About Medicare and Medicaid, dual-eligible people, and HR1

Point 1

You are the key for people. Thank you!

Point 2

This is complicated and confusing. Ask lots of questions.

Point 3

It might help to think about systems, first.

A. For Medicare - eligibility and enrollment are related, but different.
    a. HR does make new rules about who is eligible.
    b. Notices soon for coverage ending 12/31/26.
B. For Medicaid – some people have work requirements
    a. Not age 65 and older
    b. Not American Indian / Alaska Native
C. For Medicare – two systems of care: original Medicare, Medicare Advantage
D. For dual-eligible people
    a. Full-benefit dual-eligible
    b. Partial-benefit dual-eligible
E. No change in 12-month certification for these populations

Point 4

We are so grateful and fortunate for lovely colleagues at HCA and DSHS and Kirk Larson - plus Daphne and Callista.

Point 5

There are important changes to administration of D-SNP plans and SSA (not directly related to HR1)

- Medicare OEP is Oct. 15th – Dec 7th
    - That's most people, but not dual-eligible people
    - Lots of mail and other notices coming in September.
