- (a) Appeals by applicant require a deposit of \$5,000, in addition to a non-refundable appeal filing fee of \$250. If the appeal by the applicant is granted, the deposit will be refunded. If the appeal is denied, the applicant will be charged for the County's actual cost of responding to the appeal, excluding the costs of the conducting the public hearing itself.
- (b) Additional plan re-submittal after the second re-submittal is charged a re-submittal fee. Minor revisions to approved plans, as defined per KCC 19A.12.030, may be administratively approved. Major revisions change the vested requirements, and must be approved by the County's Hearing Examiner; additional fees will be charged equal to the review fees for a new preliminary plat application.
- (c) Simple sites principally involve private roadway improvements and small project drainage as defined by the Storm Water Design Manual. Complex sites have frontage improvements and full drainage as defined by the Storm Water Design Manual.
- (d) Custodial agency review for road and storm water facility engineering are assessed fees per Guides 06 and 07, respectively.
- (e) Deferred submittal of the final, signed and notarized mylar more than ninety days after approval of adjustment.
- (f) BLA is simple if all the properties have valid CADs or are all developed.
- (g) BLA is complex if one (or more) of the affected parcels is vacant and the vacant parcel(s) have no valid CAD(s).
