

COMICS, MAZES, AND  
OTHER FUN ACTIVITIES FOR KIDS!  
INFORMATION ABOUT VACCINATION  
FOR FAMILIES!

# ULTRA GERM FIGHTERS

Mom says it's time to go to the clinic.  
We need to get shots.

**NO!**  
I don't want one!

I know. Getting a shot is never fun.

I'd rather play  
action heroes  
With my friends!

**Why do we have  
to get a shot??!!**

The shot shows our body how to  
fight off sickness.

Like this??!

...Not exactly.

**YAH!**

But it's safer to be with other kids when  
your body knows how to fight bad germs.

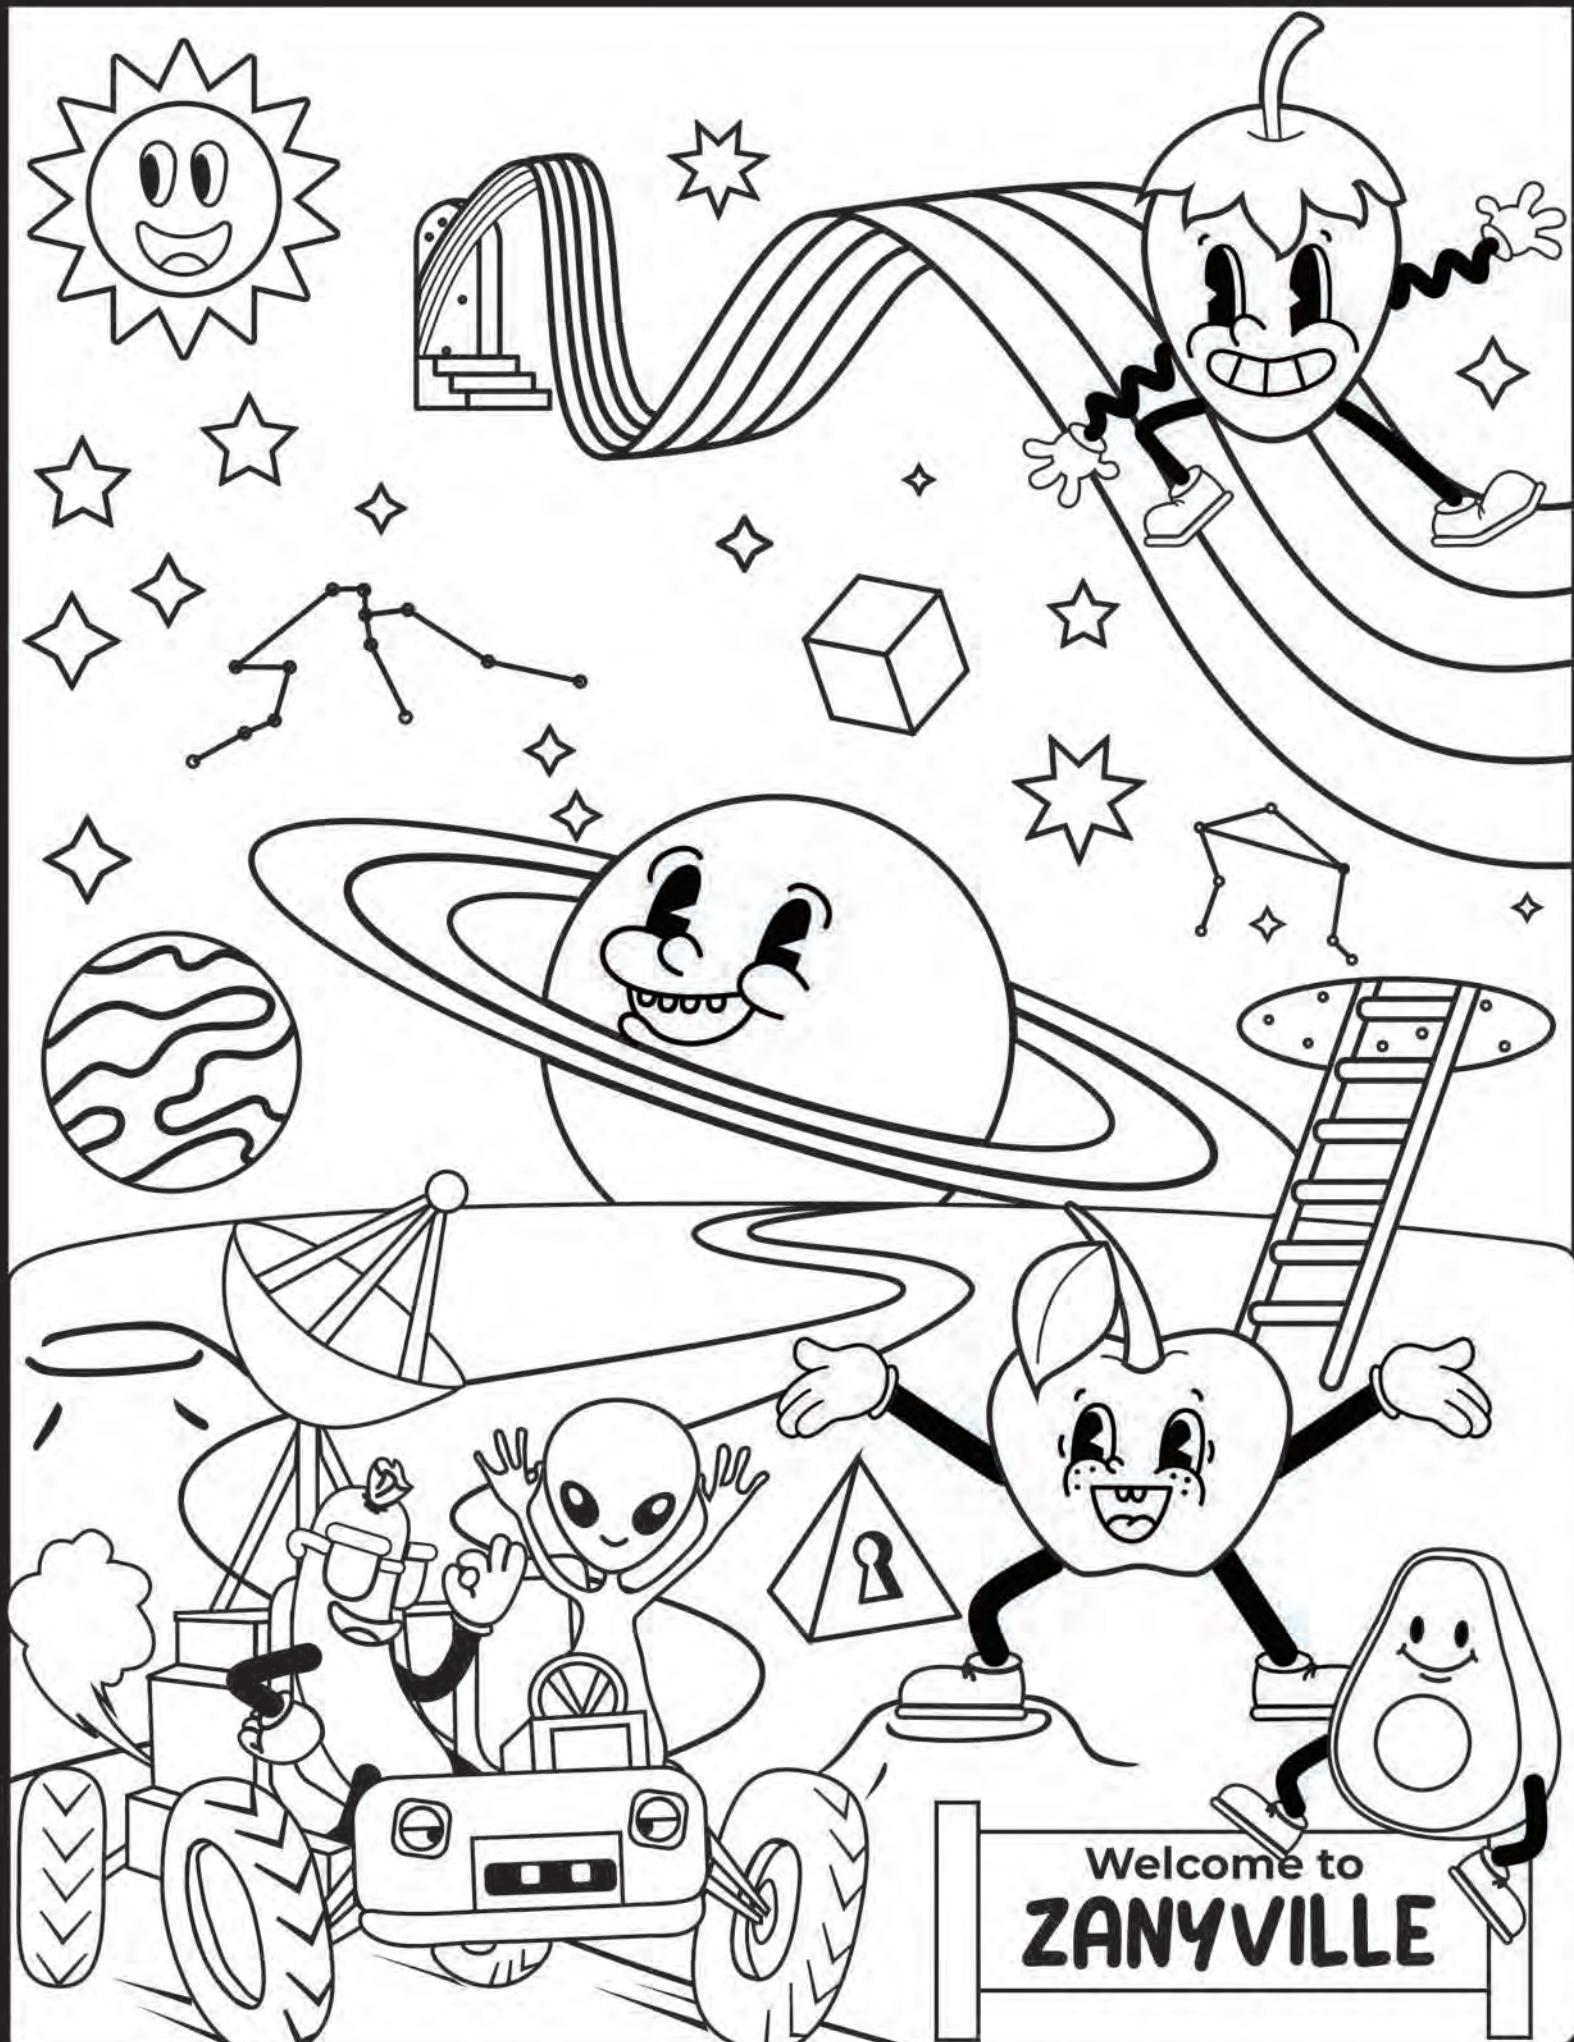

Ok.

To be continued...

THE END

# XOGAHA LOOGU TALAGALAY WAALIDIINTA EE KU SAABSAN COVID IYO TALAALADA KALE EE CARRURTA

## Maxay muhiim u tahay in ilmahayga la tallaalo?

Tallaaladu waxay ilmahaaga ka difaacaan jirrooyinka halista ah sida jadeecada, COVID, iyo booliyada.

Tallaaladu waxay baraan jirka sida uu isaga difaaci karo caabuqyada ayada oo uusan galin khatarta inuu si xun ugu jirrado.

**Tallaaladu waxay difaacaan qof kasta oo bulshada ka mid ah.** Markaan dhammaanteen is tallaalno, waxaan ka hortagnaa inuu cudurku faafo. Taasi waxay si gaar ah muhiim ugu tahay caruurteena aadka u yar si ay u qaataan tallaalada qaarkood iyo dadka jidhkoodu aanu sida buuxda ula dagaalami karin caabuqa, sida dadka waayeelka iyo dadka qaba HIV.

## Ma jiraan waxyeelooyin laga dhaxlo tallaalada?

Daawaynta kasta oo caafimaad waxay leedahay waxyeelooyin laga dhaxla, oo ay ku jiraan tallaalada. Waxyeelooyinka fudud waxay ku ogeysiinayaan in jidhkaagu uu dhisayo difaac. Waxyeelooyinka caadiga ah waxaa ka mid ah xanuun, qandho fudud, iyo dareemida inaad daalan tahay.

Waxyeelooyinka halista badan aad ayay dhif u yihiin. Intee in la'eg ayay dhif yihiin? Halkii milyan ee kuuraha tallaal kasta, kaliya 1-2 qof ayaa yeelan doona fal-celin xasaasiyadeed oo daran. Taasi waa qiyaastii 0.0002% dhammaan tallaalada la bixiyay.

## Sideen uga dhigi karaa qaadashada tallaalada mid walaac yar?

- Usoo qaad boombalada, buuga, ama bustaha uu ilmahaagu jecel yahay si uu raaxo ugu dareemo.** Runta u sheeg ilmahaaga. U sharax in cirbadu ay u dareemi karaan sidii qanjuufo ama qaniinjo, laakiin aanay xanuuni doonin muddo dheer.
- Weydii bixiyaha adeega caafimaad ilmahaaga boomaatada xanuunka** joojisa ama carfisada wax qaboojisa..
- Ka mashquuli ilmahaaga marka ay qaadanayaan tallaal hees,** sheeko, ama xabad-galin.
- Si qoto dheer ula neefso ilmahaaga si aad uga caawiso inuu "iska saaro" xanuunka.**

## Sidee ayaan u talaali karaa ilmahayga?

**Tallaalka COVID-19 ee bilaashka ah:** Carruurtu waxaa si bilaash ah looga tallaali karaa COVID-19 farmashiyo badan, dhakhtarkooda ama rugaha caafimaadka, iyo meelaha ku taxan kingcounty.gov/vaccine (isticmaal liiska hoos u baxaya kuna qoran luuqado badan).

**Barnaamijka Tallalka Carruurta ee Bilaashka ah:** Carruurta da'doodu tahay 18 jir waxay ka heli karaan tallaal lacag la'aan kuwo badan oo bixiyaya daryeelka caafimaadka kuna yaala Gobolka Washington. Waxaa laga yaabaa inay jirto lacag maamul, laakiin waxaad codsan kartaa in lagaa dhaafo. Raadi bixiye ama ka hel caawimo xagga caymiska adiga oo wacaya CHAP: 1-800-756-5437 (Ingiriis/Isbaanish kaliya).

Carruurtu waxay si badqabto u qaadan karaan tallaallo badan isla maalintaas. Tani waxay kuu badbaadin kartaa waqtii iyo lacag!

**Xog dheeraad ah: Booqo [kingcounty.gov/findaclinic](http://kingcounty.gov/findaclinic) wixii macluumaaad dheeraad ah (ku qoran Ingiriis/Isbaanish keliya).**
