Tips on Fishing Rules

Fishing rules help to protect the fish populations so we can all enjoy fishing – and our future generations too!

- If you are 15 years or older, you need a fishing license. Find out about types of licensing, costs, and where to buy: wdfw.wa.gov/licensing/vendors/
- You need a valid ID to buy a license, but you don't need a SSN number.
- It is illegal to catch and keep rockfish in this area due to low populations.
- It is illegal to fish for salmon or bottomfish with barbed hooks in all of Puget Sound (Marine Areas 5-13). It is illegal to snag salmon.
- Duwamish River requires a saltwater license (north of 1st Ave. Bridge), freshwater license (south of 1st Ave. S. Bridge), or combination license.
- Keep a Catch Record Card with you while fishing for: Salmon, Steelhead, Sturgeon, Halibut, or Puget Sound Dungeness Crab. Return it to WDFW by April 30, even if you did not catch anything.

FISHING SITE AMENITIES

-  Bus stop nearby
-  Paid parking
-  Fishing pier
-  Motor boat launch
-  Picnic area
-  Playground
-  Stocked with rainbow trout
-  Advisory sign posted

Do you fish on the Duwamish River?

In the Duwamish River (Superfund Site), the seafood that spend their entire lives in the river (perch, sole, flounder, crab, mussels and clams) are unsafe to eat. They have high levels of toxic chemicals (such as PCBs) that you cannot see.

THE ONLY DUWAMISH SEAFOOD SAFE TO EAT IS SALMON
Loại hải sản an toàn nhất để ăn từ sông Duwamish là cá hồi
El único pescado del río Duwamish que es seguro para comer es el salmón
ត្រីដែលចាប់ពីស្ទឹងខ្លាមិនឱ្យ មានតែត្រីសាណូម៉ុនមួយគត់ដែលមានសុវត្ថិភាពសំរាប់បរិភោគ

Toxic chemicals can harm unborn babies, infants and young children the most – impacting their memory, attention, motor skills and language development.

Protect Your Health:

- Eat salmon!** Salmon is the only seafood safe to eat from the Duwamish River. They spend a short time in the river.
- Go fishing!** Many places in King County have safer seafood to eat. Look inside this guide.
- Fish is good for your heart and brain!** Eat a variety of fish and shellfish from different places.
- Moms & children!** The local seafood consumption advisories inside this Guide    are particularly important for women who are pregnant or nursing, children under the age of six and people who plan to have children.
