Gas Piping/Medical Gas Permit		\$132 Base Fee + \$26/Outlet
<b>Plan Review</b>		
Plumbing/Backflow Plan Review		\$264/hour
Gas Piping/Medical Gas Plan Review		\$264/hour
<b>Administrative Fees</b>		
Inspection outside regular hours		\$396/hour
Requested Site Visit – No Permit		\$264/hour
Permit - Renewal		\$66
Permit Modification		\$40
Already Built Construction (ABC) Permit <sup>1</sup>		\$264 Base Fee + \$52/Fixture
Re-inspection		\$132

### Notes:

1. **Already Built Construction Permit** fee amount is based on work done without having paid any permit fees. If permit fees have been paid, those fees should be subtracted from the total calculated Already Built Construction fee amount.
2. **Re-Pipe projects** include a supplemental fee based upon the number of anticipated inspections multiplied by the program hourly operating rate. This supplemental fee is calculated using the R20 worksheet. Contact senior staff at: [planreviewinfo@kingcounty.gov](mailto:planreviewinfo@kingcounty.gov) for additional information.
