Dear King County Voter:

The August primary and November general election represent the grand finale of our four year election cycle in this Presidential election year.

In keeping with the drama and intensity of Presidential year elections, this election cycle, national headlines have focused on stories about what some consider to be safeguards and others deem barriers to voter registration and voting. Registered voter purges, requirements to provide government issued photo identification, redistricting with the appearance of isolating minority communities, and screening requirements for voter registration are examples of programs creating controversy. Naturally, advocacy groups have lined up on both sides of these actions. Department of Justice law suits and Supreme Court rulings have reined in some states to address any semblance of voter discrimination. A prominent issue related to these actions is citizenship, and the fear that non-citizens are taking part in our political process.

Citizen concerns about voting rights and voter fraud have increased. Recently, King County's Election Department has received inquiries about the efforts we take to research the validity of citizenship for voter registration in our county, offering the opportunity to clarify myths about voter fraud.

I've seen immigrant citizens avoid their legal right to vote due to fears brought with them from their former place of citizenship. Reports and proof of non-citizens illegally invading the ballot box are extremely rare.

Voter registration in Washington requires signing the required oath attesting that you meet the legal qualifications. You are attesting to the fact that you are a citizen of the U.S. and at least 18. You are also declaring you are not under the authority of Department of Corrections and have not been disqualified from voting due to a court order. Registering to vote and voting without meeting these qualifications constitutes a violation of the law and is subject to prosecution. A registered voter or the prosecuting attorney has the right to challenge a voter's registration status. Having served as an elections official in this state for over 16 years, I have witnessed very few voter challenges, and very rarely seen any challenges confirmed as voter fraud.

Successful challenges for fraud across the country also remain remarkably rare. Still, those states seeking to impose voting restrictions cite voter fraud as the reason.

In Washington, every citizen age 18 or older meeting the legal requirements to vote are encouraged to register and vote. King County Elections does not conduct background checks on voters or question qualifications unless a challenge has been filed.

Be aware of registration and voting deadlines and do not miss your opportunity to vote in our historic Presidential year elections.

Best Regards,

Sherril Huff

About the Top 2 Primary

Washington uses a “Top 2” system for its primary election. A Top 2 primary allows voters to vote for any candidate running in each race. The two candidates who receive the most votes in the primary election advance to the general election. A candidate must also receive at least 1% of the votes cast in that race to advance to the general election.

The Top 2 primary applies to partisan offices. It does not apply to elections for Precinct Committee Officers. While there are some slight variations, elections for nonpartisan office, such as city council or judge, are conducted in a similar manner to the Top 2 primary. Generally, the two candidates in a nonpartisan race who receive the most votes in the primary advance to the general election.

You may wonder why some offices don't appear on the primary ballot. When only one or two candidates file for a nonpartisan office, there is no primary and the candidates automatically advance to the general election. For partisan offices and some judicial offices, there is still a primary even if only one or two candidates file.

Proposition No. 1 Children and Family Services Center Capital Levy

The King County council passed Ordinance No. 17304 concerning a replacement facility for juvenile justice and family law services. This proposition would authorize King County to levy an additional property tax for nine years to fund capital costs to replace the Children and Family Justice Center, which serves the justice needs of children and families. It would authorize King County to levy an additional regular property tax of \$0.07 per \$1,000 of assessed valuation for collection in 2013. Increases in the following eight years would be subject to the limitations in chapter 84.55 RCW, all as provided in Ordinance No. 17304. Should this proposition be:

Statement in favor

Vote YES on Prop 1: YES FOR CHILDREN AND FAMILIES

The Children and Family Justice Center (“CFJC”) is where children and families go in times of crisis: child abuse and neglect; foster care transition; complex custody issues; juvenile offenses and truancy cases.

A growing population and economic difficulties mean more kids and families need care and protection, but current facilities are dangerously outdated and failing our children. Brown water flows from drinking fountains, entire sections are unusable, and electrical, plumbing, and HVAC systems are beyond repair. Financial reviews state that replacement—not temporary fixes—is the least expensive long-term solution.

Despite decrepit conditions, our court is leading in innovations for juvenile and family justice. The new CFJC will better serve families and child advocates by co-locating services like medical treatment, counseling, and placement. The new design will improve safety, privacy and dignity. Combining services will save millions in duplicative service providers and offices.

We cannot wait any longer. For less than \$25/year for an average household—less than 50¢/week—we can give hope to at risk kids and families. A unanimous County Council, Dow Constantine, the Kent and Auburn Mayors, and Bellevue Reporter agree - vote YES on Prop 1.

Rebuttal of statement in opposition

All nine members of the non-partisan King County Council voted unanimously to send Prop. 1 to the voters. Public Safety and protecting kids are NOT partisan issues. A new building will end wasteful repairs and provide efficient, compassionate service delivery—saving money and lives. Children and families in King County deserve our support. Join with Prosecutor Dan Satterburg, Presiding Judge Richard McDermott, former Justice Bobbe Bridge and many more and VOTE YES for Prop. 1.

Statement submitted by: John McKay, Bobbe J. Bridge, and Estella Ortega

Explanatory statement

If approved by voters, Proposition 1 would authorize King County to levy an additional regular property tax to fund the capital costs of replacing and expanding the Children and Family Justice Center located at 12th Avenue and East Alder Street in Seattle. The levy would be authorized for a nine-year period with collection beginning in 2013. In the first year, the levy rate would be equal to or less than seven cents (\$0.07) per one thousand dollars (\$1,000) of assessed valuation on all taxable property within King County. Annual increases for collection years 2014 through 2021 would be governed by chapter 84.55 RCW, which limits the growth of the levy amount to 1% per year.

The Children and Family Justice Center Replacement Project includes a series of capital projects to design, remodel, construct, and equip facilities for juvenile justice and family law services. Capital projects include replacement of the Alder wing, Alder tower, detention facilities, and associated parking facilities. Levy funds may be used only for capital costs and incidental costs, including those related to the sale, issuance and delivery of bonds. Levy funds may not be used for the costs of maintenance and operations of the facilities.

Statement in opposition

Anyone aspiring to become a homeowner should consider whether property taxes now are so high that such ownership is problematic. The King County Council nevertheless believes it needs more, not less, revenue during difficult economic times and this request is its latest salvo in class warfare waged for the benefit of renters and the homeless, demographics relatively unaffected by property tax increases. Again, the Council has declined to propose a sales tax increase, opting instead for the property tax increase it's confident will pass because homeowners constitute less than half of registered voters. Further, since the Council is indebted to public service unions for the support which re-elects its members, there's been no action to reassign any governmental service to the private sector where it might be delivered more economically.

Rebuttal of statement in favor

Many homeowners already are struggling to meet financial obligations and don't need another property tax increase but the Council is saying “yes” to public employee unions and “no” to property tax relief. Don't be fooled: if the Council privatized some services now provided by county government, revenue for capital improvements would be available. If voters continue approving these levies, there'll be more spending initiatives and more Council demands for additional revenue to fund them.

Community Service: Mike served as a Jesuit volunteer in Mozambique in 1999. He is a member of the Knights of Columbus.

Statement: Michael Baumgartner left a successful career in international development to help his country in Iraq and Afghanistan. Then, he challenged and defeated an entrenched incumbent and won election to the State Senate.

As a State Senator, Michael has shown he can work with both parties to find pragmatic solutions, balance budgets, reform government spending and improve education. He sponsored legislation to protect higher education funding and prevent further cutbacks.

Michael has the background, experience, and common sense necessary to be an outstanding U.S. Senator. He is endorsed by Senator Slade Gorton, Attorney General Rob McKenna, Congresswoman Cathy McMorris Rodgers, Secretary of State Sam Reed, and Representative Cary Condotta. More important, Michael is supported by hundreds of Washington small business owners, veterans, and educators. Michael and his wife Eleanor have a young son, Conrad, and are expecting another child this year.

"I love Washington. I was born and raised here, the son of two educators. After studying at WSU and Harvard, my economic development career took me around the world. Washington's wonderful, natural environment and friendly, innovative people make it the best place in the world.

"Now, America is struggling. In the past 12 years, reckless spending and poorly planned wars have helped double the national debt and millions don't have jobs. Too many politicians care more about special interests than finding solutions. The US Senate hasn't passed a budget in more than three years. DC is broken.

"I want to help turn things around, here and overseas. I've seen firsthand the progress our troops have made in Afghanistan against amazing odds. Now it's time to bring them home and concentrate on rebuilding our economy. Our children should inherit a thriving America - not one in debt and decline. I'd be honored to have your vote. We've got work to do."

Other Professional Experience: Art spent six years in biochemical and heart research. As a medical doctor he does house calls and nursing home care, mainly for Medicare (seniors, permanently disabled), Medicaid (very poor), and uninsured patients.

Education: Art graduated from the Lakeside School, the University of Washington (B.S. in Cellular and Molecular Biology; with college honors, magna cum laude), and Harvard Medical School (M.D.).

Community Service: Art volunteered at the Seattle Children's Hospital Summer Camp for six years, working with children with special medical needs. He served on nonprofit boards, including three years for the North Seattle Christian School, as Treasurer and President.

Statement: As a doctor, I fight for my patients. As your senator, I will fight for you.

Patient financial hardship and insurance status do not stop me from caring. To accept low reimbursements, I reduced cost by eliminating my office; now I make house calls. Effective healthcare reform is needed, so let's repeal the healthcare act my opponent supported; it harms Medicare and Medicaid and raises cost. Let's rebuild Medicare, Medicaid, and the VHA for our seniors, poor, disabled, and veterans. In the private market, let's demand transparency, fairness, and competition so you're in charge of affordable care.

Cutting spending, balancing the budget, reducing debt, and ending inflation will repair our national credit and stabilize the economy. As a small business owner, I know that easing regulatory burdens and mandates, enacting favorable trade policies, and lowering energy costs will stimulate the economy. This will restore the catastrophic loss of prosperity and American jobs sustained throughout my opponent's 12-year tenure.

I will defend your rights, including your right to keep and bear arms, the right to life, and property rights. I support traditional family values. We must maintain the world's finest military to achieve peace through strength. We must take good care of our veterans and military personnel, and have a foreign policy that's confidently pro-America and pro-liberty, supports allies like Israel, and is firmly resolved to defeat terrorism. Border security is vital. My opponent won't challenge her party boss on numerous issues, like transferring nuclear waste from Hanford to Yucca Mountain; I will.

The contrast between the incumbent and me is sharp; the record, not the rhetoric, proves this. I am passionate about America, and with the right leadership, our children will have a bright future.

Thank you for your trust and your vote. Serving you will be an honor.

United States Senator

Maria Cantwell

(Prefers Democratic Party)

Elected Experience: U.S. Senate
2001-Present, U.S. House of Representatives
1993-1995, Washington State Legislature
1987-1993

Other Professional Experience: Real Networks, Vice President of Marketing & Senior Vice President of the Consumer Products Division 1995-2000

Education: B.A. in Public Administration from Miami University

Community Service: Henry M. Jackson Foundation, Honorary Council of Advisors; South Snohomish Chamber of Commerce, Former Board Member; Mountlake Terrace Friends of the Library; Alderwood Rotary, Former Board Member; Apollo Alliance, Founding Board Member

Statement: Congress is bogged down in partisanship and gridlock. But Senator Maria Cantwell puts politics aside and does what's right for our state. Maria is focused on job creation and keeping America competitive in the global economy - because she knows too many families are struggling just to get by.

That's why Maria is working to make sure Washington State remains the hub of America's aerospace industry. She fought unfair foreign competition to help Boeing win the \$35 billion Air Force contract that could mean 11,000 jobs for our state. Now Maria is helping develop apprenticeship and job training programs so we have a skilled workforce for those jobs.

Maria's fighting to increase Pell Grants and help middle class kids afford college. She co-sponsored a bill giving returning veterans access to a college education. She's working to give laid-off workers and veterans access to job training at community colleges so they can develop the skills they need for new jobs.

To create opportunities for businesses to hire more workers, Maria voted to cut taxes for small businesses and manufacturers while pushing banks to loan to small businesses that want to grow. Maria recognizes that the federal deficit is a dagger pointed at the heart of our economy, so she's working to cut wasteful government spending. She is pushing to end tax breaks for companies that ship jobs overseas and instead provide tax incentives for companies that create jobs here. And Maria is working to develop Washington's new clean energy industry, which will create thousands of jobs across our state.

Maria kept her commitment to protect Social Security and Medicare, fighting attempts by both parties to cut these vital programs.

Senator Maria Cantwell is focused on making life better for our families and for the people of Washington State.

Congressional District No. 8

Dave Reichert

(Prefers Republican Party)

Elected Experience: King County Sheriff, 1998-2005; US House of Representatives, 2005-Current

Other Professional Experience: Dave served in the US Air Force Reserve (1971-1976). He joined the King County Sheriff's Office in 1972 and in 1998 became King County's first elected sheriff in 30 years.

Education: Concordia Lutheran College, AA

Community Service: Served on King County's Domestic Violence Council. Board of Directors for Special Olympics of Washington. Co-Chair of King County Methamphetamine Coalition. Former Member of King County Committee to End Homelessness. Co-Founder of King County Sheriff's Police Activities League. Youth coach and counselor. Two time Washington Medal of Valor Recipient. National Sheriff of the Year.

Statement: Leadership. As a public servant, my energy is focused on spurring our economy, ensuring our children have access to good schools, protecting our freedom to choose doctors, and defending the vulnerable. Too many families are suffering, finding their hope and budgets strained. Too often, government regulations and bloated budgets have held back the private sector. I will continue working to reform our tax code, cut spending, and reduce regulations in an effort to enhance private sector innovation.

Integrity. Character and integrity make us who we are. In tough times, it becomes all too easy to serve personal interests, forget the needs of neighbors, and toss integrity aside. I have always served our community, our state, and our nation with an optimistic spirit. I believe our best days are ahead, and America will continue to be the greatest nation, because we never surrender and we always pull together. We are free and must fight to remain free for our children and grandchildren.

Service. From the first day I put on my Air Force uniform until today, I have committed myself to service. While a sheriff's deputy, I saw the most humbling acts of service and selfless sacrifices. I have a servant's heart and want to make America even better for the next generation. Every day, I hope to earn your trust by serving with honesty and representing you with integrity.

Teamwork. I'm a pragmatic leader, believing it's more important to solve problems than claim credit or be trapped in partisanship. Whether running a small business, nursing the sick, tending an orchard, raising a family, or serving in the military, everyone wonders why our problems persist. With leadership founded on integrity, humble service, and teamwork, we will put these tough days behind us and turn our energy toward the next opportunities.

Keith Swank

(Prefers Republican Party)

Elected Experience: Precinct Committee Officer 2006-2012

Other Professional Experience: United States Army Infantry; Seattle Police Officer, Sergeant, and 911 Center Operations Commander.

Education: Graduated Everett Area High School, Everett, PA; B.S. Psychology, University of Washington; Washington State Police Academy, Army Airborne School, Ranger School, and seminars relating to social issues and interpersonal skills.

Community Service: Keith has been serving his community his entire adult life, either as a soldier or as a police officer. Keith has received several leadership awards. Keith is a past member of the Fraternal Order of Eagles. He has also helped coach Little League and junior wrestling.

Statement: Keith is running for Congress because government spending is out of control, the United States Constitution is being undermined, our borders are not secure, and our dependence on foreign energy compromises foreign policy issues.

Keith is a Christian, social conservative, and pro-life advocate. Keith is married and has four children. His oldest son is a cadet at West Point.

Keith supports a limited government that derives its powers from the people based on a system of laws that must be obeyed by elected officials. He maintains that the Second Amendment protects an individual's right to possess firearms and to use those arms for lawful purposes. Keith is an avid outdoorsman, spending several weeks afield every year.

Keith believes that this country needs to act in a fiscally conservative manner and say "No" to spending, "No" to debt ceiling increases, "No" to bailouts, and "No" to 'cap and trade' type legislation. Keith believes in protecting citizens' rights. He also believes that now is the time for people to elect Congressmen who have the courage to enact legislation that will close our borders to illegal immigration, allow for the immediate drilling and mining of energy resources in our own country, and retain a military force that can adequately protect the American people.

Keith is a man of honor and integrity who will not be intimidated or coerced. He has the courage to stand up and do the right thing. Keith has shown this courage as a soldier and police officer. He is a leader that others look to for guidance. *Keith's word is his bond.*

This is the year to return America to a country "of, by, and for the people". A vote for Keith Swank will help insure that. Thank you. God bless you. God bless America.

James Windle

(States No Party Preference)

Elected Experience: No information submitted

Other Professional Experience: Small business operator, Windle's 76 gas station. Graduate Fellow, Pacific Northwest National Laboratory. Senior Advisor, National Nuclear Security Administration. Program Examiner,

Office of Management of Budget, Executive Office of the President. Associate Director, External Coordination, Department of Energy. Professional Staff, House Appropriations Committee, U.S. Congress. Associate Dean and Instructor, National Defense University, Department of Defense.

Education: B.A., International Studies and Political Science, University of Washington. M.A., International Relations, Boston University. M.A., Strategic Studies, Naval War College.

Community Service: Current or former member of Sammamish and Redmond Historical Societies and Issaquah Alps Trails Club. UW Jackson School mentor. Komen Race for the Cure participant.

Statement: James Windle has the work ethic, courage, and experience to best represent you in Congress. Windle is a product of the 8th District. Born and raised in Sammamish, he graduated from Redmond High School and worked for nearly a decade at his family's gas station on Mercer Island. He grew up as an active outdoorsman in Kittitas and Chelan counties. After attending Washington State University and the University of Washington as the first college graduate in his family, Windle pursued a real-world education in government in our nation's Capital. He built a successful public service career working closely with both political parties in the White House budget office, Congress, and federal agencies. This unique experience has informed his balanced, clear vision on creating jobs, increasing economic growth, and making Congress work better for you.

Common-sense solutions that mix the best ideas of both political parties will create the conditions for economic growth and opportunity. The choice is not to cut *or* increase government spending. It is to cut inefficiency *and* reinvest some savings wisely into education, agriculture, science, and infrastructure. The choice is not to raise *or* cut taxes. It is a simpler, fairer tax code that reduces everyone's taxes *and* closes loopholes that give preferential treatment to those who do not need it. Only an Independent can propose and fight for this platform.

Windle is the candidate with the experience, knowledge, understanding of national and local issues, and vision to serve the 8th District effectively in Congress. His home in Snoqualmie Pass makes him accessible to voters on both sides of the Cascades. His time in the federal government will enable him to get you results. Elect Windle for Congress to move our country forward with independent ideas and the courage to act.

Karen Porterfield

(Prefers Democratic Party)

Elected Experience: This is Karen's first campaign for public office.

Other Professional Experience: Karen Porterfield represents a new generation of leadership. Born, raised, educated and employed here in the State of Washington Karen's roots are firmly planted here. Karen

is committed to building communities across the Northwest with non-profit organizations to build food banks, day care centers, senior housing and other vital services.

Education: Graduate of Rainer Beach High School, BA in Political Science from Western Washington University, Masters of Public Administration from Seattle University.

Community Service: She has volunteered with numerous nonprofits, including Campfire, United Way, Everett Libraries, National Grantmakers Forum, TIPS, and The Salvation Army.

Statement: The influence of special interests on politics has resulted in a system that does not work for us, it works for special interests. Karen Porterfield has pledged not to take money from special interests so she can focus on doing what is right for the people that elect her. Karen wants to give the voters a true choice between herself and the incumbent who has taken over *\$4.3 million* in special interest contributions and has supported oil companies, financial institutions and Wall Street. Karen is our best hope to get America back to work, begin reform of Wall Street, build a world class educational system and invest in a sustainable transportation infrastructure.

She has a history of community service and understands first-hand the needs of our communities. Karen has worked for the Salvation Army, helped develop affordable housing, managed programs in rural communities and raised over \$300 million to help nonprofits serve our communities. At Seattle University she teaches our future leaders in the Masters of Public Administration program. Karen believes that the best way to ensure our country's greatness is to give back to our community.

We need to restore faith in our government. Porterfield's goals are to begin work to transform our government and economy by changing the inequality of our tax structure. She opposes Republicans move to dismantle or privatize social security and Medicare.

In 2010, the Seattle Times editorialized that the incumbent was "woefully unprepared on issues ranging from wars to the economy." In the same year, the incumbent stated that the only reason he voted for environmental bills was because he needed the support of environmental groups to get reelected.

Please vote for Karen Porterfield for Congress. She will work to start to restore America and our political process and will represent *You*.

Congressional District No. 8

Keith Arnold

(Prefers Democratic Party)

Elected Experience: I would appreciate the opportunity to serve the public in first elected office.

Other Professional Experience: Proud federal employee, NOAA.

Education: B. S., Accountancy, University of Illinois

Community Service: Baptist. I proposed delaying conversion to dtv in 2009 to Congress. Because to justify allowing analog televisions' sales, there should be analog reception for the televisions' lifetimes. Proposed Judiciary Act of 1993 to Congress and the President in 1993 to neutralize then eliminate the out-of-control U. S. supreme court (and its legislating from the bench). I am a previous and current Congressional candidate because I care enough to keep fighting for America and Americans.

Statement: I will fight for fairness for the 99% plus the 1%. I want to help us all receive fairness. *Always be careful of those trying to confuse or trick you.*

Everyone who is law-abiding must be included in our economy and workforce and have a living wage. Our economy is great but it is not sabotage proof. A small greedy part of the 1% must not be allowed to be *looters* by taking advantage of do-nothing Congresses and a poorly policed (deregulated) economy and financial markets.

Fairness requires looking at each issue individually and choosing the fair option. For some issues the fair option is more appealing to the left wing and for other issues the fair option is more appealing to the right wing. It is a mystery why the left and right choose the fair choice for some issues and the unfair choice for others. Although, I believe the Democrats make the fair choice the most often and on the most important issues, I will make decisions based on what is fair not on what any political party says.

Fairness includes: government and businesses serving the people (not the reverse); quality schools; fair free global trade; clean alternative energy sources; supporting our troops and veterans economically and financially; not starting the wars in Iraq and Afghanistan or bank bailout; immigration law enforcement focused on abusive employers; a tax system that is progressive for higher incomes; universal healthcare; Pro-life (exceptions: rape, incest, significant health risk); UN-focused world unity.

We Americans believes in Abraham Lincoln's government of the people by the people for the people. We can't allow the greedy to continue to turn it into government of the people by the corporation for the corporation.

I would appreciate your vote and the opportunity to *fight for fairness for all.*

Ernest Huber

(Prefers Republican Party)

Elected Experience: 2010 WA-8 Republican Congressional candidate, finished second among Republicans in the primary

Other Professional Experience: Retired Navy Lieutenant Commander, Surface Warfare Officer, counterterrorism Watch Commander, Pacific Fleet; Army Chief

Warrant Officer, Military Intelligence interrogation technician, Army Intelligence Center; USAF Sergeant, Intelligence Operations Specialist/SERE instructor, USAF Survival School

Education: Gonzaga University, B.A.; Gonzaga School of Law, Juris Doctor

Community Service: I've served as the Issaquah Republican Regional Chair. I've been a Big Brother, and ministered to the poor, the homeless, and nursing home residents. I'm a married fourth generation Washington resident with eight adult children. I home schooled for ten years. I'm a Christian.

Statement: I've assembled a superb prospective Congressional staff. Bills have already been drafted that I will introduce to quickly reduce or eliminate most taxes, significantly cut unemployment, end the fraudulent national debt, maintain entitlements, and rescue our military. We are in dire circumstances. The battle to save our nation will be long and hard. It will be won, in part, by you supporting and electing me.

Our Constitutional government is being dismantled. Most Congressional incumbents shamefully ignore or cause it, thereby disqualifying themselves for office. Our survival requires their replacement. The incumbent must not be reelected.

He voted against oil drilling in Alaska, increasing our gas prices. He voted against development of oil shale areas, again increasing our gas prices. He lobbied Congress for Obama to pass the Korea Trade Act, which is projected to cause the loss of 159,000 U.S. jobs.

He, along with four Washington State Democrats and Jesse Jackson, Jr., sponsored the Alpine Lakes Wilderness Act that would have taken 22,173 acres of private property away from district voters and given their land to the government. He also voted for the Omnibus Public Land Management Act to take 2 million acres of private property away from U.S. citizens and give their land to the government.

He voted to repeal Don't Ask Don't Tell, enshrining homosexuals in our military. He voted to allow Obama to indefinitely detain U.S. citizens, without our Constitutional rights, under the 2012 National Defense Authorization Act. He also voted for Cap and Trade, and TARP.

I would have voted oppositely on all the above, and will vote oppositely on similar legislation. Please go to my website for my extensive platform, and vote for Ernest Huber. Thank you.

Adam Smith

(Prefers Democratic Party)

Elected Experience: United States Representative, 1997-Current; Washington State Senator, 1991-1997.

Other Professional Experience: Prosecutor, City of Seattle, 1993-1995; Attorney, Cromwell, Mendoza and Belur.

Education: J.D., University of Washington, 1990; B.A., Fordham University, 1987, Tyee High School, 1983.

Community Service: Member, Federal Way Kiwanis Club; Member, Southwest King County Chamber of Commerce; Member, Northeast Tacoma Elementary PTA where my wife, Sara, served as PTA President for 2 years; Member, Meeker Middle School PTA; participant in Tacoma's 1st Annual Dancing with the Stars Competition benefiting the Tacoma Musical Playhouse; past board member of Judson Park Retirement Home; volunteer, Soundview Little League; volunteer, Norpoint Youth Soccer Club.

Statement: I grew up in the city of SeaTac. My father worked as a ramp serviceman, my mother a homemaker. I have lived my entire life in the 9th District. My wife Sara and I are now raising our two children, Kendall, and Jack, in the 9th District where they have attended Tacoma public schools. As a State Senator, Prosecutor, Congressman and member of our community I have followed the values my parents taught--integrity, hard work, personal responsibility and independence.

Creating jobs and growing our economy is my number one priority. Working class families, like the one I grew up in, do not have the same opportunities as previous generations. This must change. We need a fairer tax code, better education and job training opportunities, improved transportation infrastructure, a secure social safety net for our seniors, and a fair plan to reduce our federal deficit. We need to focus on the fundamentals: more Americans back to work, better use of our tax dollars and equal opportunity for all.

I have served on the Armed Services Committee for my entire time in Congress and have always worked hard to make sure that our servicemen, women and their families receive all of the support they need and deserve. I will continue to do so and also believe that it's time for us to bring our troops home from Afghanistan as soon as we responsibly can. We must quickly transition to Afghan control of security.

Right now our country needs leaders who are focused on confronting the challenges we face head on. We cannot waste time on partisan politics and ideological rhetoric. I am focused on finding solutions, working with all members to solve our common problems. It is an honor to serve this district in Congress, and I ask for your vote.

Community Service: Founder, Skyline Soaring Club, 1993. Coordinator, Fort Steilacoom Running Club, 1996-Current. Parkland Kiwanis Club, 2010.

Statement: Governments worldwide, including the United States, are out-of-control assuming too much risk, spending too much money, interfering with our lives, and damaging our economy, jobs, and businesses. These policies will not work for us, but politicians know that they can get elected by offering benefits they cannot pay for. We must repudiate them and return to the constitutional principles that have made this country great. You have a choice to make in this election. You can vote for more government, more poverty, and more control over your lives; or you can vote for freedom, dignity of the individual, and prosperity.

My program will save Social Security and Medicare while providing all the promised benefits; restore sound money, stop inflation which robs the middle class, pay off the national debt, provide full employment and bring back exported jobs and capital. No Bailouts.

We are on our way to becoming self-sufficient in energy. We can produce all the oil and gas that we need and stop importing oil. This has huge economic benefits including jobs. This economy depends on oil for transportation, land, air and sea, industry, and agriculture. We need \$2.00 gasoline and diesel fuel again.

Our transportation systems are stagnant and have not improved for fifty years. Our roads are in gridlock but underutilized Progress in air and space has stopped. Our automobiles are magnificent but they go no faster. Our airplanes are stuck at the speed of sound. We went to the moon but have retreated to earth orbit. We can do better.

We need a strong military to protect our nation but do not need undeclared foreign wars which are not in our interest or wartime restrictions on our civil liberties.

(Prefers Democratic Party)

Elected Experience: Parent-Teacher Association Vice-President and School Board Member

Other Professional Experience: Successful small business owner, founded organization creating jobs for developmentally disabled, founded organization assisting middle class

candidates running for Congress, Assistant to the dean at Claremont University, and Union member

Education: B.A., Quincy University; Master of Education, Vanderbilt University, graduate training in health policy and education policy at University of Illinois, Claremont University, and Vanderbilt University

Community Service: Strong environmentalist who helped manage first successful non-profit recycling program in the country, coached numerous youth sports programs, married to wife of 40 years years, three children educated in Washington state universities, and two grandchildren.

Statement: Job one of Congress must be getting America back to work! As a small business owner and teacher, I will work to rebuild our economy by providing good jobs for working families. I will assist the President in more progressive legislation investing in education and training, building a stronger middle class!

We must cut middle class taxes to increase consumer spending and jump start the economy. We must create good paying jobs through investments in education, expanding alternative energy, rebuilding infrastructure and new technologies and have a fair tax code for all American's and expect the very wealthy to pay a larger share to accomplish the goal of moving America forward in this new century.

Social Security and Medicare must be protected! They have worked for many years! Cuts in Social Security and Medicare would not only hurt seniors , but the middle class, the poor, children and grandchildren. Many people survive on their Social Security, which they paid into approximately forty years! This contract must be honored! We must have health insurance for all Americans!

We will build a strong federal government job base in our new 9th District. I have always supported our troops and their needs. The President and I did not support the Iraq War. We must offer a road to citizenship for all hardworking people, the foundation of our country. We need to be united with our ally Israel and their furtherance of peace. We must view every law through the filter of purpose for all American's, rich and poor alike , to build a fair and just society. We are the hardest working, brightest , creative people in the world and we must come together to restore and rebuild our communities and our Country! Other Professional Experience: After being a nonviolent participant in the 1999 WTO protests, I realized the solution to the economic crisis required a competent policy. I encountered LaRouche's economic theory,

Education: St. John's University Graduate

Community Service: No information submitted

Statement: "My politics are short and sweet, like the old woman's dance. I am in favor of a National Bank, the internal improvements system, and a high protective tariff." -Abraham Lincoln

Since the death of John F. Kennedy, our nation has gone into an accelerated collapse under the policies collectively known as "globalization". We have systematically shut down our industrial and manufacturing base, replacing an economy that was based on scientific and technological advancement, with an economy that is now based on financial speculation and looting undeveloped nations. This was not accidental, however. This was intentional.

"Globalization" is simply an extension of the "free trade" imperial policies of the British East India Company. Today's similar complex of international banks and multinational cartels, seeks to destroy the sovereignty of nations, and dictate living standards to the population. This modern day British Empire enforces their rule through endless wars, police state measures, and "free trade". These are the policies we have been subjected to under Bush and Obama, both of whom should have been impeached. The global financial system has now disintegrated, and cannot be bailed out on the backs of the people. There is a solution. This is my simple platform:

Glass- Steagall: Restore Franklin Roosevelt's "Banking Act of 1933". Separate the Wall Street speculative gambling banks from our commercial banks.

National Banking: The Federal Reserve System is hopelessly bankrupt. We must reestablish Hamilton's design for sovereign national banking.

NAWAPA XXI: A Kennedy era project that nearly passed Congress in 1964. It will provide 6 million jobs over 30 years, deliver 138 million acre feet of water per year, and generate 42,000 MW of electricity. This will be a part of the development of the Arctic region, which will become our "window to space", a laboratory to make advances in space exploration.

John Orlinski

(Prefers Republican Party)

Elected Experience: No information submitted

Other Professional Experience: Social Worker with DSHS since 1991; Financial Planner with Metropolitan Life Insurance Company 1989-1991; Assistant Professor, Political Science, Maritime University, Szczecin, Poland, 1982-1984.

Education: M.A. in International Studies, University of Washington, Seattle, 1988; M.A. in Business Administration, University of Szczecin, Poland, 1982.

Community Service: Board of Directors, Lake Washington Technical College Foundation, 1991-203; Vice-President of the Polish Baseball and Softball Federation, 2004-2010; King County Refugee Planning Committee.

Statement: My name is John Orlinski and I am running for office as an independent Republican who is fiscally conservative and moderate on social issues. I am seeking office because I deeply care about our country and its future. In this race, I want to represent the silent majority of people who feel that their voices are not being heard by the bickering extremists on both sides - people whose personal liberties, constitutional rights, and individual freedoms are under attack.

Our government is out of control with bailouts, stimulus packages, and crony-capitalism grants that have caused our budget deficits to balloon and increased our national debt by five trillion dollars over the last three years. We need to reinstate the Glass-Steagall Act and impose other restrictions on the banking system so we can avoid future crises. Audit and oversight of the Federal Reserve System should be implemented.

Our unemployment levels have remained high since the current recession began. We need to do more in this area but the majority of our efforts should be concentrated on increasing private employment levels. We need to show more financial restraints, reduce the size of our government, and make it more efficient. If not done soon, we are going to face dire consequences - inflation and financial ruin.

We need to continue reforming our health care, environmental protection, and welfare systems. I urge more emphasis on technical and vocational education, and making our schools more competitive. We need more efforts made towards ending homelessness, improving mental health and disability services, and reducing abortion and teenage pregnancy rates.

I would like to see an immigration system overhaul which would put more emphasis on our labor needs. We need to end the wars, regain control of our borders, and protect our laws, liberties, and sovereignty.

Rob McKenna

(Prefers Republican Party)

Elected Experience: King County Council; Washington State Attorney General

Other Professional Experience: Perkins Coie law firm, 1988-1996

Education: University of Washington, Economics B.A. and International Studies B.A.; University of Chicago, law degree

Community Service: Bellevue and Renton school bond/levy campaigns, 1994-2002; Bellevue Schools Foundation, 1993-2002; Bellevue College Foundation, 2000-2012; Boy Scouts Chief Seattle Council board, 2003-present; Seattle-King County Land Conservancy board, 1993-1995; Evergreen Forest Trust board, 2000-present; Washington State Army Advisory Board, 2011-present; President, National Association of Attorneys General, 2011-12; Norm Maleng Honoree award, Eastside Domestic Violence Program, 2010; Friend of Children award, Washington State PTA, 2008.

Statement: Son of a teacher and a soldier, Rob McKenna learned the value of public service from his parents, and wants to continue serving Washington's people as Governor. *He will take our state in a New Direction*, promoting excellence in public schools, helping innovative businesses create jobs and reforming state government.

Rob graduated from Sammamish High and the UW. Marilyn and Rob are the parents of four children who have attended public school, and their passion for education led him to serve as president of the Bellevue Schools Foundation and Bellevue College Foundation. Rob's education platform is simple - *put students first*, fully fund our schools and stop cutting our colleges and universities.

Rob knows the private sector creates jobs, not government. He traveled across Washington learning from small business owners about our state's burdensome tax system and redundant regulations. *His New Direction plan* cuts government red tape, provides small business tax relief and reduces health care costs by giving employees greater control over their health spending.

McKenna has been a leader as Washington's Attorney General, reducing staff while increasing productivity. He made the office a national model for protecting consumers from mortgage fraud and identity theft, earning his peers' bipartisan "*Outstanding Attorney General*" award.

McKenna grew up in a military family. Living around the world gave him a great appreciation for different backgrounds and viewpoints. Rob used that experience to build bipartisan support for laws fighting prescription drug abuse, domestic violence and to crack down on sex offenders.

Washington faces tough budget challenges that threaten public schools and higher education, the social safety net and our economic future. Rob McKenna is an experienced leader who works across party lines to solve problems. For great public schools, government reform and more private sector job creation, *please vote Rob McKenna for Governor.*

Governor

Jay Inslee

(Prefers Democratic Party)

Elected Experience: Washington State House of Representatives – 1989-1992 representing Yakima Valley; U.S. House of Representatives 1993-1994 representing Eastern Washington; U.S. House of Representatives 1999-2012 representing Kitsap, King and Snohomish counties.

Other Professional Experience: Attorney, author of Apollo's Fire: Igniting America's Clean Energy Economy.

Education: Ingraham High School, Seattle, WA; graduated from the University of Washington with a B.A. in economics in 1972; graduated Magna Cum Laude from Willamette University Law School in 1976.

Community Service: Charter member of Hoopaholics to raise money for Childhaven; coached youth sports; served as an honorary board member of the Washington Wildlife and Recreation Coalition.

Statement: My mission as governor is this - to create a stronger and growing economy for Washington. We invent, we create, and we build. It was our innovations that led the revolution in aerospace, then software. Today we are on the cusp of new revolutions in health sciences and clean energy technology. This is our moment to grow our economy and create jobs. We need to seize it.

Having lived, worked, and represented both sides of the Cascades, I understand how our economy works. Making Washington a hub for clean energy will launch small businesses across the state, allowing wind and biofuels from the east to power skyscrapers in the west.

To build this stronger economy and ensure every child has an opportunity for a successful future, we must adopt a no-excuses approach to education. I'll implement proven reforms that produce more innovative schools and insist on high quality teachers in every classroom. We will prioritize our investments in: early childhood education; science, technology, engineering and math (STEM); and make college more accessible and affordable. No excuses.

I will bring this forward-thinking to our state by implementing lean management techniques to improve government services and efficiency and deliver health care at lower cost. In order to create change we need a leader who is willing to buck the status quo. I am one of the few who voted against the bank bailout and the deregulation of Wall Street.

We need a leader who is willing to protect senior citizens' health care and pensions. I am the only candidate in this race who will stand up to protect a woman's right to choose, which is why I've been endorsed by Planned Parenthood Votes Northwest.

We can build a working Washington. I would be honored to have your vote.

Education: French rural schools, Assumption Prep., Boston College (theater, sociology), University Massachusetts (political science), journalism (Bordeaux), international relations (Jerusalem), political sociology, mainstream medicine, Chinese medicine, nutrition (Paris), naturopathy, Law (Europe).**Community Service:** Legal and educational contributions to encourage industrial tobacco, allopathic modern medicine, the legal profession and the State to reconvert to a holistic approach to business.**Statement:** As I showed during the 2008 gubernatorial run, thanks to which my Action Plan was embraced as the third political force of the State, (<http://www.christianforgovernor2008.com>) *our Republic is broken*. The two party system can not meet most of our basic needs. Our health, resources, jobs are too often un-necessarily sacrificed on the altar of predatory economics and shortsighted ideology.To meet these challenges, I respectfully propose a few policies, many of which would be *implemented via executive orders, given the urgency*.The first priority is hinged on a *pro-active holistic health-care system in association with health freedoms advocacy which will bestow upon each Washingtonian the best wellbeing conditions*. Next focus, a *sustainable economy* via affordable housing, clean energy "breakthroughs", *the billion dollars wellness and hemp (textile, paper, building, fuel, medicine, food) industries*, with the more traditional software, aerospace, agriculture and maritime trade.The reduction of the legal work week to 35 hours and retirement at 60 (to provide *jobs for our youth* and save on health costs), *sustainable living wages pegged on inflation, tax breaks for progressive corporations and tax incentives to dissuade corporations from delocalizing production overseas is desirable*.*Visionary leadership is needed to implement equal access to affordable and relevant education, art and civil justice, the restructuring of our dysfunctional legal system and public financing of electoral campaigns.*This "*Holistic Governorship*" Plan would be financed via taxes against what destroys health and resources, *including on financial speculation*. Less "Government" and more *tax relief in the "real" working economy* with massive funds from our *innovative industries*, including from the Great Statue of Responsibility and its Holistic Health Civic Center, *would contribute to reduce by half within four years the State's debts and diseases while simultaneously ensuring equal access to health, prosperity, education, security and justice.***Contact Information:**PO BOX 1382

He immediately faced persecution and disapproval from his family. According to Islam, his conversion means he is an "apostate" and deserves death as a former muslim. In spite of this opposition, Shahram persevered and has been a Christian pastor for 10 years.Hadian boldly addresses root issues such as: tackling the power of *public sector unions* and working to become a *right-to-work state*, deregulating our job creators- *small businesses*, gutting the Department of Ecology and its strangling regulations, confronting the \$1.5 billion/year *impact of illegal immigration*, and becoming energy independent by supporting *renewable hydroelectricity*.Hadian proudly stands for the *sanctity of life and marriage* (one man, one woman). He believes we must *restore control of education to the local level*, protect parental rights, and say "No" to federal "Race to the Top" education standards. To *protect our state's 10th Amendment rights*, Hadian will fight against unconstitutional UN Agenda 21 and its devastating effects on property rights, *oppose Obamacare* and work to solve healthcare at the state level through common sense competitive solutions.*"We are One Nation Under God. We say 'God Bless America', but it is time that America blesses God and welcomes Him back into our nation. I am committed to lead Washington as a statesman, not a politician. Governor

L. Dale Sorgen

(Prefers Independent Party)

Elected Experience: I have no experience collecting a government paycheck.

Other Professional Experience: Computer Programmer, Pastor & Church Planter, Sultan Food Bank Treasurer, Homeowner's Association President & Treasurer, Small Business Entrepreneur.

Education: Graduate of Lee Academy, Clarksdale, MS, 1986. Bachelor of Business Administration, Delta State University, 1990. Master of Divinity, Mid-America Theological Seminary, 1999.

Community Service: Food Bank Volunteer, Science Curriculum committee, Boys and Girls Club youth volleyball coach, Sultan Youth Basketball (SYB) coach, Sultan Youth football coach, School and PTA Volunteer.

Statement: There are two unfortunate, but prevailing, truths in our current political environment.

First, the two ruling political parties have been in control of us for a very long time and it appears evident that their fight is no longer for us, the hardworking, tax paying people, but, instead, their fight is only to get, and keep, control and defeat the other political side. Their rule has been characterized by divisiveness and loyalty to party (partisanship), not the people.

The second great truth is that the influence of money has so corrupted our political process that our elections now have the appearance of being purchased by the highest bidder, while the concerns of most hardworking, tax paying, people go unnoticed.

At The Imagine Liberty Campaign I am running as an independent candidate, not affiliated with any party, and we are not asking for or accepting donations because government should represent all people, not just those individuals and groups who are buying influence.

On our website you can find the answers to the questions that motivate our campaign. The cause of liberty is great because it entrusts people to make their own decisions about how they choose to live their life and it diminishes the power by which some try to use government to enforce their expectations and wants upon others. The cause of liberty is great because it takes control away from the parties and the powerful and gives control back to the people.

We will be told again this year, as always, that this year's election is too important to "waste our vote." I suggest, however, that the most powerful vote you could cast, this year, would be to break the cycle of control and have *The Courage to Think Independent*.

Statement: Freedom! How much does it cost? With the high price of gas, food, shelter, heat and electricity. With taxes on the rise where will it all end. Our way of life is changing for the worse. We cannot take anything for granted, not even going to the store. Choosing between food and gas is disheartening. Common sense is a thing of the past along with moral values. What is the truth about our government and how can we change it. Lies, waste and fear is on the daily news. Excessive use of force about police in this state is what we hear all too often. We are becoming a military state under fear from our own government. How sad! When will our government completely fail, not if it will fail. We the people are fed up with government not doing right by us. I am part of the 99 percent. I have worked hard at foundries for 7 years and aerospace for 25 years. I have learned that when times are hard, (Work hard) and when times are good (Work harder). You don't know when times will be good again. Buying extra is a thing of the past. Just having enough is a challenge. Rich are getting richer and the middle class is the next poor. What about our children will they own a house? I feel I can change this with your help. Government needs debt counselling and restructuring. Stop wasting your money on special interests and lavish needs. I am hard working, mechanically inclined and humbled for your vote. I am the strongest candidate because of my faith and commitment. God and Jesus and commonsense are my rock. Elect me to be your champion and get you back in charge. Thank You

Governor

Javier O. Lopez

(Prefers Republican Party)

Elected Experience: Community Action Committee

Other Professional Experience: Pomona Art Center, Pomona CA

Education: Art, Political Science, Public Administration, Law

Community Service: Food Bank, community Garden

Statement: My name is Javier O. Lopez, and I believe that all humans are good by nature. It takes a lot of hard work to turn bad. Here in Washington we must find good people to govern, we need to fulfill our destiny of justice and equality. I believe the time has come to speak of kindness and love. Those who speak of despair are practitioners of hate. They should keep away from our highways, from our homes, from us. We need to recognize that all humans can be of service, but don't let them become rulers of our state because they will make you suffer; they will make your children and grandchildren debtors of their deeds.

Dear friends, dear Washingtonians keep commonsense, guard it with your life make sure you use it in this election for it may be the most important election of your life.

As for me I only regret having one life to give to my country and it has already been given to the people. The road to the heart is faith and good works, riches can be stolen, but the riches of the heart will be yours forever and ever and keep in mind that double standards are the only tools they have and their deceit is without comfort, faith or value.

If there is righteousness in the heart there will be strength in the character. If there is beauty there is harmony in the home. There will be order in the nation and there will be peace in the world, but only if people stop taking advantage of you.

For example your present governor has given herself a raise while the nation is facing bankruptcy.

Vote for Javier O. Lopez and I will give my salary back to the taxpayers.

Lieutenant Governor

James Robert Deal

(States No Party Preference)

Elected Experience: Precinct committee person while in law school. No previous ambition for higher office.

Other Professional Experience: Attorney since 1978, helping clients modify their mortgages and doing environmental law on a pro bono basis as president of www.Fluoride-Class-Action.com.

Education: Western Washington University, B.A., M.Ed.; Anglican Theological College at UBC; University of Washington, J.D.

Community Service: A leader in the safe water movement. Health educator and author of a foodways book on nutrition, health, and the history of diet.

Statement: Many water districts add an industrial grade of fluoride to drinking water – fluorosilicic acid. It contains lead and arsenic and leaches large amounts of lead from pipes. The body excretes these chemicals poorly; they accumulate lifetime. They are most harmful to fetuses and infants (reducing IQ), diabetics, those with arthritis and thyroid, kidney, and heart disease. Blacks and Hispanics are impacted more than Whites. Chemical companies earn a half billion dollar per year selling us this filth. This racket must end.

Other Priorities: We are decapitalizing Washington, letting schools and infrastructure decline. Only the rich can pay more, and they should. We need a tax on high incomes and large capital gains. Washington should increase its minimum wage. Anything which can be grown organically should be grown organically. GMO crops should be outlawed and GMO foods labeled. Washington needs a master transportation plan and can do more to reduce carbon emissions. We need stronger campaign finance laws. Schools should have large, year-round gardens and serve more vegetables and less sugar and fat.

I run to raise issues others avoid. I will hold preconstitutional conventions around the state to study needed structural changes.

Over the years, along with serving on boards of 4Culture, Kirkland Boys and Girls Club, and Cascade Land Conservancy, Bill has also coached his daughter's soccer team and helped his son's lacrosse club build new sports fields.

Statement: Bill Finkbeiner knows the gridlock and partisan bickering in our State's Capitol is unacceptable. As the Lieutenant Governor, Bill Finkbeiner will work with both political parties to encourage a more cooperative, less partisan, and less lobbyist-influenced government.

Bill Finkbeiner has the experience to succeed. He served 14 years in the Legislature, including a term as Senate Majority Leader, before returning to private business. Now, he's bringing his business and political experience forward to push change through the marbled halls of the Capitol.

Some of the reforms are simple, like getting rid of the aisle that separates Republicans and Democrats on the floor of the Senate. Other changes – reducing the number of partisan staff and limiting the influence of lobbyists – are more complicated; but all will make Olympia more open to citizens and less beholden to special interests.

Bill Finkbeiner has won support from both Democrats and Republicans. His endorsements include: Rob McKenna, Cathy McMorris Rodgers, Dino Rossi, Slade Gorton, Sam Reed, Washington Conservation Voters, NARAL, Michael Heavey and Larry Springer. Bill is a lifelong Washington resident. He and his wife Kristin (co-founder of MomsRising) and their two children live in Kirkland.

Community Service: No information submitted

Statement: I Dave Sumner am lobbying and fighting for the constitutional rights and for the working class and impoverished's wishes to be enacted and upheld by the courts. As the front runner of the neopopulist party I am reversing the communistic trend in the Washington state government which is ever- increasingly usurping our rights and freedoms. I am getting the Washington state government back to working for we the people, not corporations.

I am also battling the policies that are eroding the middle class which has only led to more inequality. I firmly stand against the governments unwise use of technology by computer databases and tracking people and sharing this info with many other agencies. I am also working hard on filling in the cracks in the system so no more citizens will fall through the cracks. Basically I am eradicating the many double standards in this great country the U.S.A.

My vision of the new world order is to fulfill the federal constitution and the declaration of independence's mission of all of us getting along together (without losing our personal and ethnical identities) and being treated like valuable human beings, not just another number or pawn of the corporations.

Mark Greene

(Prefers Democracy Indep. Party)

Elected Experience: Like some of the most renowned and respected American political leaders upon taking office, none, but I was the Democratic nominee for U.S. Congress (Alaska District) in 2000 and 2002. I am the founder of the political organization the Party of Commons (since 2006).

Other Professional Experience: Legal Assistant experience, including free-lance businesses such as legal research in Minnesota during 1990's. USMC veteran; 1970's.

Education: Inver Hills College, Inver Grove Heights, MN, A.A.S. Degree received in 1990's.

Community Service: Founder of Democracy in Election Process, an organization that helps citizens with voter registration, civic affairs, and legal forms (since 2004, originally Commoner Committee for Political Affairs).

Statement: *I'm endorsing Darcy Burner for Congress (1 st CD), because she will protect Social Security and other basic anti-poverty programs, be at least moderately anti-interventionist in her foreign policy outlook, uphold the Constitution, and show independence, i.e., not letting party bosses dictate to her.*

The Common Man's Candidate for Lieutenant Governor: I had to get on the ballot by petition, because I don't get funds from parties, special interest groups, or from Establishment-types. After all, they realize that I am very sincere in representing the common person's interests, not theirs.' I'm a real democrat, though independent, not a fake.

The environment is of fundamental importance as everything from the economy to morality relates to it. We shouldn't fool with Mother Nature recklessly, if at all, but since the government has done so, we have to rectify the wrongs through everything from mandating labeling of GMO food to phasing out nuclear energy.

Our state and national constitutions together are the firewall between democracy and totalitarianism, as democracy, after all, is the respect of differences of opinion that we have with one another, and shown by certain essential functions such as voting. It's a politician's solemn duty to uphold our constitutions.

Secretary of State

Jim Kastama

(Prefers Democratic Party)

Elected Experience: State Senator (2001-Current), State Representative (1997-2001), Legislator of the Year: Association of County Auditors, Disabled American Veterans Department of Washington, and Washington Student Association

Other Professional Experience: Chairman Government Operations and Elections Committee (2005-2006), Chairman Economic Development, Trade and Innovation Committee (2007-Current), Commissioner Washington Economic Development Commission, Washington State Quality Awards Examiner, Business Sales and Management: MCI, BCSR Inc., Giant Bicycle Manufacturing

Education: Puyallup High School, 1978; Claremont McKenna College; University of California, Berkeley, BA 1983

Community Service: PNWER Innovation Working Group Co-Chair, Washington First Robotics Board, Nordic Heritage Museum Board, Volunteer National Ski Patrol, Communities in Schools, VISTA Volunteer

Statement: In 1983, I left my hometown of Puyallup with \$200 and attempted to bicycle around the world. I arrived in Israel the day 241 Americans were killed in the Marine barracks bombing. Along the way I painted boats and netted fish, often beside citizens engulfed in conflict. I returned home to start a family and private sector career, but my gratefulness inspired me to public service.

In the legislature I have earned a reputation of independence. I rewrote state law after the contested 2004 election to hold county auditors accountable, purge ineligible voters and make overseas military voting easier. I spearheaded creation of the Economic Development Commission and the virtual university WGU Washington. This year, I withstood partisan pressure and forced the most bipartisan budget agreement in recent history.

My vision is to inspire performance excellence throughout government to improve the lives of people. As Secretary, my office will serve as a management model to strengthen public confidence in elections and set a tone of non-partisan cooperation. I will fulfill the legacy of this position as statewide advocate for trade and economic development to expand exports and recruit companies.

I will defend our Top 2 primary keeping it intact no matter how many times the parties sue. I will champion more competitive elections, new tools to make government more responsive, better channels for transparency and protection of your privacy. It takes constant vigilance to keep the voters in control of our government. Only a nonpartisan, strictly committed to voters can battle the political parties and corporations that collude to own us. I will defend rule of law as purposed by voters.

I will plan the 2016 Presidential Primary and debates to maximize our state's power in presidential elections.

To rebuild our economy, my business plan, *WA 2.0: The Emergent State* will use the power of networking to energize our commerce by better integrating businesses into our communities. This plan will also strengthen your power in government and celebrate our culture.

(Prefers Constitution Party)

Elected Experience: None

Other Professional Experience: Communications Director, Constitution Party of Washington; National Communications Coordinator, Constitution Party; Washington State Third Party Coalition member; Washington Free and Equal State Caucus Leader

Education: BA in Statesmanship, George Wythe University, 2010.

Community Service: Fiber Arts docent, Resident Author, Jackrabbit Journal editor at Quincy Valley Historical Society. Various volunteer service positions through church.

Statement: Washington is a state of many voices. From the various tribes of the First Nations, to the pioneers, to the immigrants from nearly every country on planet Earth, Washington is culturally, ethically, and politically diverse. Yet this diversity is not fully reflected in our election system, nor is our system as secure as it could be. My proposals are to eliminate the primary, to eliminate any definition of major or minor party by the state, to have ballot access rule applicable to all parties and independents equally, to have each candidate representing a party be the endorsed candidate of that party, to institute Voter ID, to end Mail-in Voting and return to precinct voting and paper ballots with absentee ballots and provisional ballots available, and to prevent the implementation of E-voting. These steps will put Washington in the forefront of safe, secure, equal and open elections where Washingtonians of all political persuasions will be assured that their vote carry the same weight as all other votes and is handled in a manner that protects their vote from hacking, loss or damage, and fraud.

Secretary of State

Kathleen Drew

(Prefers Democratic Party)

Elected Experience: State Senator (1993-1997)

Other Professional Experience: Known as a professional manager, Kathleen has advised the Governor on sustainability and streamlining government, authored the State's Ethics in Public Service Law and helped

build the University of Washington Bothell campus into the largest branch campus in the state.

Education: BA, Political Science, Ohio University

Community Service: As a volunteer, Kathleen raised funds to build transitional homes for foster youth, led a citizen's effort to identify schools capacity for a growing Issaquah School District, and as a member of Kiwanis, started an organic vegetable garden for the Thurston County Food Bank.

Statement: 'Impartial', 'Fair'. Washingtonians want those qualities in their Secretary of State. And those are the qualities I have shown throughout my life. *I'm not a career politician*; I'm an experienced, effective manager, committed to fair elections and increased voter participation. I authored our Ethics in Public Service law and served on the Commission on Government Ethics and Campaign Finance Reform. As Secretary of State, I will increase dropbox locations, push for same-day voter registration, and *oppose efforts to suppress voting*. I'll also streamline registration services for corporations, charities and non-profits.

I strongly oppose the Citizens United decision and support repeal. I'll work to increase transparency in the initiative process.

In 1992 I became the youngest woman ever elected to the State Senate. I never imagined that 20 years later women's basic rights would still be under attack and the number of elected pro-choice women in office would decline. My management background, statewide experience and commitment to fair, open elections prepare me to be *the first Democratic woman Secretary of State in over 50 years*.

Endorsed by: Washington State Labor Council, NARAL Pro-choice Washington, and King, Pierce, Snohomish, Thurston, and Kitsap County Democrats. I ask for your vote.

Regarding write-ins

A write-in line is provided on your ballot for each race regardless of the number of candidates. You have the option to write in the name of a candidate. Frivolous write-ins, such as Mickey Mouse or Bigfoot, result in additional work and expenses to process.

You do not need to make a selection in every race for your votes to count, and write-in votes are not tallied by name unless the total number of write-in votes could make a difference in the result of the race.

James Watkins

(Prefers Republican Party)

Elected Experience: This is a job for a professional, not a politician. I work professionally to make organizations faster, more efficient, and more effective.

Other Professional Experience: In the 23 years since earning my MBA, I've done 150+ performance audits. I've been a successful

executive and principle consultant in large professional services firms and run business units for Fortune 50 firms. I've worked with major federal agencies; non-profits; and innovative private sector businesses, large and small.

Education: BBA, MBA, George Washington University.

Community Service: Elected to leadership in Church, youth organizations, etc. Citizen activist focusing on good/open government issues. Active charity fundraiser. Married 27 years; two children.

Statement: State auditor is a job for an independent professional, not a politician. That's why retiring state auditor Brian Sonntag says "...[Watkins] is particularly well qualified based on his experience and background to advance the State Auditor's Office and be an independent advocate for taxpayers."

I have the judgment and real world experience to make sure we get a dollar's value from every dollar we pay in taxes. Since earning my MBA, I've worked successfully for 23 years to make organizations faster, more effective, and more efficient – and we need more of that in Olympia.

My opponent is a professional politician who voted repeatedly to weaken the auditor's office, massively increase state spending, and hike taxes. Now, he's asking you to trust him to audit and evaluate the very same government programs he voted to create! *That's like asking a fox to watch the henhouse.*

We need government we can trust. Citizens won't allow the legislature to raise taxes: efficiency and cost savings are the only way to fund our shared priorities while rebuilding voter trust. *As your state auditor, I pledge to drive efficiency and effectiveness; to limit fraud, waste, and abuse; and defend and expand open, transparent government.*

Statement: Tired of government waste and mismanagement? I certainly am! As your Auditor, I will restore your trust in the way government spends your money. I am the only candidate with the experience and qualifications to cut waste and make our government the most efficient, effective, and transparent in the nation.

With over 25 years of hands-on auditing experience, I gained valuable knowledge auditing Boeing, small businesses, universities, hospitals, and government agencies. As State Representative, I worked alongside Brian Sonntag to sponsor and pass our states' first performance audit legislation. I am a national speaker on performance and quality management. *Governing Magazine* identifies me as "...*Washington legislature's most prominent and outspoken performance measurement and management guru...*"

Integrity: The U.S. Department of Justice has placed its trust in me, and I have passed rigorous "full-field" FBI background investigations resulting in *Top Secret* security clearance.

Independence: As an elected official, I have a reputation for doing what's right, even when it's not popular. I will use my experience as a federal prosecutor to protect the public from predatory businesses, polluters, cyber criminals, and those who prey on our most vulnerable citizens.

Broad support: I am the only candidate endorsed by more than 40 Democratic, Republican, and Independent elected county prosecutors and sheriffs, three former Attorneys General, and countless law enforcement professionals including the Council of Metropolitan Police and Sheriffs. I'm also proud to have key support from firefighters, doctors, realtors, builders, farmers, and many others.

Commissioner of Public Lands

Stephen A. Sharon

(States No Party Preference)

Elected Experience: No information submitted

Other Professional Experience: No information submitted

Education: I grew up in Tacoma, Washington on an 'in city farm'. Had many animals and allot of responsibility. Have always learned

from watching nature, and have connected to it's soul my entire life. I didn't know at the time how much this love would grow. I attended the University of Washington and graduated with a degree in business administration. I had a "born again" experience a few years ago while hiking in Zion National Park, Utah. And now I know my love and connection to nature are my purpose. I believe nature is sacred. I am a guardian of it.

Community Service: No information submitted

Statement: Zeitgeist Washingtonians! The following are destroying our natural resources: The federal government and it's many agencies, multi-national corporations, lobbyists, and the politicians who are overly influenced by them. I am the no-party candidate, and lifelong Washingtonian, I am a lover of nature and my fellow man. I am not money, or power motivated.

I believe climate change is real. The incumbent admitted our forests are dying, but isn't moving fast enough to reverse the trend. He has had 4 years, and not enough to show for it.

I will make clear-cutting of forests illegal on state and private land. I will propose to legislature a "Tree Tax". This tree tax will be used to fund our school trust. Eventually, I will eliminate our financial dependency to cut timber on our public lands. This will help salmon runs, and also help Puget Sound . A forest takes several hundred years to mature. We will run out of trees before we run out of money.

We must protect our greatest asset, our natural resources. Ask yourself, "is the status-quo working? Then visit zeitgeistmovie.com. There is a solution. I will make it happen for us. I'm asking for your help.

Peter J. Goldmark

(Prefers Democratic Party)

Elected Experience: Commissioner of Public Lands

Other Professional Experience: Lifelong rancher, scientist, wheat breeder, Director of Agriculture

Education: B.A. Haverford College; Ph.D. Molecular Biology, University of California

Berkeley; Postdoctoral Fellowship in Neurobiology, Harvard

Community Service: Former President and member of the WSU Board of Regents; Okanogan School Board Member; volunteer wild land firefighter for over thirty years

Statement: A lifelong Eastern Washington rancher and father of five, Peter Goldmark has restored integrity to the management of nearly 15 million acres of forest, agricultural land and water resources. Peter works hard to maximize the potential for jobs, recreation, education, and wildlife preservation throughout Washington.

Trained as a scientist, Peter understands the need to reduce our dependence on foreign oil and address climate change through renewable energy resources, which is why he passed legislation to grow this exciting industry.

Peter led efforts to restore Puget Sound and promote sustainable shellfish farming. He protected crucial habitat on Maury Island from international mining operations and launched Puget SoundCorps, putting youth and veterans to work on vital cleanup projects.

Endorsed by the Washington Conservation Voters, Peter knows that forests are essential to our quality of life, supporting an industry that provides jobs to communities across our state, while providing clean air and water to the benefit of all Washingtonians. That's why he preserved 15,000 acres along the I-90 corridor, created the Community Forest Trust to protect endangered timberlands, and kept forests open for recreation.

With your vote, Peter will continue restoring Puget Sound, sustainably managing forests, protecting wildlife, and developing renewable energy jobs.

Commissioner of Public Lands

Clint Didier

(Prefers Republican Party)

Elected Experience: No information submitted

Other Professional Experience: Farmer/rancher, owner of Back Forty Farms, our second-generation family farm; NFL player 1981 – 1989; Presidential appointee to Washington State Committee of national Farm Service Agency 2000-2008.

Education: Graduated from Connell High School; B.S in Political Science, Portland State University.

Community Service: Connell High School Football Coach 1999-2009, coaching teams that included my three sons (I also have one daughter with my wife of 30 years, Kristi, and 2 grandchildren), and winning 2 state championships; Charity Tournament Director, "Fighting Children's Cancer" 2004-2010; Member, Washington State Farm Bureau.

Statement: In Washington, we depend on the land for food, homes, business and recreation. But "We the People" also own millions of acres held in trust for us. Revenues from those lands (now, more than \$200 million) finance school construction and many county services. But the state projections show that those revenues are likely to go down in coming years.

But we can turn that around to protect our children's future by generating more revenues through sustainable uses of these properties.

I am a steward of the land—a second generation farmer in the "breadbasket" known as the Columbia Basin, and an avid sportsman. In order to be sustainable, I must farm the land to be as productive as possible but at the same time regard all environmental concerns including land/water quality, and preservation of wildlife.

Much of the public lands are located in areas that have had little "say" in Olympia. My goal is to change that process. And I will run Department of Natural Resources as a lean organization, watching over taxpayer dollars. I'm a farmer who knows the land, the forests, the water and the wildlife. I'd like to manage them for the citizens of Washington.

Statement: To solve the problems in our educational system, we need to celebrate our progress and share best practices developed by successful students, teachers, and administrators. Once we focus on what is right in our schools, we can work together to overcome obstacles. High-stakes testing and charter schools will not help our students achieve. We need a variety of assessment methods throughout the year to determine what students are learning and struggling with. Our schools need to be safe places, free from bullying with high quality STEM programs, visual/ performing arts, athletics, and vocational education, so students develop a variety of skills to prepare them to be successful adults. Education is the most important thing that we do as a civilization. Every dollar spent educating our citizens decreases unemployment and use of other social services and increases our quality of life and ability of our people to be resilient during difficult times.

Other Professional Experience: Elementary and middle school teacher; elementary and high school principal; Executive Director of the Public School Employees of Washington.

Education: Bachelor's Degree from University of Idaho; Masters Degree in education from Pacific Lutheran University; Superintendent's credential from Washington State University.

Community Service: Jobs for America's Graduates National Board of Directors; Washington State Department of Natural Resources' Board of Natural Resources; Association of Washington School Principals' President's Award; Washington Association of School Administrators' Golden Gavel Award; Association for Career and Technical Education's National Leadership Award.

Statement: For the past three years I've had the privilege of being your Superintendent of Public Instruction. I first ran for this office in 2008 to reform education and bring new leadership to Olympia, and in a few short years, we've made a lot of progress: We replaced the WASL with a better, fairer system of testing. Enacted reforms to hold everyone in education more accountable for student learning, and improved our ability to improve or remove struggling teachers, Created cutting-edge programs to prepare our kids for the jobs of the future by partnering with companies like Microsoft and Boeing, And I have consistently led the fight in Olympia for more education funding to meet our constitutional obligation to Washington's kids.

I am running for re-election because the work is not done. We must continue to reform our schools in order to maintain high standards and increase accountability. And we need to demand full funding of education so our students have the tools and resources they need to get the world-class education they deserve.

As a teacher, principal, and legislator I've always made our kids' future the highest priority.

I would appreciate your vote.

Superintendent of Public Instruction

Don Hansler

Elected Experience: None

Other professional experience: Teacher of science and math for 13 years. Supervisor of the science program for 32 Bellevue schools for 12 years. Adjunct instructor for Seattle Pacific University since 1986. Published a college textbook on methods of teaching thinking skills.

Education: Bachelor of Science in Fisheries, Master of Science in Fisheries, and Teaching Certificate, all from the University of Washington.

Community Service: Served on numerous advisory boards for Issaquah schools, and served as district levy chairman. Taught thinking skills 5 days a week for 12 years on a volunteer basis.

Statement: I have the characteristics that are essential for a Superintendent of Public Instruction who can lead this state into becoming a place where everyone has the opportunity for a good education. I recognize the need for significant changes in our state educational system in order to make it more "user-friendly" - for students, teachers, and parents. Some of the major changes that I will advocate during my term in office are the following: 1. Bonuses for teachers who are rated to be outstanding by parents of students 2. Full state funding of education, accompanied by a ban on special school levies for operations, and elimination of state business taxes. 3. Establishment of a three-level high school diploma system: minimum, basic, and advanced. 4. Revision of our state testing system, in order to eliminate some important flaws that it has. 5. Promotion of the methods of teaching that will improve students' thinking skills. Details of these changes and others that I will pursue are presented in my book "More Than A Band-aid". A free copy may be requested by emailing me at: donhansler@comcast.net. I have been married to Marge Keister Hansler since 1958, and have 3 daughters and 6 grandchildren.

Community Service: A founding and participating parent, Vashon (WA) Parent Involvement Program, Alternative Elementary School (40 students) 1983-90.

Statement: Every family should have the opportunity to take responsibility for individualizing the public education of their own children. To that end, I propose a new foundation for public education, of which the existing local public school districts would be an unchanged part. This new foundation would consist of:

Individual Student Trust Accounts - for all students, funded annually using each student's existing \$10,000+ state education voucher. With approval, each student's parents may spend these accumulating funds at any Registered Public Education Program(s) of their choice. A *Registered Public Education Program* would be any educational program, regardless of ownership, which: accepts only trust funds as tuition, i.e. "free"; fills at least 80% of its openings without admission qualification, i.e. "open enrollment"; permits no organized devotional instruction or activities; and publishes measurable educational and behavioral goals for its students. Students not achieving these goals may be dismissed.

Neighborhood Education Districts - three locally elected trustees will oversee the educational progress of 50 to 200 participating neighborhood students. The trustees must approve parental education choices for students passing applicable WASL tests.

Community Facility Districts - locally elected, will own, operate and maintain all public facilities. Life-cycle maintenance funds will be included in the original bond funding.

Statement: Our country is beset with many challenges: Jobs are being sent overseas; The value of our currency is being reduced; Our national sovereignty is being undermined; Sexual anarchy is being promoted by some of our most trusted institutions; Our children are not learning their rights and responsibilities as citizens of a constitutional republic; The federal government is usurping more and more power from local government; The morale and combat effectiveness of our military is being undermined by continual involvement in no-win wars; Religious liberty is being suppressed at the same time Islamic mosques that promote terrorism are not being monitored or controlled; Our media are at best derelict in not keeping us informed on important issues, instead keeping us occupied with the trivial and mundane; Judges have usurped legislative authority and in some instances suppressed our Constitutional liberty, thus changing our republic into an oligarchy; The EPA is imposing regulations to abolish rural private property ownership and undermine our economy.

These and other issues require our response. As PCO, I will apply the principles of Abraham Lincoln: identify like-minded people, educated them on the issues, and motivate them to get involved and vote.

Insurance Commissioner

John R. Adams

(Prefers Republican Party)

Elected Experience: Lake Washington School District Board of Directors - 8 years

Other Professional Experience: Board Member Washington Assigned Risk - USL&H pool; 42 years as Insurance Underwriter and Broker

Education: University of Washington BA Business Government & Society; Hartford Insurance Group Career Development Program; Continuing Education in many different areas

Community Service: US Army 1962-65; American Legion; Port of Seattle FTAC committee

Statement: Ex-Congressman Kriedler has been our State's Insurance Commissioner for 11 years. It's time for a change. Over the past seven years annual healthcare premiums increased 50% and employee share of premiums increased by 63%. If premium trends continue the average premium for family healthcare coverage will rise 72 percent by 2020.

Our State Insurance Commissioner's system for regulating private insurance companies is outdated. It stifles and limits competition. Access of affordable insurance can be expanded through smarter regulations. Unfair underwriting practices must be stopped to eliminate discrimination.

I will present a series of remedies to shortcomings of so-called "healthcare reform" to restore choice and increase market availability. I will provide leadership for enabling group purchasing of prescription drugs in this state to lower healthcare coverage costs and reduce Co-pays. State tort laws must be reformed to address rising costs to medical care providers in order to make treatment affordable.

With my four decades of experience as an independent insurance broker serving Seattle's commercial insurance needs, I know how to get insurance cost down for consumers. As a former elected member of the Lake Washington's School Board, I worked for better schools by cutting bureaucracy that discouraged good classroom teaching.

Education: University of Washington, BA, History

Community Service: Life long resident of the state. I volunteer on behalf of a variety of community activities and events

Statement: *It's time for a new Insurance Commissioner.* Over the last 16 years politicians have run this office and we now have fewer choices and costs have skyrocketed. I will cut red tape, bureaucracy and reduce the mandates insurance providers face which keep competing insurance products out of Washington that are available in neighboring states.

I will reform the Insurance Commissioner's office as well. Staff has increased by 35%, to 225, with a budget of \$115 million per year. The result: insurance providers are forced to spend your premium dollars complying with burdensome and unnecessary paperwork rather than paying claims.

I have 35 years experience in the insurance industry at every level. I have trained tens of thousands of your neighbors to be ethical, honest consumer advocates. I will commit to a performance audit of the office and to bring small business efficiency and effectiveness to the job; I will always put consumers first.

David Spring

(Prefers Democratic Party)

Elected Experience: Legislative Chairperson, Opstad Elementary School PTA.

Other Professional Experience: Instructor, Bellevue College. Researcher, University of Washington. Successful Small Business Owner and Manager. Director, Fair School Funding Coalition, a non-profit organization

dedicated to restoring school funding in Washington State.

Education: Washington State University: Bachelor of Science Education, University of Washington: Master's Degree in Education.

Community Service: After college, David served as a VISTA volunteer starting an alternative school for at risk youth. He also served with King County Search and Rescue and on King County and Washington State Planning Commissions. David is a homeowner in North Bend and a leader of the Washington Public Bank Coalition.

Statement: We pay some of the highest State taxes in the nation. Yet our children attend some of the lowest funded, most overcrowded schools. Precious tax dollars that should go toward schools have instead been diverted, by our corporate dominated legislature, into *billions of dollars in out of control tax breaks* for wealthy multinational corporations. As a consequence, thousands of teachers have been fired and public safety budgets have been slashed while taxes on the rest of us have skyrocketed.

I will work hard to save our schools, restore jobs, rebuild our economy and reign in corporate corruption of our Democracy!

Statement: There are *no* active teachers in the legislature. Maybe that is why we rank among the bottom in class size and per-pupil funding, and display a shocking achievement gap for minorities. Steve is tired of partisan bickering and will work hard as a legislator to achieve results, just as he has as a teacher and coach.

Unfunded mandates restrict educators' flexibility to teach our diverse students. My experience with schools reaffirms basic education is fundamental. Time for new government; Respecting the voice of the People, reprioritizing the budget and continuing to protect our civil rights.

Statement:

Thank you for the opportunity to serve you and build a strong economy for Washington.

As chairman of the House budget committee, I negotiated the last two critically acclaimed, bi-partisan budget agreements. We passed key reforms including a 4-year balanced budget requirement and significant long-term expenditure reductions. With your support I will continue to emphasize a strong, fully-funded education system, balanced state budgets, and work to ensure the 520 bridge project remains on-time and under-budget.

We must reward great teachers to keep them in the classroom and prioritize funding using the successful, innovation-school model.

A small-business owner, I know local innovation is key to economic growth. I will reduce needless regulation and excessive taxes that hurt job creators. With like-minded members of both parties, I helped balance Redmond's budget. With your support, I will continue that spirit to end excessive partisanship.

Community Service: Pro Bono Community Service including four years challenging Seattle School District school closures. Owner, Peregrine Falcon Rookery/Reserve, most successful in the nation.

Statement: Scott Stafne believes our high court needs a fresh voice with a depth of legal experience that can restore better legal interpretations to our judicial system. Currently he takes great issue with the Supreme Court for not following their own rules, accepting poor Court of Appeals decisions they do not challenge, and issuing poor judgments without adequately stating their reasons.

Scott Stafne is a lawyer's lawyer – with more experience in diverse aspects of the law than the Justice he's opposing who's been on the high court for 12 years. His experience includes constitutional law, land use, marine resources, personal injury, municipal and school systems law, admiralty law and much more.

He has spent his career defending their rights against banks, insurance companies, municipalities, and government. Among his most reported cases: the firefighter killed in the Fortymile fire outside Wenatchee; parents challenging the 2009 Seattle School Closures and student assignment plan, hundreds of recent clients faced with illegal foreclosures and credit problems, and thousands of pro bono hours for people who could not afford an attorney.

Scott says: "It's time to shake up the Supreme Court with people who have more depth of legal experience than they have an agenda."

Community Service: Community volunteer.

Statement: The Washington Supreme Court is often a citizen's Court of last resort and has the final say on issues of Washington law. The U.S. Constitution and Washington State's Constitution are the ultimate laws upon which decisions must be made. The Constitution should not be a living, breathing document that changes with the whims of the Court in response to politics or popular demand. The Constitution is the bedrock when deciding cases. Judges should be elected without influence from a political party or special interest group. Voters should not settle for a judge who has been appointed by the most partisan office of the State. Nor should a judicial candidate be allowed to purchase an election through contributions from special interest groups and/or attorneys whose cases could be the subject of that Judge's rulings. As a Supreme Court justice, I will insure fundamental constitutional principals are not offended or altered for the sake of accommodating prevailing popular sentiment. I am not afraid to challenge prior case law that misapplies fundamental constitutional principals and rights. My tenure in the Supreme Court will be one free of special interest associations or the politics that can call into question Judge's impartiality.

For 28 years, Sheryl has been defending our Constitutional rights in the Washington Supreme Court and other appellate courts and is the best qualified candidate for this position. Lawyers nationwide seek her expertise and advice.

Sheryl McCloud has a proven record of commitment to communities of color and a long history of providing free legal assistance to those who lack the ability to pay - those who would be without meaningful access to justice without her help. Justice Position No. 9

Richard B. Sanders

Legal/Judicial Experience: I served on the Supreme Court until 2011, first elected in 1995; and reelected in 1998 and 2004. I wrote more opinions than any other current Justice. Before that, I practiced law for 26 years. I also served as an adjunct professor teaching appellate advocacy at the UW School of Law, and guest lectured on state constitutional law at Seattle University.

Other Professional Experience: I am an Eagle Scout and played for the University of Washington in the Rose Bowl. (French horn!)

Education: B.S. and J.D., University of Washington

Community Service: I frequently lectured and wrote many legal articles and opinion pieces explaining our constitutional rights.

Statement: *Why has Justice Tom Chambers endorsed Richard Sanders to take his seat on the Court? Because he knows Richard is a person of unquestioned integrity, devoted to protecting the rights of all citizens.*

Article 1, Section 1 of our constitution states: "governments...are established to protect and maintain individual rights." I believe that's also the job description of a Supreme Court Justice: we must look out for the "little guy" and protect citizen rights. Sometimes this makes me seem conservative, as when I support property rights, and sometimes it makes me seem liberal, as when I fight for free speech and personal rights to privacy. But I am consistent: we have rights the government must not violate.

Thomas Jefferson said the God who gave us life gave us liberty as well. It's a good thought to remember. I have support that cuts across the spectrum, with endorsements including: the State Republican and Libertarian Parties; legislators; judges and civil libertarians-- and more than 1,000 endorsers, including the Association of Washington Business and Washington Realtors.

Richard Sanders has earned our support and protected our rights. Vote to return Sanders to the Supreme Court.

Community Service: Now doing volunteer work defending homeowners in forfeiture cases, Boys and Girls Club Board, Communities in Schools, Safe Streets of Pierce County, Habitat for Humanity, Law Enforcement Support Agency, Tacoma-Pierce County Board of Health

Statement: John Ladenburg is the only candidate who started out as a storefront lawyer representing working class people. He's also the only candidate who has tried major cases as a defense attorney and as a prosecutor.

John is the only candidate who has received eight perfect annual audits as the Pierce County Executive and the only candidate with an environmentalist record, successfully chairing Sound Transit and instituting numerous environmental programs as County Executive.

What's more, John created the nation's first "Sex Predator Notification Law," later approved by the U.S. Supreme Court. Right now, he's suing a big bank for improperly foreclosing on a young couple. And he's doing it for free.

John is rated "Exceptionally Well Qualified" by the Pierce County Bar Association, and endorsed by 15 county prosecutors; Grays Harbor, King, Pierce and Snohomish County Democrats; Congressmen Norm Dicks; Ron Sims; the Washington State Labor Council and more.

The third of 16 children, John was born in Leavenworth, WA and graduated from Stadium High in Tacoma. John married his wife, Connie, 42 years ago. They have five children and ten grandchildren. We need a Justice like John who has as much experience working with people as working with the law.

Statement: Voters are often frustrated by the lack of information about judges. I recommend the award winning website votingforjudges.org as an excellent source of information to assist in making informed decisions about judicial candidates.

As a judge on the court of appeals, I participate in deciding cases on appeal from trial courts. These cases include disputes in civil, criminal, juvenile, family law, and other areas. The state supreme court further reviews a small number of these cases.

Community Service: Seattle-Lake City Lions Club; Lake City Community Center Board; Faith Lutheran Church

Statement: Thank you for the privilege of serving on the Court of Appeals for the past 14 years.

Your right of appeal to a three-judge panel of the Court of Appeals is a critical part of the safety net that protects our rights. The large volume of cases and tremendous variety of civil and criminal issues makes the job very challenging. My experience while a lawyer in private practice and during 16 years in the legislature prepared me well for the breadth of issues. I have thoroughly enjoyed working with the other members of the court and wrestling with those challenges to make just decisions and to write good opinions.

I believe a judge should serve the community in ways beyond the decisions made on the bench. I work hard on court budget matters and participate actively in judicial administration. I remain committed to making information about the law more accessible to the public through the "lawforwa.org" website. And, I will continue to promote awareness of your civic rights and responsibilities through the Council on Public Legal Education.

I ask for your vote of confidence and the opportunity to serve you for another term.

Proposition No. 1**Vote to Select a Library Site Downtown**

After Renton voters chose to join King County Library System (KCLS), Renton contracted with KCLS to provide a state of the art library in downtown Renton. The library will be located at EITHER the existing library location over the Cedar River (100 Mill Ave. South), OR West of the Renton Piazza (508 South 3rd Street). If the Piazza site is chosen, Renton will keep the existing library building for alternative public use in the future.

Which location should be the site of the downtown library?

- Over the Cedar River
 West of the Piazza

The complete text of this measure is available at the Elections Office or online at www.kingcounty.gov/elections.

In favor of “Over the Cedar River”

Suggestions that the Cedar River location would exceed the budget are misleading. Two clauses in the agreement with KCLS allow for changes to the project/design to keep within budget. A 22,500 sq/ft State-of-the-Art library on Cedar River will be 50% larger than the 15,000 sq/ft proposal at the other location and cost 32.9% less per sq/ft. Renovating Cedar River Library amounts to a family-sized bargain for taxpayers, and good stewardship of revenue. The “real cost” of building a SMALLER library at the other location, rather than keeping and renovating Cedar River Library, would include millions of unbudgeted tax dollars to repurpose the vacated Cedar River Library for “alternate use.” That repurposing could double our cost. A renovated flagship KCLS library over the Cedar River at Liberty Park will continue to be a cornerstone tying our community together. With ample dedicated off-street parking, family-friendly open spaces free of traffic, and many surrounding recreational opportunities, there really is no better place. Consider the real costs. The Cedar River Library will be “state-of-the-art”, be 50% BIGGER, be CHEAPER costing 32.9% less per sq/ft and will eliminate the need to repurpose a vacated city property at future taxpayer expense. Vote Cedar River Library.

Rebuttal of “West of the Piazza”

Don't be misled again. Libraries don't drive commerce. Downtown revitalization deserves effective solutions. Moving our library isn't the answer. The opposition wants you to believe you can have two buildings for one price, but it's impossible. The city doesn't have, \$5-10 million to repurpose the existing library as an environmental center, nor millions more each year for operating costs. Moving the library would mean more taxes and less library. Vote for the Cedar River Library.

Statement submitted by: Stuart Avery, Beth Asher, and Nicola Robinson
www.rentonlibrary.com

Explanatory statement

In 2010, Renton citizens voted to annex to the King County Library System (KCLS). The annexation required Renton to fund and construct two new state of the art libraries to replace Renton's two existing libraries. Initially, the city proposed to locate the new downtown library at the site of the old Big 5 store west of the downtown Piazza and purchased that land. Since then, the Renton City Council decided to conduct a popular vote regarding the location of the new library in downtown. Voters are being asked to choose the location for the new downtown library construction. There are two locations under consideration: The existing library over the Cedar River (100 Mill Ave. S.), and the site west of the Piazza (508 S. 3rd St.). The city has projected it will cost \$10,100,000 to substantially renovate the existing Cedar River library to state of the art library standards. There may be an additional \$400,000 cost for temporary relocation of the library during that construction. The combined amount exceeds the current budget for the downtown library development. The proposed new downtown location west of the Piazza is projected to cost, including land acquisition, \$9,300,000. This is the amount budgeted. If voters choose the site west of the Piazza, the existing library building will be repurposed for future alternative public use. If the Cedar River location is chosen, the site west of the Piazza would be repurposed or sold. Repurposing of either location will require additional undetermined funding.

In favor of “West of the Piazza”

Renton's new library location next to the Piazza provides Renton great opportunities for several reasons. A new light-filled state of the art library with great visibility, onsite parking, centrally located in the downtown business district immediately extends the downtown hub adjacent to the Piazza and the Pavilion. This new library will provide expanded services to our citizens while lowering building and operating costs. This also allows the existing library building over the river to be re-purposed as an environmental center, giving Renton two fantastic assets for just slightly more than the cost of one extensive remodel to the existing library. Being centrally located the new library would open onto the Farmers Market, downtown festivals, car shows, Renton Art Walk and other great community events. Patrons can easily walk to and take advantage of Renton's nearby downtown businesses. The library also becomes a key component to redevelopment of the downtown.

The clear choice for the new library providing the highest level of service with minimal investment is the new library location west of the Piazza Park. Please vote for the Piazza Park Library that will serve our community and future generations for the next 50 years.

Rebuttal of “Over the Cedar River”

The West Piazza Library (15,000 Feet) and existing library (22,500 Feet) total 37,000 feet for little more than the costly, complex remodel of the old building, likely subject to cost overruns. Costs to repurpose for a non-library use are significantly less. This is nearly TWICE as much area and avoids a minimum two year closure. The library professionals of KCLS have designed an exceptional Piazza library. Vote for the right location: West of Piazza Park.

Proposition No. 1 Tax Levy for Maintenance and Operations

The Board of Commissioners of South King Fire & Rescue (King County Fire Protection District No. 39) passed Resolution No. 484 concerning a proposition to finance fire services and emergency medical services. This proposition would authorize the District to levy an excess property tax on all taxable property within the District beginning with collection in 2013 and continuing for three years thereafter to be used for maintenance and operations to maintain and increase the current level of fire services and emergency medical services. The levy amount for each of the four years would be \$3,500,000 collected each year at approximate rate of \$0.29 per \$1,000 of assessed value. Should this proposition be approved?

- Yes
 No

The complete text of this measure is available at the Elections Office or online at www.kingcounty.gov/elections.

Statement in favor

South King Fire & Rescue continues to offer higher quality fire and emergency services at a **lower cost** to taxpayers than surrounding communities. **However**, those services are **threatened**. In order to **maintain our service**, **please VOTE YES** for SKF&R's maintenance and operations levy.

Our fire district **has lost** over 22% of our annual revenue since 2009 as property values have declined. This reduction has necessitated major cutbacks in service levels and personnel, longer emergency response times, and 23 departmental vacancies including front line firefighters. Those who remain have taken voluntary cuts in pay and benefits.

This levy **maintains** current fire department services and personnel, only costs the average homeowner of a \$200,000 home less than \$5 per month, and restores an emergency aid unit to improve response times. Failure will ultimately lead to more cuts in vital services.

Our department runs a lean operation without sacrificing public safety. With the passing of this levy, our department's tax rate will remain lower than most neighboring jurisdictions.

This levy requires a 60% super-majority to pass. Please join the 59% of our community who already voted in favor of this levy.

WE NEED YOUR HELP!!! Vote YES in SUPPORT of our community's safety!

Rebuttal of statement in opposition

The Con Committee questions whether additional funding for the district is necessary.

The funding from this levy helps ensure that your fire department has the resources necessary to protect the public. Like everyone else in this recession the department has made sacrifices; they have reduced positions, given back raises, delayed equipment purchases and eliminated programs.

The district can sacrifice no further without seriously jeopardizing public safety. Vote YES for our community safety! YOUR VOTE MATTERS!

Statement submitted by: Wayne Corey, Jon McIntosh, and Danny Peterson
206-824-1066

Explanatory statement

South King Fire and Rescue, serving the citizens of Greater Federal Way and Des Moines, is placing an excess levy proposition on the August 7th, 2012 ballot. This proposition will authorize the fire district to collect \$3.5 million annually, at an approximate rate of \$0.29 per \$1,000 of assessed valuation, for a four year period covering 2013 through 2016. The proposition is presented to allow voters the opportunity to maintain current fire department services and personnel. In addition, it will allow the district to re-staff an aid car for emergency responses, which has been closed due to decreased revenues the past few years.

The fire district has lost over 22% of its annual revenue since 2009 due to the nationwide recession and loss of property values, necessitating cutbacks in service levels and personnel, including elimination of public education programs, closure of one aid car and reducing another to part-time status, the layoff of four employees, and a total of 23 departmental vacancies including thirteen firefighters whose positions have been eliminated through attrition.

Approval of this proposition would allow the department to maintain the current level of services. Rejection of this proposition would lead to additional reductions in service levels, the layoff of additional fire department personnel including the possible layoff of firefighters, potential elimination of special services such as rescue teams, and similar cutbacks.

Statement in opposition

Does the district need additional funding provided by this Excess Levy? Yes. For the third time in as many years, the district is asking for more money, hoping that increases in voter approval will surpass voter fatigue of repeated ballot measures.

This Excess Levy covers the bare minimum, increasing firefighter numbers while training and district buildings continue to suffer.

Elections cost almost \$150,000 tax dollars. Has the administration shown enough leadership and financial responsibility? Remember, the district likely will be back again in each of the next three years asking for more money.

They had no public vote for the \$4.7 million training center property, costing \$230,000 per year (interest only) with nothing paying the principal and no funds for construction. And even though the bond was refinanced, the general public hears no district discussion since 2009 of the proposed **\$65 million training/administration/maintenance facility**.

Have you seen enough positive changes to pass an Excess Levy?

Possibly, yet our firefighters have repeatedly suffered wage freezes while some commissioners continue demanding pay for non-essential mileage and meals.

Have they sacrificed enough for you to vote increasing your taxes?

Does the district warrant passage of an Excess Levy?

Rebuttal of statement in favor

Vote for Accountable governance.

Sacrifices by our firefighters are to be lauded.

Will the actions of two elected officials jeopardize levy passage?

Failing Walk-the-Talk restraint during budget crisis, **taking no pay cuts for nonessential meals-and-wheels expenses**, some on your governing body say one thing but do another.

We agree. Services are threatened. By me-first attitudes of a few.

If this levy fails, look to these two "lean operation" commissioners for accountability.

Proposition No. 1

Shall Valley Regional Fire Authority, serving the communities of Algona, Auburn and Pacific, be authorized to continue voter-authorized benefit charges each year for six years, not to exceed an amount equal to sixty percent of its operating budget, and be prohibited from imposing an additional property tax under RCW 52.26.140(1)(c)?

- Yes
 No

The complete text of this measure is available at the Elections Office or online at www.kingcounty.gov/elections.

Statement in favor

Funding for essential services needs to be renewed. This is not a new tax or a tax increase, but simply a vote to maintain the current funding model. Valley Regional Fire Authority has managed our tax dollars very well while delivering superior fire & emergency medical services to our communities.

The Fire Benefit Charge (FBC) is about 44% of the department's operating budget. Failure to renew this funding model will result in fewer firefighters available to respond, longer response times, less training and elimination of important prevention programs.

Our VRFA firefighters respond to many different types of emergencies, from literally saving lives to helping an older citizen up from a fall. These services protect our property and improve our quality of life, providing value to our communities. Our firefighter/EMT's are always there for us, so please join us in *voting yes* in support of them and maintain this vital funding.

Statement submitted by: Donna Foxley, Robert "Bob" Baggett, and Tracey Apata

Explanatory statement

In 2006, voters from Algona, Auburn, and Pacific, approved the Fire Benefit Charge (FBC) by a super-majority (more than 60%). Since 2008, the FBC has supported about 44% of the Valley Regional Fire Authority (VRFA) operating budget. Every six years, approval to continue the use of the FBC funding model is required by state law. Support of the FBC for another six years will allow the VRFA to maintain response times and service levels for fire protection, emergency medical aid calls, training of personnel and the purchase of necessary equipment.

The FBC is calculated based on occupancy type and square footage of structures. It reflects a direct and proportional assessment of the cost of providing appropriate fire protection services to a particular building. Each year the Board of Governance reviews the FBC in a public hearing to ensure fiscal responsibility of this funding for the coming year. Revenue derived from the FBC is restricted by state law to not exceed 60% of the VRFA operating budget. By approving the FBC, state law prohibits imposing an additional property tax of fifty (50) cents per thousand dollars of assessed property value for fire protection services otherwise allowed by law. The law allows discounts for senior citizens and for buildings with approved fire sprinkler systems. Property owners may appeal their assessments.

Full text of Ordinance No. 17304

AN ORDINANCE providing for the submission to the qualified electors of King County at a special election to be held in King County on August 7, 2012, of a proposition authorizing a property tax levy in excess of the levy limitation contained in chapter 84.55 RCW for a consecutive nine year period at first year rate of not more than \$0.07 per one thousand dollars of assessed valuation, to fund capital costs of replacing the children and family justice center located at 12th Avenue and East Alder Street in Seattle.

SECTION 1. Findings:

- A. Public safety is a fundamental purpose of government.
- B. A strong criminal justice system is necessary to maintain safe and livable communities.
- C. Under Washington state law, counties provide many regional and local criminal justice functions, including police protection, the incarceration of offenders, court services, and the prosecution and defense services of defendants.
- D. The children and family justice center (“CFJC”) facility at 12th Avenue and East Alder Street in downtown Seattle serves the justice needs of King County youth and families.
- E. The CFJC is in a state of disrepair and has reached the end of its useful life. The costs of maintaining the buildings have become untenable with over twenty million dollars in needed maintenance costs alone. The facility is in need of replacement to ensure the continuing justice services for King County children and families and to meet the demands of population growth in future years.
- F. The superior court has undertaken long range planning efforts for the provision of juvenile and family justice services and has completed both a Targeted Operational Master Plan (“TOMP”) and a Targeted Facilities Master Plan (“TFMP”) which recommended replacement of the CFJC and improvements to the facilities to meet future demand.
- G. Planning efforts have also determined that replacement of the detention facilities with a modern design will allow the county to optimize operations to reduce operational costs and avoid necessary major maintenance expenses on the existing facilities. Additionally, relocating the placement of detention facilities on the site will maximize the residual value of the remaining land.
- H. Current funding for criminal justice is limited and insufficient to provide King County residents with the level of services needed to build and maintain safe and strong communities and to all make the necessary updates to criminal justice capital facilities, including the CFJC.
- I. To counter this shortfall and a general lack of funding for county government, King County has aggressively worked to reduce expenditures by consolidating departments and functions, reducing labor costs and eliminating positions and programs.
- J. To save taxpayer dollars and have the greatest possible impact on those in need, King County makes substantial investments in prevention and intervention efforts that reduce criminal justice involvement and costs, including job readiness, employment services and ending homelessness, in conjunction with funding traditional criminal justice services.
- K. To contain costs and bring growth in revenues and expenditures into equilibrium, King County has continued to find efficiencies and capitalize on productivity gains through the better use of technology, better program management and performance measurement.
- L. King County has also worked to obtain additional revenue tools from the state Legislature to offset the structural funding problem facing King and all other Washington state counties. However, these changes have not been sufficient to solve the county’s projected revenue shortfalls.
- M. The county’s projected future deficits threaten important criminal justice and other essential government functions.

N. The county council hereby finds that essential public health and safety services provided by the CFJC are of general benefit to all of the residents of King County. To maintain King County’s ability to continue to provide services at a facility on the current site of the CJFC, the county council finds that the best interests of all of the residents of the county require the county to undertake a replacement project for the facility.

O. The county council further finds that it is appropriate to ask the voters to fund the replacement of this essential criminal justice facility through a nine-year \$0.07 property tax levy.

SECTION 2. Definitions. The definitions in this section apply throughout this ordinance unless the context clearly require otherwise.

A. “Children and family justice center replacement project” means a capital project or series of capital projects to design, remodel, construct and equip facilities for juvenile justice and family law services, including but not limited to replacement of the Alder wing, tower, detention facilities, and associated parking facilities located at the children and family justice center necessary to replace and expand the existing county facilities located at 12th and Alder in Seattle.

B. “Capital costs” includes the costs of architectural, engineering, legal and other consulting services, inspection and testing, administrative and relocation expenses, site improvement, demolition, on and off-site utilities, related improvements and other costs incurred incident to the design, remodeling, construction and equipping of the children and family justice center replacement project and its financing, including the incidental costs and costs related to the sale, issuance and delivery of the bonds. However, “capital costs” shall not include the costs of maintenance or operations.

SECTION 3. Levy submittal. To provide necessary funds for the capital costs for design, remodeling, construction and equipping of the children and family justice center replacement project, the county council shall submit to the qualified electors of the county a proposition authorizing a regular property tax levy in excess of the levy limitation contained in chapter 84.55 RCW for nine consecutive years, commencing in 2012, with collection beginning in 2013, at a rate in the first year not to \$0.07 per one thousand dollars of assessed value. In accordance with RCW 84.55.050, this levy shall be a regular property tax levy, subject to the statutory rate limit of RCW 84.52.043

SECTION 4. Project description.

A. The children and family justice center replacement project will replace and expand of the Alder Tower, Alder Wing, detention facilities and associated parking facilities of the existing facility located at 12th and Alder in Seattle. The exact project specifications shall be determined by the county council.

B. The council estimates that the capital costs of design, remodeling, construction and equipping of the children and family justice center replacement project will be in the range of two hundred to two hundred ten million dollars.

SECTION 5. Deposit of levy proceeds. If approved by the voters, the levy proceeds shall be deposited in a first tier fund that shall be established by the council upon voter approval of the ballot measure. Proceeds from the fund shall be used solely for any eligible purpose identified in section 6 of this ordinance.

SECTION 6. Eligible expenditures. If approved by the qualified electors of the county, the levy proceeds shall be used only for capital costs for the children and family justice center replacement project.

SECTION 7. Call for special election. In accordance with RCW 29A.04.321, the King County council hereby calls for a special election to be held in conjunction with the general election on August 7, 2012. The director of elections shall cause notice to be given of this ordinance in accordance with the state constitution and general law and to submit to the qualified electors of the county, at the said special county election, the proposition

hereinafter set forth. The clerk of the council shall certify that proposition to the director of elections, in substantially the following form, with such additions, deletions or modifications as may be required for the proposition listed below by the prosecuting attorney:

PROPOSITION 1: The King County council has passed Ordinance 17304 concerning funding for a replacement facility for the Children and Family Justice Center. This proposition would authorize King County to levy an additional property tax to provide funding for capital costs to replace the Children and Family Justice Center, which serves the justice needs of children and families. It would authorize King County to levy an additional regular property tax of \$0.07 per \$1,000 of assessed valuation for collection in 2013. The 2013 levy amount would become the base upon which levy increases would be computed for each of the eight succeeding years, all as provided in Ordinance 17304. Should this proposition be:

Approved? _____

Rejected? _____

SECTION 8. Energy efficiency.

A. If the proposition in section 6 of this ordinance is approved by the voters, then, before requesting construction funds, the executive will submit to the council a report on alternatives for heating and cooling the new facility. The report shall contain, at a minimum:

1. Options for heating and cooling the building;
2. A discussion of the operating, maintenance and equipment replacement costs for the various options;
3. A discussion of the greenhouse gas contributions of the various options;
4. A discussion of how each option achieves the goals established by the Seattle 2030 district, of which king county is a participating member;
5. A discussion of any approved city of Seattle district energy project that might encompass the children and family justice center.

B. The executive must transmit the report required to be submitted by this section in the form of a paper original and an electronic copy with the clerk of the council, who shall retain the original and provide an electronic copy to all councilmembers, the council chief of staff and the lead staff for the budget and fiscal management committee or its successor.

SECTION 9. Severability. If any one or more of the provisions of this ordinance shall be declared unconstitutional or invalid for any reason, such decision shall not affect the validity of the remaining provisions of this ordinance, the bonds or any short-term obligations issued in anticipation thereof, and this ordinance, the bonds and any short-term obligations issued in anticipation thereof shall be construed and enforced as if such unconstitutional or invalid provisions had not been contained herein.

Ordinance 17304 was introduced on 3/5/2012 and passed by the Metropolitan King County Council on 4/16/2012, by the following vote:

Yes: 8 - Mr. Phillips, Mr. von Reichbauer, Mr. Gossett, Ms. Hague, Ms. Patterson, Mr. Ferguson, Mr. Dunn and Mr. McDermott
