 2A. Further instruction to complete the form are contained in this document.*
- **Form 2B, Program Expenses**
 - *Where to find – Download the Psychosocial Support Services Forms 1, 2A, 2B spreadsheet. The third tab is Form 2B. Further instructions to complete the form are contained in this document.*
- **Budget Narrative**
 - *Where to find – This is a free-form word document, and a template has not been provided. Agencies should open a Word document and write a budget narrative following the instructions in this document.*

Step 4 – Repeat Step 3 for each additional Service Category

Agencies must submit a separate Service Category narrative response, service units table, budget forms, and budget narrative for each program as described in each Service Category Packet

Step 5 – Complete the Checklist

Use the Checklist at the end of this document and double check to ensure you have included all the necessary forms, responses, and signatures as indicated in the RFA.

NARRATIVE RESPONSE QUESTIONS

Write a **Narrative Response** in a separate Word document for Sections A through D (below). Answer each section question thoroughly and completely.

Formatting Instruction:

1. Narrative documents should be submitted in letter-sized (8 ½ x 11-inch) format. Please use one-inch margins, single spacing, and use either Arial, Calibri, or Times New Roman, in a minimum of 12-point font.
2. Each Service Category Packet narrative may not exceed a total of 5 pages. This does not include:
 - Service Units Table (Form1)
 - Program Budget Forms (Forms 2a and 2b)
 - Budget Narrative(s)
3. Agencies do not need to rewrite the questions. However, responses should reference the Section letter and number related to each question.

Do not exceed a total of five (5) pages per response in each Service Category Packet(s).

A. UNDERSTANDING CLIENTS (10 POINTS)

1. Population(s) to be served:
 - a. Within PWH, describe the priority populations to be served using key characteristics such as:
 - i. Health Disparities
 - ii. Other Relevant Information and Demographics
2. What barriers do clients experience in accessing resources such as individual counseling and/or support groups (**Psychosocial Support Services**)? Please explain both client level and systemic challenges.
 - a. What is your program doing to mitigate and/or eliminate these barriers?

Rating Criteria – A strong application meets all criteria listed below.

- Applicant demonstrates a strong understanding of the priority population(s) demographics and health disparities.
- Applicant response demonstrates a strong understanding of both client and systemic barriers to care.

B. PROGRAM DESIGN/DELIVERABLES (25 POINTS)

1. Please provide a thorough description of your **Psychosocial Support Services** program, including where and when services are provided and by whom.
2. There are two areas of focus under **Psychosocial Support Services**: 1) HIV Primary Care and Adherence and 2) Substance Use Treatment. **Please refer to Psychosocial Support Standards of Care for detailed Service Unit definitions.*
 - a. If you are applying to provide **Psychosocial Support Services** that focuses on HIV Primary Care and Adherence, please describe your model of care. Include in your description how individual counseling and support groups will help clients achieve their psychosocial support goals.

- b. If you are applying to provide **Psychosocial Support Services** that focuses on Pre- and Post-Substance Use Treatment, please describe your model of care. Include in your description how individual counseling and support groups will help clients achieve their psychosocial support goals.
3. Describe how your **Psychosocial Support Services** program:
 - a. Ensures clients continued engagement.
 - b. Contributes to retention in medical care.
 - c. Supports improved viral load suppression.

Rating Criteria – A strong application meets all criteria listed below.

- Applicant provides a thorough description of an innovative program that includes an understanding of eligible activities and evidence of client centered care.
- Applicant response indicates strong knowledge and expertise needed to provide high quality services that ensure clients get the care they need.
- (As applicable) Applicant response demonstrates likelihood of achieving improved client care, engagement in care, and health outcomes.

C. PARTNERSHIPS/COLLABORATIONS (15 POINTS)

1. How does your **Psychosocial Support Services** program fit within the System of Care for PWH?
 - a. Describe your referral relationships and list your partners.
 - b. What gaps (in services that are not provided at/by your agency) do these partnerships address?

D. NEW PROGRAM INFORMATION REQUEST (Unscored Technical Review)

1. Are you applying to become a **new** Ryan White provider in this Service Category? If yes, please provide a narrative start-up timeline. (start-up timeline does not count toward 5-page limit)
 - a. Consider the following elements:
 - i. Program design, staff recruitment, policies and procedures, agency infrastructure, and when services will begin.
 - b. Describe your agency's experience designing and implementing new programs.
 - c. What challenges do you anticipate when starting this new program and how does your agency plan to develop the necessary expertise needed to address them?
 - d. What partnerships/collaborations will strengthen this program?

Rating Criteria – A strong application meets all criteria listed below.

- Applicant response demonstrates existing collaborations and/or understanding importance of partnerships and collaborations.
- Applicant response demonstrates understanding of foreseeable gaps in care for their client population and necessary partnerships to address client needs.

INSTRUCTIONS FOR FORM 1: SERVICE UNITS TABLE

Download the Psychosocial Support Services Forms 1, 2A, 2B spreadsheet. The first tab in this spreadsheet is Form 1 -Service Units Table. Form 1 - Service Units Table is an Excel spreadsheet that contains necessary information to complete the form. Some cells are locked to ensure they are not inadvertently written over or deleted.

Complete the Service Units Table form with unduplicated client counts and service units to be provided by the proposed program. This table should represent a summary of information from the Program Narrative section of the application and will form the basis of the contract for funded proposals.

Total Unduplicated Clients in Program refers to the total number of clients served by the program during the contract period. For programs that provide more than one service unit, Total Unduplicated Clients refers to all clients receiving services from the program, regardless of how many individual types of services the client(s) may use within the overall program (i.e., a client may use more than one service of that program). They would be counted as an unduplicated client within each specific service unit, but only as one client for the Total Unduplicated Clients in Program.

Service Units/Unduplicated Clients: Service Units for each category are listed and defined in each Service Category in the Directives, Definitions, and Service Units document. Your proposed program may offer any or all the service units listed in the category in which you are applying. Specify which of the service units your program proposes to provide.

Unduplicated Clients refers to the actual number of clients to whom the service units will be provided.

How to complete this form

Populate Column C: Funded by This Request

Enter the number of Service Units for Ryan White Part A eligible clients in Column C. If you do not intend to provide a particular Service Unit, enter zero (0). In the row below each Service Unit, enter the number of unduplicated clients receiving that service. Service Categories that require unduplicated client counts by Service Unit are indicated on Form 1 in each Service Category Packet. If a Service Category does not require unduplicated client county by Service Unit, agencies need only to provide Unduplicated Clients in Row 9.

Column C will only reflect the number of clients and service units that will be funded by Ryan White Part A.

Populate Column D: Total Program

Enter the number of total units/clients for the *total* program operating in the TGA. This column will reflect clients funded by this request *as well* as clients served by other funding. If funding requested under this proposal is the sole source of funding for your entire program, the numbers in Column D should match the numbers in Column C.

INSTRUCTIONS FOR FORM 2A: BUDGET – PERSONNEL BUDGET

Download the Psychosocial Support Services Forms 1, 2A, 2B spreadsheet. The second tab in this spreadsheet is Form 2A – Personnel Budget. Form 2A – Personnel Budget is an Excel spreadsheet that contains formulas necessary to complete the form. Cells with formulas are locked to ensure they are not inadvertently written over or deleted.

Subtotals and Totals will automatically be calculated for all rows and columns. This budget must cover the Budget Period of March 1, 2025 – February 28, 2026. If this request is for a new program or expansion of an existing program, start-up delays may be likely and, if so, should be reflected in your request. The totals from Form 2A – Personnel Budget will automatically populate the Personnel and Fringe totals on Form 2B – Program Budget.

Personnel expenses must be related to client services in order to receive funding as a personnel line item. Examples include: The portion of a supervisor’s time devoted to providing professional oversight and direction regarding RWHAP-funded core medical or support service activities, sufficient to assure the delivery of appropriate and high-quality HIV care to staff providing services to RWHAP clients is eligible; a portion of medical billing staff time related to RW clients; and the portion of the receptionist’s time providing direct RW client services. For staff positions that are not related to direct service delivery, personnel costs must be included under administrative expenses/indirect costs. Personnel costs not related to direct service delivery must be included in the 10% administrative/indirect cost cap.

Salary Limitation:

Federal law limits the salary amount that may be awarded and charged to HRSA grants and cooperative agreements. Award funds may not be used to pay the salary of an individual at a rate in excess of Executive Level II. The Executive Level II salary of the Federal Executive Pay scale is currently \$221,900. This amount reflects an individual’s base salary exclusive of fringe and any income that an individual may be permitted to earn outside of the duties to the applicant organization. This salary limitation also applies to subcontracts under a HRSA grantor cooperative agreement.

The information provided on this form applies *only* to the proposed program described in this application, not to the whole agency.

List all staff employed directly by the agency to provide services specified in this program. Be sure to allow for normal delays in hiring, assuming that you will receive notice of the award by approximately December 24, 2024. **Include all personnel who are part of this program but are fully funded by other sources.**

NOTE: The Personnel Budget contains 18 rows for staff. If the program employs more than 18 staff, you may “Unhide” rows 29 through 54 by selecting both rows 29 and 54. Once they are selected, right click and the “Unhide Rows” options is available.

For each position **in the program**, complete the following:

Funded by Ryan White Part A

Column B **Position Title:** Descriptive job title used by the agency (be precise)

Column C & D **Last Name/First Name:** Enter the employee’s Last and First name in these columns if the position is currently filled. If not currently filled, please write “TBD.”

Column E **Annual Base Salary:** Enter the salary based on full-time employment. If this is not a full-time position in your agency, *project* the salary to full-time. Calculate all Cost-of-Living Adjustments (COLAs) and step increases into this amount.

Column F **Begin Month:** Using the drop-down menu, select the first month of employment. If the program is established and positions are filled, enter March 2023. If this is a new program, or positions are not currently filled, enter the projected first month the employee will begin employment.

Column H **% Year:** This column will automatically populate based on the Begin Month from column E.

Column I **Portion FTE:** Using your agency's definition of what constitutes a full-time work week, calculate the percentage of time this staff person will be **funded by Part A** during the funding period, e.g., full-time, half-time, etc. Use decimal equivalents (e.g., full-time = 1.0, half-time = 0.5, etc.).

Columns J & K **Annualized FTE and Total Part A:** These columns will automatically populate from data entered in previous columns.

Funded by Other Sources

Column M **Portion FTE:** Using your agency's definition of what constitutes a full-time work week, calculate the percentage of time this staff person will be funded by **Other Funding Sources** during the funding period, e.g., full-time, half-time, etc. Use decimal equivalents (e.g., full-time = 1.0, half-time = 0.5, etc.)

The remaining columns (N, O, and P) will automatically populate based on the information provided in previous columns.

Lines 56 & 69 **Fringe @ _____%:** Provide the exact percentage, carried to two decimal places (e.g., 21.00%, 23.46%, etc.) **If your agency has more than one fringe rate, please provide the average rate for staff in the application.**

IMPORTANT NOTE: Fringe benefit rate is set at a default of 20%. This cell should be revised to reflect agency's current fringe benefit rate.

Line 71 TOTAL PERSONNEL: This cell will auto-populate

INSTRUCTIONS FOR FORM 2B: BUDGET – PROGRAM EXPENSES

Download the Psychosocial Support Services Forms 1, 2A, 2B spreadsheet. The third tab in this spreadsheet is Form 2B – Program Expenses. Form 2B – Program Expenses is an Excel spreadsheet that contains formulas necessary to complete the form. Cells with formulas are locked to ensure they are not inadvertently written over or deleted.

*The Program Budget should include **all** expenditures for the proposed program, including expenses supported by other funding sources. For each line item, enter the amount requested in Column D that is being requested in this application for this program. In Column E, enter the amount of funds from other sources that support this program. If no other funding supports this program, enter “0” (zero) in Column E. Column F should be the total of Columns D and E.*

DIRECT EXPENSES

Per HRSA Part A Fiscal Monitoring Standards, a direct expense is any cost that can be specifically associated with direct client care. Direct costs include, but are not limited to, personnel, travel/mileage, equipment and supplies that directly benefit the project or activities defined in your Program Narrative. Below are some examples of traditional and typical Direct Expenses.

Line 10 - Total Personnel: These cells will automatically populate the amount from the Personnel Budget.

Line 14 - Travel/Mileage: Costs of program-related travel (*local travel only*) for staff or volunteers.

Line 15 – Supplies: Cost of supplies (client file folders, notebooks, paper, etc.) to be used specifically in relation to this program.

Line 16 - Telecommunications: Cost of telecommunication for direct client care. This includes internet, phone, and other technology used to communicate with clients.

Line 17 - Occupancy: Cost of rent, utilities, and other direct facility expenses allocable to Part A direct client care.

List other specific expenses directly attributable to this program, e.g., interpreter services, brochures, etc.

Line 31 and 32 will automatically calculate the sum of all Direct Expenses, including Personnel.

INDIRECT or ADMINISTRATIVE EXPENSES

INDIRECT EXPENSE

If awarded funds, agencies requesting Indirect Expenses will be required to provide detailed information about which costs are included in this rate and show that these costs are not also included in the Direct Expense categories.

Indirect costs are only allowable if:

- 1) Your agency has a **Federally Negotiated Indirect Rate (FNIR)** and submits documentary verification with this application. The maximum allowed under Ryan White is 10% regardless of the negotiated rate.
Note: If your agency has an FNIR, it **must** be used for this grant.

OR

- 2) Your agency has NEVER had a FNIR and elects to use a 10% de minimis rate. Once elected, this rate must be used consistently for ALL awards of Federal funds. It will apply to the 10% of the Modified Total Direct Cost (MTDC) of the contract and must remain in effect until the subrecipient chooses to negotiate a rate (agency cannot choose to use 10% of the program budget hereafter).

INDIRECT EXPENSES

Line 34- FNIR: If your agency has an approved and current FNIR, use the drop-down menu in cell C34 to select “Yes”. This will populate the Indirect Expense in Column D for the application.

Line 34 - De minimis: If your agency elects to use the de minimis rate, use the drop-down menu in cell C35 to select “Yes”. This will populate the Indirect Expense in Column D for the application.

ADMINISTRATIVE EXPENSES

If the agency does not use an Indirect or De Minimis Rate, the agency may itemize Administrative Expenses on Form 2A and Form 2B.

Per HRSA Part A Fiscal Monitoring Standards, sub-recipient administrative activities include:

1. Usual and recognized overhead activities, including rent, utilities, and facility costs;
2. Management oversight such as program coordination, clerical, financial, and administrative staff **not directly related to client care**. (This is entered on Form 2A)
3. Computer hardware/software **not directly related to client care**, and audits; and
4. Other types of program support such as quality assurance, quality control, and related activities, except those related to your Ryan White Quality Management Plan.

All costs must be reasonable and necessary. In the Budget Narrative, provide an explanation of what your program/agency considers to be administrative expenses and the method by which those costs are allocated to the program. (See Budget Narrative Instructions) As stated in the Ryan White Act, funded programs “shall not use an excess of 10% of amounts received for administration.”

Lines 40 through 56 – Administrative Expenses: Specify each of the items for which you are claiming administrative expenses. **Sub-recipients will be expected to provide expense reports that track administrative expenses with sufficient detail to permit review of administrative cost elements with each monthly invoice.**

Line 58 - TOTAL ADMINISTRATIVE EXPENSES: This line will automatically populate the sum of all lines on which you have itemized Administrative Expenses as well as any Administrative Personnel Expenses from Form 2A.

TOTAL PROGRAM EXPENSES

Line 59 - Total Program Expenses: This cell will automatically generate the sum of the separate categories of potential program funds (Total Direct Expenses (Line 32); Total Administrative Expenses (Line 58) or Total Indirect Costs (Line 34 or 35). Column D should be the total amount of your request; Column E, the total of other funds supporting the program; and Column F, the total program budget (sum of Columns D and E).

INSTRUCTIONS FOR BUDGET NARRATIVE

Write a **Budget Narrative** in a separate Word document for each line-item expense on Forms 2A and 2B. Provide a brief narrative detailing a) how the item relates to the proposed service, and b) the methodology used to determine the specific cost and allocation to Ryan White. The information provided on this form **applies only to the proposed program expenses described in this RFA**, not to the whole agency.

*EXAMPLE: **Program Manager – J. Smith (\$11,250):** Under Ryan White Part A, the Program Manager works .25 FTE providing direct services to Ryan White eligible clients via telephone, email, and in-person sessions. This position ensures client access and referrals to appropriate HIV health care, education, public assistance, financial assistance, and prescription resources, as part of patient-centered care. Please refer to Form 2A for detailed Personnel Expenses.*

*EXAMPLE: **Travel/Mileage – (\$189):** Covers reimbursement for mileage and parking expenses incurred when conducting home visits, outreach, and other client contacts related to non-medical case management activities. Staff mileage reimbursement is at the IRS rate, currently \$0.67 per mile. 200 miles x .67 per mile = \$134; Parking @ \$13.75/day for 4 days = \$55.00; \$134.00 + \$55.00= \$189.00.*

Personnel: Provide the titles of positions, and a brief description of the duties and responsibilities of the position in relation to the services outlined in this proposal. The description of duties and responsibilities must include how the position is categorized as either direct or administrative expense. For additional guidance, please refer to Attachment D and/or Policy Notice 15-01 and the FAQ for PCN 15-01, which can be accessed here: <http://hab.hrsa.gov/manageyourgrant/policiesletters.html>

Fringe: Provide a breakdown of the components that constitute the fringe benefits rate (i.e., medical, dental, workers' comp, etc.).

Travel/Mileage: Describe the travel that is anticipated during the budget/contract period. Be specific as to who is traveling, for what purpose and where they are traveling. Explain how mileage and other travel components were determined. *Only local travel directly attributable to the proposed program and program staff is allowable under this request.*

Equipment: List the items of equipment to be purchased and the purchase price. Describe why the equipment is necessary and who will use the equipment. A purchase versus lease analysis should be done for large dollar items.

Supplies: Provide a general description of the types of items classified as supplies.

Other: This category may include items such as printing or duplicating, telephone, FAX charges, and mail and postage costs. An amount and description must be provided for each cost item identified in this category.

Administrative Expenses: Specifically identify each line-item component claimed as part of Total Administrative Expenses. Provide an estimate of cost by line item. Describe the methodology used to determine the expense and to allocate it to this program. For example, describe how your agency decides to prorate rent by square footage costs and FTEs.

Subcontract: Briefly describe who the subcontractor is, what service they are providing, at what cost, and why. Describe what goals will be achieved through this collaboration and delineate the roles and responsibilities of each participating entity. Attach categorical budgets, with the same level of detail described for Direct and Administrative Expenses, for each subcontract.

SUBMISSION CHECKLIST

Agencies are strongly encouraged to utilize this checklist to ensure conformity with the application requirements and to ensure a complete application is submitted in a timely manner.

- Signed RFA Response Cover Sheet
- One Agency Information Packet (includes the following)
 - Narrative Response
 - Does the document conform with the formatting and font requirements?
 - Does the written response adhere to the five-page limit?
 - A copy of your agency's most recent financial statement or audit. (If agency is not required to complete an audit or financial statement, provide a copy of your most recent 990 Form.)
 - New applicants should include a copy of the agency's certificate of nonprofit status
- Service Category Packet(s) (Includes the following)
 - Narrative Response
 - Does the document conform with the formatting and font requirements?
 - Does the written response adhere to the five-page limit?
 - Service Units Table
 - Are the number of clients and service units reasonable considering the narrative response?
 - Personnel Budget
 - Have you included all staff that will work in the program?
 - Do all salaries comply with Federal limits?
 - Program Expenses
 - Are the program expenses reasonable and customary?
 - Did you include all other funding for the program?
 - Budget Narrative
 - Have you explained the method to calculate cost as well as how they are allocated to Ryan White Part A?
 - Have you provided a narrative for each expense listed on Form 2B, Program Expenses?

HRSA CATEGORICAL DEFINITIONS, PLANNING COUNCIL DIRECTIVES, AND SERVICE UNITS

In accordance with the prioritization process conducted by the Seattle TGA HIV/AIDS Planning Council, PHSKC will award funding within the following legislatively defined care service categories for budget period March 1, 2025 – February 28, 2026.

Psychosocial Support Services: - \$200,000

This attachment includes:

- The HRSA and Planning Council-approved service category *definitions*, including types of activities allowable for funding under this service category.
- Planning Council-approved *service units* that applicant agencies should use in describing their proposed programs and in completing Form 1 (Proposed Service Units).
- Planning Council-identified *funding sub-priorities and directives* (where applicable), based on review of needs assessment data. Proposals that most effectively address these sub-priorities and directives will receive funding priority.
- HRSA *policy statements* (where applicable).

Seattle TGA HIV Planning Council Directives for All Service Categories:

Directive: Agencies must create a prioritization plan when demand exceeds funding. This would include cost containment measures. Prioritization should include overall health acuity, income, and disparities in underserved populations (Examples include race, gender, ethnicity, justice involvement, housing status, etc.). There is a process for when and how the policy is implemented.

Directive: Agencies have a mechanism for identifying and addressing health **disparities, implicit bias, barriers to access, including but not limited to physical barriers, knowledge barriers**, transportation barriers, and psychological barriers, and uses the information to improve service delivery.

Seattle TGA HIV Planning Council Directives for Psychosocial Support Services:

Directive: The highest priority for psychosocial support should be for peer support services.

HRSA CATEGORICAL DEFINITION: Psychosocial Support Services provide group or individual support and counseling services to assist HRSA RWHAP-eligible PLWH to address behavioral and physical health concerns. Activities provided under the Psychosocial Support Services may include:

- Bereavement counseling
- Caregiver/respite support (HRSA RWHAP Part D)
- Child abuse and neglect counseling
- HIV support groups
- Nutrition counseling provided by a non-registered dietitian (see Medical Nutrition Therapy Services)
- Pastoral care/counseling services

Program Guidance:

HRSA RWHAP-funded pastoral counseling must be available to all eligible clients regardless of their religious denominational affiliation. HRSA RWHAP Funds may not be used for social/recreational activities or to pay for a client's gym membership.

Service Units:

1. Peer and non-peer one-on-one counseling and support groups:

- I. One-on-One Peer and Non-Peer Counseling Sessions: Phone and in-person visits (measured in 15-minute increments) provided by peer or non-peer staff to HIV positive individuals. May include pre and post support for medical appointments, attending medical appointments, medical and adherence discussions.
- II. Support Groups: Weekly facilitated support groups. May include medical and adherence discussions, CD4 and viral load check-ins, and prevention for positives discussions (i.e., safer sex practices and disclosure techniques).

2. Pre- and Post-Chemical Dependency Treatment Psychosocial Support:

- I. One-on-one Counseling Sessions: Phone and in-person visits (measured in 15-minute increments) provided by a CDP or trained peer for substance using PLWH waiting for a treatment slot, and/or those in recovery needing additional support post treatment.
- II. CD Group Support: Regular group facilitated by a CDP or trained peer for substance using PLWH waiting for a treatment, and/or those in recovery needing additional support post treatment.

STANDARDS OF CARE

These are the most recent Standards of Care at the time of this RFA release. The Seattle TGA HIV Planning Council reviews and revises standards of care throughout each grant year. Consequently, the Standards of Care in this RFA are subject to change during the project period.

All Ryan White funded agencies must adhere to the Standards of Care developed by the Seattle TGA HIV Planning Council. Both the General Standards of Care and the Psychosocial Support Services Standards of Care apply to this Service Category.

The Seattle TGA HIV Planning Council reviews and revises standards of care throughout each grant year. When changes are made, sub-recipient agencies are notified and have 30 days to implement any changes needed to comply with the newly updated Standards of Care.

Seattle TGA Ryan White Part A Program General Standards

All subrecipients of Part A Funding in the Seattle TGA, with the exception of Early Intervention Services funding, are expected to meet the following General Standards. In certain instances, exceptions may be made to individual standards based on agency staff size, funding and/or the nature of the service provided. Any exception to compliance with one or more of the standards must be approved in writing by Public Health – Seattle & King County grantee within one month of contract execution.

8.4	The agency has a process in place for promoting all available HIV services (within and external to the agency) to eligible individuals, especially those who are historically underserved.	Accessible forms of communication are observed at site visit

9.0 CLAS Mandates

The [Culturally and Linguistically Appropriate Services \(CLAS\) standards](#) were issued by the U.S. Department of Health and Human Services' (HHS) Office of Minority Health (OMH) in 2001 to inform, guide, and facilitate required and recommended practices related to culturally and linguistically appropriate health services. OMH developed these standards to ensure that all people entering the health care system receive equitable and effective treatment in a culturally and linguistically appropriate manner. The CLAS standards include mandates (requirements for all recipients of federal funds), guidelines (activities recommended by OMH for adoption by Federal, State and national agencies), and recommendations (suggestions for voluntary adoption by health care organizations). The Seattle TGA HIV Planning Council has developed the following standards to help agencies meet the required four CLAS mandates (standards 4, 5, 6, and 7).

- Standard 4: Educate and train governance, leadership, and workforce in culturally and linguistically appropriate policies and practices on an ongoing basis.
- Standard 5: Offer language assistance to individuals who have limited English proficiency and/or other communication needs, at no cost to them, to facilitate timely access to all health care and services.

- *Standard 6: Inform all individuals of the availability of language assistance services clearly and in their preferred language, verbally and in writing.*
- *Standard 7: Ensure the competence of individuals providing language assistance, recognizing that the use of untrained individuals and/or minors as interpreters should be avoided.*

OMH uses the term “health care organizations” to identify the types of organizations for which CLAS standards were developed. “Health care organizations” are defined for this document as “all organizations that contract with Public Health – Seattle & King County to receive federal funding to provide care and services to people with HIV.”

The goal of these standards is to provide effective, equitable, understandable, and respectful quality care and services that are responsive to diverse cultural health beliefs and practices, preferred languages, health literacy, and other communication needs.

	STANDARD	MEASURE
9.1	<p>The agency has a language access plan.</p> <p><i>A language access plan can help ensure that an organization provides high quality and appropriate language services. A language access plan can also help ensure that an organization’s staff members are aware of what to do when an individual with limited English proficiency needs assistance.</i></p>	<p>Written plan in agency policies.</p>
9.2	<p>The agency provides to patients/consumers in their preferred language both verbal offers and written notices informing them of their right to receive language assistance services.</p>	<p>Agencies prominently display notification informing patients of their right to receive language assistance services at no cost to them</p> <p>Client intakes include information about the client’s preferred language.</p>
9.3	<p>Each client’s preferred language is reassessed every six months.</p>	<p>Documented in client chart</p>
9.4	<p>The agency offers and provides language assistance services, including bilingual staff and interpreter services, at no cost to each patient/consumer with limited English proficiency at all points of contact, in a timely manner during all hours of operation.</p> <p><i>Language services include, as a first preference, the availability of bilingual staff who can communicate directly with patients/consumers in their preferred language. When such staff members are not available, face-to-face interpretation provided by trained staff, or contract or volunteer interpreters, is the next preference. Telephone interpreter services should be used as a supplemental system when an interpreter is needed instantly, or when services are needed in an infrequently encountered language.</i></p>	<p>All requests for interpretation services are documented in client charts, including language requested, date of request, nature of the service for which the language assistance is requested and the outcome of the request.</p> <p>If agencies are unable to provide and/or locate interpretation services for patients/consumers as requested, agencies document in client charts the means undertaken to refer patients/consumers to other agencies/providers who may be able to offer the service in the language preferred by the client.</p> <p>Agencies document active attempts to recruit staff and volunteers who are bilingual in English and commonly</p>

		encountered languages of the service population through job postings and outreach efforts.
9.5	<p>The agency ensures the competence of individuals providing language assistance, recognizing that the use of untrained individuals as interpreters should be avoided.</p> <p><i>Under no circumstances shall minor children be used as interpreters, nor shall they be allowed to interpret for their parents when they are the patients/consumers.</i></p>	<p>Documentation that bilingual staff passed a written test, were interviewed in each language, or were otherwise evaluated to be competent to provide bilingual services.</p> <p>Documentation that interpretation was provided by certified interpreters/certified medical interpreters (for clinical visits)</p> <p>If a patient/consumer declines bilingual staff and/or outside interpretation, and instead chooses to use adult family members or friends to provide language assistance services, this declination is documented in the patient/consumers' chart and the consumer and the family/friend signed a release of information with the program staff.</p>
9.6	The agency makes available easily understood patient-related materials and post signage in the languages of the commonly encountered groups and/or groups represented in the service area.	<p>Agencies post signage in their waiting rooms and/or at the reception areas in English and other languages commonly spoken by their service population to identify or label the location of specific services and amenities.</p> <p>Agencies make available patient-related materials (applications, consent forms, rights and responsibilities, and other written materials routinely provided to clients) in both English and other languages commonly spoken by their service population or as requested by the client.</p>
9.7	<p>The agency will create a culturally inclusive environment.</p> <ul style="list-style-type: none"> Lobby / reception area (décor, posters, images, literature, brochures, etc.) welcoming to and reflective of population(s) served. 	Physical observation and client feedback.
9.8	The agency will educate and train governance and leadership in culturally and linguistically appropriate policies and practices on an ongoing basis.	Review of appropriate meeting minutes during site visit.

Seattle TGA Ryan White Program Standards Psychosocial Support Services

Approved by Planning Council 7/10/2023

HRSA Definition: Psychosocial Support Services provide group or individual support and counseling services to assist HRSA RWHAP-eligible PLWH to address behavioral and physical health concerns. Activities provided under the Psychosocial Support Services may include:

- Bereavement counseling
- Caregiver/respite support (HRSA RWHAP Part D)
- Child abuse and neglect counseling
- HIV support groups
- Nutrition counseling provided by a non-registered dietitian (see Medical Nutrition Therapy Services)
- Pastoral care/counseling services

Program Guidance:

Funds under this service category may not be used to provide nutritional supplements (See Food Bank/Home Delivered Meals).

HRSA RWHAP-funded pastoral counseling must be available to all eligible clients regardless of their religious denominational affiliation.

HRSA RWHAP Funds may not be used for social/recreational activities or to pay for a client’s gym membership.

For HRSA RWHAP Part D recipients, outpatient mental health services provided to affected clients (people not identified with HIV) should be reported as Psychosocial Support Services; this is generally only a permissible expense under HRSA RWHAP Part D.

See also Respite Care Services

Seattle TGA Definition: Psychosocial support services provide group or one-on-one counseling services for people living with HIV, and are provided either by peers or non-peers. Nutritional counseling is not covered in this service category (see Food/Meals).

3. Peer and non-peer one-on-one counseling and support groups:

- I. One-on-One Peer and Non-Peer Counseling Sessions: Phone and in-person visits (measured in 15 minute increments) provided by peer or non-peer staff to HIV positive individuals. May include pre and post support for medical appointments, attending medical appointments, medical and adherence discussions.
- II. Support Groups: Weekly facilitated support groups. May include medical and adherence discussions, CD4 and viral load check-ins, and prevention for positives discussions (i.e., safer sex practices and disclosure techniques).

4. Pre- and Post-Chemical Dependency/Substance Use Treatment Psychosocial Support:

- I. One-on-one Counseling Sessions: Phone and in-person visits (measured in 15 minute increments) provided by a CDP or trained peer for substance using PLWH waiting for a treatment slot, and/or those in recovery needing additional support post treatment.
- II. CD Group Support: Regular group facilitated by a CDP or trained peer for substance using PLWH waiting for a treatment, and/or those in recovery needing additional support post treatment.
