Floodplain Development Permit

The undersigned hereby makes an application for a permit to develop in a flood hazard area. The work to be performed is described below and in attachments hereto. The undersigned agrees that all such work shall be done in accordance with the requirements of the *King County Code Title 21A* and with all other applicable local, state, and federal regulations. This permit does not create liability on the part of King County or any officer or employee thereof for any flood damage that results from reliance on this application of any administrative decision made lawfully thereunder.

Critical Area Compliance:

The undersigned applicant declares: 1.) That the applicant is competent to be a witness herein; 2.) That the applicant is the applicant for the above project; 3.) That to the best of the applicant's knowledge, the critical areas on the development proposal site have not been illegally altered; and 4.) That the applicant has not previously been found in violation of critical areas regulations for any property in King County, or alternatively, that if there have been any violations, such violations have been cured to the satisfaction of King County.

Permit Submittal

I am submitting for a permit authorized by the international building, residential, fire, or mechanical codes and in anticipation of having it approved or approved with conditions, I have read the following statement and understand that failure to comply with all conditions once construction is begun may necessitate an immediate work stoppage until such time as compliance with the stipulated conditions is attained. I certify that I have made a diligent inquiry regarding the need for concurrent state or federal permits to engage in the work requested under this building permit, and no such permits are required or I will have obtained the required permits prior to issuance of this permit. I understand that the granting of this permit shall not be construed as satisfying the requirements of other applicable federal, state or local laws or regulations. In addition, I understand and agree that this permit does not authorize the violation of regulations. In addition, I understand and agree that this building permit does not authorize the violation of the Endangered Species Act as set forth at 16 U.S.C. § 1531-1543, including the prohibition on the “take” of threatened or endangered species. “Take” is defined at 16 U.S.C. § 1532(19). I fully understand that it is my sole responsibility to determine whether such “take” restrictions would be violated by work done pursuant to this permit, and I understand that I am precluded by Federal Law from undertaking work authorized by this permit if that work would violate the “take” restrictions set forth at 16 U.S.C. §1538, 50 C.F.R. §17.21, 50 C.F.R. §17.31, 50 C.F.R. §223, and 50 C.F.R. §224.

I certify under penalty of perjury and under the laws of the State of Washington, the foregoing is true and correct. I further certify that all easements, deed restrictions, or other encumbrances restricting the use of the property are shown on the site plans submitted with this application. We (I) have been given authorization from the property owner to obtain this permit.
