WASHINGTON STATE REPORTING REQUIREMENTS

AIDS and HIV infection are reportable to local health authorities in Washington in accordance with WAC 246-101. HIV/AIDS cases are reportable within 3 working days and reporting does not require patient consent.

ASSURANCES OF CONFIDENTIALITY AND EXCHANGE OF MEDICAL INFORMATION

- Several Washington State laws pertain to HIV/AIDS reporting requirements. These include: Maintain individual case reports for AIDS and HIV as confidential records (WAC 246-101-120,520,635); protect patient identifying information, meet published standards for security and confidentiality if retaining names of those with asymptomatic HIV, (WAC 246-101-230,520,635); investigate potential breaches of confidentiality of HIV/AIDS identifying information (WAC 246-101-520) and not disclose HIV/AIDS identifying information (WAC 246-101-120,230,520,635 and RCW 70.24.105).
- Health care providers and employees of a health care facilities or medical laboratories may exchange HIV/AIDS information in order to provide health care services to the patient and release identifying information to public health staff responsible for protecting the public through control of disease (WAC-246-101-120, 230 and 515; and RCW 70.24.105).
- Anyone who violates Washington State confidentiality laws may be fined a maximum of \$10,000 or actual damages; whichever is greater (RCW 70.24.080-084).

FOR PARTNER NOTIFICATION INFORMATION

- Washington state law requires local health officers and health care providers to provide partner notification assistance to persons with HIV infection (WAC 246-100-209) and establishes rules for providing such assistance (WAC 246-100-072).
- For assistance in notifying spouses, sex partners or needle-sharing partners of persons with HIV/AIDS, please call HIV/AIDS Prevention & Education Services, Public Health Seattle & King County, at (206) 263-2410.
