Qualified Health Plan Transition to Apple Health Expansion

Individuals enrolled in a qualified health plan (QHP) that are eligible for Apple Health Expansion will be automatically transitioned to Apple Health effective July 1, 2024.

To be automatically transitioned, QHP customers who are eligible for Apple Health Expansion must:

- 1. Be enrolled in QHP coverage in May; and**
 - Those not already enrolled in QHP coverage and who qualify for the Cascade Care Savings special enrollment period (SEP), have until April 30 to sign up for May coverage.
 - Those who newly sign up for May coverage, must pay for their May coverage to be enrolled. Invoice dates vary by carrier; customers need to ensure they submit their initial (“binder”) payment timely.
- 2. Not have their coverage canceled (for non-payment or otherwise) before transition activities occur in June.**

Transition Notes:

- Whether someone is in a grace period has no bearing on their eligibility to be automatically transitioned.
- Customers who meet the criteria to be automatically transitioned will receive notifications from *Washington Healthplanfinder* about the transition in May.
