## Universal Screening in King County Juvenile and Family Court Becca Programs Overview

## Why?

- Even without a formalized universal screening program, from April 2014 through March 2018, Juvenile Court referred 159 youth to community-based services for trafficking survivors/victims.
- We knew we were under referring boys and male identified youth to services.
- We wanted to identify youth earlier and provide more opportunities to connect with community-based services. Dr. Boyer's 2019 report indicated that youth often went years before getting services.
- We wanted to honor Rebecca Hedman and the intention of the "Becca Bill" and integrate Juvenile and Becca Programs.

## How?

- In April 2021, CSEC Policy & Program Manager was the sole employee in the CSEC Program. She successfully received **federal funding** via the 2021 OVC FY 2021 Enhancing Juvenile and Family Court Responses to Human Trafficking solicitation.
- This funding allowed for:
  - Hiring of the CSEC Coordinator and Screener
  - Additional Training Content
  - Training of CSEC Coordinator & Screener and CSEC Policy and Program Manager and select others to be trained to use the CSE-IT
- Prior to using the CSE-IT approximately 3% of youth in Juvenile Court/Family Court were referred to CSEC specific services. Currently approximately 10% of youth in Juvenile Court/Family Court Becca Programs are referred to CSEC specific services.

## **Selecting a Tool**

- <u>CSE-IT</u> WestCoast's *Commercial Sexual Exploitation-Identification Tool (CSE-IT*, pronounced "see it") is a <u>validated</u> screening tool that helps identify children who are commercially sexually exploited (CSE).
- The CSE-IT is appropriate for use by any provider serving youth, including child welfare workers, **probation officers**, mental health clinicians, and first responders. The CSE-IT is designed to improve early identification of youth who are experiencing commercial sexual exploitation of children (CSEC) and human trafficking.
- This human trafficking screening tool was developed with the input of over 100 survivors and service providers. Moreover, the CSE-IT has been <u>validated</u> with data from a 15-month pilot to ensure that it accurately identifies youth who have clear indicators of exploitation. The CSE-IT has robust statistical and qualitative evidence to support its use.

## Using the CSE-IT

- 8 domains
  - 1. Housing and caregiving
  - 2. Prior abuse or trauma

- 3. Physical health and appearance
- 4. Environment and Exposure
- 5. Relationships and personal Belongings
- 6. Signs of current trauma
- 7. Coercion
- 8. Exploitation
- Most questions are about current status with the following looking at lifetime:
  - O Youth has current or past involvement with the child welfare system.
  - o Youth has been sexually abused, physically abused, emotionally abused.
  - Youth has witnessed domestic violence.
  - Youth has current or past involvement with law enforcement or Juvenile justice.
  - O Youth has a history of sexual exploitation.

#### Post Screen: What is next?

- When a youth screens as "clear concern" Program Coordinator contacts the Juvenile Probation Counselor, Becca Case Manager, Truancy Case Manager.
  - o Informs them of the score.
  - Asks for input on making a referral.

## What we have learned

- Boys are screening as clear concern and in need of connection to services.
- Gender variant youth screen as clear concern and in need of connection to services.
- Youth who are very young (11, 12, 13) who are referred to Juvenile Court and Family Court Becca programs have high levels of past trauma.
- Having good communication between Court staff and community providers is key.
- There are not enough specialized services to accommodate all the "clear concern" cases.

## **WA Organizations Trained to use CSE-IT**

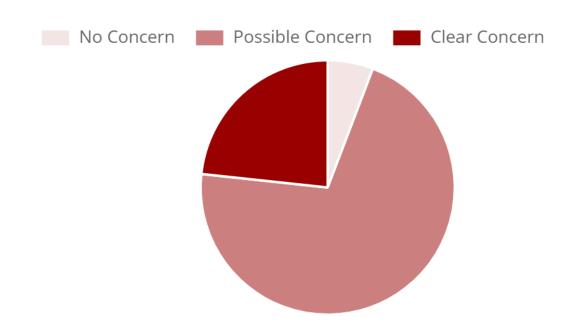

Breaking Generational Cycles, Seattle Children's Hospital, Escape to Peace, Harborview Assault and Trauma Center, Children's Justice Center of King County, King County Sexual Assault Resource Center, Y Social Impact Center, **King County Superior Court**, YouthCare, Beyond Survival, Partners with Families and Children, Mirror Ministries, StolenYouth
