Department of Executive Services -- Airport Division Roundtable  
Meeting Minutes for June 8<sup>th</sup>, 2026

Meeting Opening, Roll Call, and Quorum Update

The meeting was called to order by the Chair, Ali Lee, at approximately 5:00 p.m. Rollcall was conducted, and a quorum was later confirmed following attendance verification.

The Chair then opened the public comment period and reviewed participation instructions for attendees joining in person, by phone, and via Zoom.

Public Comment

The Chair announced that each attendee would have two minutes for public comment, with a total of ten minutes reserved for the public comment period. No in-person commenters came forward.

One caller had a public comment. The comment is as follows:

*This is John La Porta.*

*Good evening, Madame Chair Lee, members of the roundtable advisory committee, airport management and fellow airport stakeholders.*

*As you know, my name is John Laporta. I'm a flight instructor, aircraft owner, airport tenant, and owner of Altai Air, LLC flight school. Tonight, I would like to introduce the KBFI King County International Community Airport Watch and Safety Program, a Voluntary Airport User Awareness and Information Sharing Initiative, designed to help improve safety, security awareness, and communication throughout the Boeing Field's community. This program was created in response to actual incidents reported by airport users over the past several years. In 2024, a female flight student parked at Northeast parking reported being approached in broad daylight by a man who attempted to pick her up. When she refused, he attempted to sell her drugs. She feared for her safety and quickly returned to her vehicle, choosing to wait for her instructor before entering the airport. In 2025, six vehicles parked at Modern Aviation were reportedly targeted by several individuals who arrived simultaneously, broke into the vehicles, vandalized them and stole property. Also in 2025, the Boeing company installed approximately one mile of (security) fencing near its facilities, to protect employee vehicles from ongoing vandalism, and theft, while employees were at work. Despite those efforts, Boeing employees have continued to report vehicle break-ins and vandalism during 2026 while working at the Boeing delivery center. Most recently, on*

Department of Executive Services -- Airport Division Roundtable  
Meeting Minutes for June 8<sup>th</sup>, 2026

*May 6th, 2026, a Toyota Prius belonging to a Ranier flight student employee, parked in Southwest Parking between approximately 8 a.m. and 6 p.m. had its catalytic converter cut off and stolen during normal business hours. These incidents demonstrate that airport users are often the first individuals to observe suspicious activity, criminal activity, security concerns, and safety hazards.*

After confirming there were no additional commenters in the room, on Zoom, or by phone, the public comment period was closed.

#### Approval of Prior Meeting Minutes

The Chair called for approval of the previous meeting minutes.

Hearing no objections or discussion, a motion was made to approve the minutes and was seconded. The motion passed, and the minutes were approved.

#### Airport Staff Updates

##### Vision 2045 and Part 150 Study Update

Airport staff reported that a preferred alternative has been selected for Vision 2045 and is currently open for public comment. Over the next six months, staff will focus on environmental screening and financial feasibility analysis.

Regarding the Part 150 study, the draft Noise Compatibility Plan has been submitted to the FAA, and staff are awaiting feedback.

##### General Aviation Proviso Update

Staff provided an update on the 2026 King County Council proviso related to general aviation.

The study requires evaluation of airports within a 30-mile radius, including:

- Renton Municipal Airport
- King County International Airport (Boeing Field)
- Auburn Airport
- Harvey Field
- Bremerton National Airport

Department of Executive Services -- Airport Division Roundtable  
Meeting Minutes for June 8<sup>th</sup>, 2026

- Tacoma Narrows Airport
- Pierce County Thun Field

Roundtable members suggested adding additional airports for comparison, including:

- Arlington Airport
- Olympia Regional Airport
- Skagit Regional Airport

Staff confirmed that one or two additional airports may be added.

#### Stakeholder Outreach for Proviso Study

Staff also requested input on stakeholders to interview as part of the study. Suggested stakeholders included:

- Fixed-base operators (FBOs) such as Modern Aviation
- Individual aviation operators and flight schools
- University of Washington researchers
- King County International Airport Community Coalition
- Aviation organizations (AOPA, EAA, Washington Pilots Association)
- Washington State Department of Aeronautics
- Labor groups and unions
- Seaplane Pilots Association
- Rainier Flight Service

Staff noted the study will culminate in policy recommendations to protect and expand general aviation capacity and will be submitted to King County Council.

#### Roundtable Membership and Candidate Updates

Airport staff presented candidates for open Roundtable seats:

South Park:

- Betsy McFeely
- Bob Rinker

West Seattle:

Department of Executive Services -- Airport Division Roundtable  
Meeting Minutes for June 8<sup>th</sup>, 2026

- Connor Wollensack
- Jeff Hammock

Members discussed interest in having greater Roundtable involvement in reviewing or recommending candidates. Staff noted that final appointments are made by the King County Executive and Council, though feedback from members may be considered.

Membership Review

The Roundtable discussed inactive members who have not participated in meetings over an extended period and have not responded to outreach.

Two seats were identified:

- Rainier Valley
- Unincorporated King County

Staff confirmed multiple attempts had been made to contact these members over more than a year with little or no response.

Following discussion, a motion was made to vacate the Rainier Valley seat and advertise the Unincorporated King County and Rainier Valley seat to allow new applicants. The motion was seconded and passed unanimously. The roll call vote follows.

Staff will coordinate with King County Boards and Commissions to ensure proper procedures are followed and will proceed with outreach and recruitment for the positions. The Roundtable would like to advise on candidates when possible.

Museum of Flight Seat Update

Staff reported that the proposed addition of a Museum of Flight seat has been approved through the executive branch and is pending further action by the King County Council.

No definitive timeline was provided, but staff will continue to provide updates. Regular coordination meetings will occur to track progress.

Community Engagement Update

Staff reported on recent outreach activities, including:

- Participation in Women in Trades events

Department of Executive Services -- Airport Division Roundtable  
Meeting Minutes for June 8<sup>th</sup>, 2026

- Engagement at Puget Sound Skills Center career fairs
- Youth outreach through Raisbeck High School
- Presence at Y Center events
- Upcoming participation in Georgetown Carnival

Staff reiterated availability to attend community meetings and host airport tours for stakeholders.

### Financial Reporting Update

Staff noted that financial reporting timelines resulted in the same monthly report being included in the meeting packet. Updated financial reports will resume in the following month.

Members commended the improved clarity of financial reporting and requested clarification on specific data discrepancies, which staff will follow up on.

### Sound Transit Update

The Chair reported that funding for the Graham Street station has been fully approved. Efforts are ongoing to secure full funding for the Boeing Access Road station.

Members discussed continued advocacy efforts, including outreach to elected officials and preparation of additional support letters.

### Roundtable Priorities Review

The Roundtable reviewed progress on key priorities:

- General Aviation Policy Support: Progress underway through the proviso study
- Community Engagement: Increased activity and outreach efforts noted
- Museum of Flight Seat: Advancing through approval process
- Property Acquisition: Ongoing communication and planning
- Rates and Fees: Study underway; no immediate changes pending results

Staff confirmed that rate adjustments requiring council approval are on hold pending completion of the study.

Department of Executive Services -- Airport Division Roundtable  
Meeting Minutes for June 8<sup>th</sup>, 2026

Vision 2045 Subcommittee

The subcommittee reviewed preferred alternatives and identified limited concerns.

One concern involved aircraft parking and taxi operations near the customs box, which may create operational constraints and inefficiencies. Staff acknowledged the issue and noted ongoing planning considerations.

The Roundtable will consider formal comments at a future meeting. Erik Utter recommended that the Roundtable take a formal vote to support the Vision 2045 preferred alternative.

Georgetown Steamplant Follow-Up

Members discussed next steps regarding the Georgetown Steam Plant proposal.

The Roundtable agreed to request additional community outreach and stakeholder engagement before further consideration. Staff will communicate this expectation to project representatives and report back.

New Business

Members were reminded that requests for agenda items must be submitted by June 29.

The Chair also surveyed member availability for summer meetings and confirmed continued participation.

Key Action Items from the Roundtable

- Solicit additional airports and stakeholders for inclusion in the general aviation proviso study
- Coordinate with King County Boards and Commissions to formalize vacancy of inactive member seats
- Initiate recruitment process for newly vacated Roundtable positions
- Continue monitoring progress on Museum of Flight seat approval and provide updates
- Follow up on financial report discrepancies identified by members
- Support advocacy efforts for Boeing Access Road funding
- Prepare for future Vision 2045 comment and recommendation vote

Department of Executive Services -- Airport Division Roundtable  
Meeting Minutes for June 8<sup>th</sup>, 2026

- Request additional community engagement from Georgetown Steam Plant project representatives

The Roundtable agreed to meet in both July and August.

Closing

A motion to adjourn made, seconded and passed at 6:39 p.m.

**Please explain why you feel you are the most qualified candidate for this appointment.**

I am an active and engaged South Park resident and community member with years of experience in community and government relations and communications. I am a connector and relationship builder. South Park is an amazing community that faces many challenges such as institutional neglect, gentrification, lack of local resources, and poor air quality among others. The neighborhood is on the SeaTac airport flight path and next to industrial businesses. I would be a strong leader who can give voice to area concerns and work with partners on sustainable solutions.

**Please explain why you feel you are the most qualified candidate for this appointment.**

I recently departed my corporate career, which in greater Seattle included highly influential positions with both Amazon and T-Mobile, to pursue Commercial Aviation as a career. I am uniquely positioned to understand and appropriately balance both the revenue generating needs of King County Airport with its charter to serve the community at large. I am very strongly interested in leveraging my time and skillset I've built over my career to give back to Seattle and King County, specifically through Aviation.

**How did you learn of this opportunity?**

I learned of this opportunity to serve from King County Airport Roundtable member, Kelly Ronan-Hafner, who coincidentally represented the area I also hope to represent, West Seattle. She recommended I apply to the position and has provided me a wealth of information about the Roundtable, its current operations, and history.

Hello. I am the most qualified candidate to represent West Seattle because I would bring a unique and objective perspective to the board. I am a long time West Seattle resident that is continuously engaged in the health and wellness of my community. I also interact regularly with the airport as a Fire Department Captain that responds to emergencies at the airport with KCSO, a general aviation pilot, and a Senior Member of Civil Air Patrol Seattle Squadron that meets in the FSS building at KBFI. Thank you!
