

WASHINGTON STATE

Joint Aquatic Resources Permit Application (JARPA) Form^{1,2} [\[help\]](#)

USE BLACK OR BLUE INK TO ENTER ANSWERS IN THE WHITE SPACES BELOW.

US Army Corps
of Engineers®
Seattle District

AGENCY USE ONLY

Date received: _____

Agency reference #: _____

Tax Parcel #(s): _____

Part 1—Project Identification

1. Project Name (A name for your project that you create. Examples: Smith's Dock or Seabrook Lane Development) [\[help\]](#)

DeGarmo Shoreline Protection Repair Project

Part 2—Applicant

The person and/or organization responsible for the project. [\[help\]](#)

2a. Name (Last, First, Middle)

DeGarmo, Christopher

2b. Organization (If applicable)

2c. Mailing Address (Street or PO Box)

9928 SW Bunker Trail

2d. City, State, Zip

Vashon, WA 98070

2e. Phone (1)

360-271-7852

2f. Phone (2)

2g. Fax

2h. E-mail

degarmc@hotmail.com

¹Additional forms may be required for the following permits:

- If your project may qualify for Department of the Army authorization through a Regional General Permit (RGP), contact the U.S. Army Corps of Engineers for application information (206) 764-3495.
- Not all cities and counties accept the JARPA for their local Shoreline permits. If you need a Shoreline permit, contact the appropriate city or county government to make sure they accept the JARPA.

²To access an online JARPA form with [\[help\]](#) screens, go to

http://www.epermitting.wa.gov/site/alias_resourcecenter/jarpa_jarpa_form/9984/jarpa_form.aspx.

For other help, contact the Governor's Office for Regulatory Innovation and Assistance at (800) 917-0043 or help@oria.wa.gov.

Part 3—Authorized Agent or Contact

Person authorized to represent the applicant about the project. (Note: Authorized agent(s) must sign 11b of this application.) [\[help\]](#)

3a. Name (Last, First, Middle)			
Rehe, Bill; Leon, Peter; Rettmann, Kristi			
3b. Organization (If applicable)			
Leon Environmental, LLC			
3c. Mailing Address (Street or PO Box)			
8047 Burke Ave N			
3d. City, State, Zip			
Seattle, WA 98103			
3e. Phone (1)	3f. Phone (2)	3g. Fax	3h. E-mail
253-389-0712 206-948-5366 425-444-1424			PermitApps@leon-environmental.com

Part 4—Property Owner(s)

Contact information for people or organizations owning the property(ies) where the project will occur. Consider both **upland and aquatic** ownership because the upland owners may not own the adjacent aquatic land. [\[help\]](#)

- Same as applicant. (Skip to Part 5.)
- Repair or maintenance activities on existing rights-of-way or easements. (Skip to Part 5.)
- There are multiple upland property owners. Complete the section below and fill out [JARPA Attachment A](#) for each additional property owner.
- Your project is on Department of Natural Resources (DNR)-managed aquatic lands. If you don't know, contact the DNR at (360) 902-1100 to determine aquatic land ownership. If yes, complete [JARPA Attachment E](#) to apply for the Aquatic Use Authorization.

4a. Name (Last, First, Middle)			
4b. Organization (If applicable)			
4c. Mailing Address (Street or PO Box)			
4d. City, State, Zip			
4e. Phone (1)	4f. Phone (2)	4g. Fax	4h. E-mail

Part 5–Project Location(s)

Identifying information about the property or properties where the project will occur. [\[help\]](#)

- There are multiple project locations (e.g. linear projects). Complete the section below and use [JARPA Attachment B](#) for each additional project location.

5a. Indicate the type of ownership of the property. (Check all that apply.) [help]			
<input checked="" type="checkbox"/> Private <input type="checkbox"/> Federal <input type="checkbox"/> Publicly owned (state, county, city, special districts like schools, ports, etc.) <input type="checkbox"/> Tribal <input type="checkbox"/> Department of Natural Resources (DNR) – managed aquatic lands (Complete JARPA Attachment E)			
5b. Street Address (Cannot be a PO Box. If there is no address, provide other location information in 5p.) [help]			
9918 SW Bunker Trail			
5c. City, State, Zip (If the project is not in a city or town, provide the name of the nearest city or town.) [help]			
Vashon, WA 98070			
5d. County [help]			
King			
5e. Provide the section, township, and range for the project location. [help]			
¼ Section	Section	Township	Range
SE	6	23	3
5f. Provide the latitude and longitude of the project location. [help]			
<ul style="list-style-type: none"> Example: 47.03922 N lat. / -122.89142 W long. (Use decimal degrees - NAD 83) 			
47.507497° / -122.461502° °			
5g. List the tax parcel number(s) for the project location. [help]			
<ul style="list-style-type: none"> The local county assessor's office can provide this information. 			
888700-0165, 888700-0169, 888700-0170			
5h. Contact information for all adjoining property owners. (If you need more space, use JARPA Attachment C.) [help]			
Name	Mailing Address		Tax Parcel # (if known)
JOHNSON, PAUL	10010 SW BUNKER TRL VASHON WA 98070		8887000175
DEGARMO, KATHERINE C	9918 SW BUNKER TRL Vashon WA 98070		8887000145

5i. List all wetlands on or adjacent to the project location. [help]
There are no wetlands identified on the project site. The US Fish and Wildlife Service National Wetland Inventory (NWI) mapper shows potential E2AB/USN (Estuarine Intertidal Aquatic Bed/Unconsolidated Shore, Regularly Flooded) on or adjacent to the project location. Although the shoreline is inundated by tidal water and has hydric soils, it lacks hydrophytic vegetation. Therefore, there is no estuarine wetland.
5j. List all waterbodies (other than wetlands) on or adjacent to the project location. [help]
Puget Sound
5k. Is any part of the project area within a 100-year floodplain? [help]
<input checked="" type="checkbox"/> Yes <input type="checkbox"/> No <input type="checkbox"/> Don't know
5l. Briefly describe the vegetation and habitat conditions on the property. [help]
Vegetation on this parcel consists of native riparian vegetation and invasive species. Native riparian vegetation on the hillside includes bigleaf maple, red alder, Douglas fir, red cedar, sword ferns and salmonberry. The understory has a light to medium amount of veg English Ivy, Scot's Broom and blackberry. The single-family residence is surrounded by lawn and landscaping vegetation. Habitat waterward of OHW is composed of coarse sand, gravel and cobble. According to WDFW Forage Fish Spawning Map, surf smelt spawning has been documented at the project site.
5m. Describe how the property is currently used. [help]
888700-0165, 888700-0169 has a single-family residence and 888700-0170 has a garage
5n. Describe how the adjacent properties are currently used. [help]
The adjacent properties are either used for single family residences or recreational properties.
5o. Describe the structures (above and below ground) on the property, including their purpose(s) and current condition. [help]
Structure on or adjacent to the marine shoreline include an existing single-family residence, garage, shed, septic system, rock shoreline protection and a timber bulkhead.
5p. Provide driving directions from the closest highway to the project location, and attach a map. [help]
From the Fauntleroy-Vashon Island Ferry: Take Vashon Hwy SW. Turn right onto SW Bunker Trail. The project site is on the left.

Part 6—Project Description

6a. Briefly summarize the overall project. You can provide more detail in 6b. [help]
The overall goal of this project is to repair/replace the existing timber and rock bulkhead in order to protect the existing houses, garage and septic system in the least impactful way.

6b. Describe the purpose of the project and why you want or need to perform it. [\[help\]](#)

The existing timber and rock bulkheads are failing from age and wave damage. We are proposing to remove the timber bulkhead, repair the failed section of rock bulkhead and install 3-man rock and anchored logs in order to prevent damage to the home, garage and septic system.

6c. Indicate the project category. (Check all that apply) [\[help\]](#)

- Commercial Residential Institutional Transportation Recreational
 Maintenance Environmental Enhancement

6d. Indicate the major elements of your project. (Check all that apply) [\[help\]](#)

- | | | | |
|--|---|--|--|
| <input type="checkbox"/> Aquaculture | <input type="checkbox"/> Culvert | <input type="checkbox"/> Float | <input type="checkbox"/> Retaining Wall (upland) |

Other:

6e. Describe how you plan to construct each project element checked in 6d. Include specific construction methods and equipment to be used. [\[help\]](#)

- Identify where each element will occur in relation to the nearest waterbody.
- Indicate which activities are within the 100-year floodplain.

Equipment and material will be brought in by tug and barge or truck. All equipment will operate within 25-feet of the existing bulkhead. The damaged timber bulkhead will be removed and disposed of at an approved upland site. The existing rock will be restacked landward of the existing bulkhead. 3-man rock and anchored logs will be installed at or above OHW.

6f. What are the anticipated start and end dates for project construction? (Month/Year) [\[help\]](#)

- If the project will be constructed in phases or stages, use [JARPA Attachment D](#) to list the start and end dates of each phase or stage.

Start Date: ASAP End Date: 2 weeks See JARPA Attachment D

6g. Fair market value of the project, including materials, labor, machine rentals, etc. [\[help\]](#)

TBD

6h. Will any portion of the project receive federal funding? [\[help\]](#)

- If **yes**, list each agency providing funds.

Yes No Don't know

Part 7–Wetlands: Impacts and Mitigation

Check here if there are wetlands or wetland buffers on or adjacent to the project area.
(If there are none, skip to Part 8.) [\[help\]](#)

7a. Describe how the project has been designed to avoid and minimize adverse impacts to wetlands. [\[help\]](#)

Not applicable

7b. Will the project impact wetlands? [\[help\]](#)

Yes No Don't know

7c. Will the project impact wetland buffers? [\[help\]](#)

Yes No Don't know

7d. Has a wetland delineation report been prepared? [\[help\]](#)

- **If Yes**, submit the report, including data sheets, with the JARPA package.

Yes No

7e. Have the wetlands been rated using the Western Washington or Eastern Washington Wetland Rating System? [\[help\]](#)

- **If Yes**, submit the wetland rating forms and figures with the JARPA package.

Yes No Don't know

7f. Have you prepared a mitigation plan to compensate for any adverse impacts to wetlands? [\[help\]](#)

- **If Yes**, submit the plan with the JARPA package and answer 7g.
- **If No, or Not applicable**, explain below why a mitigation plan should not be required.

Yes No Don't know

7g. Summarize what the mitigation plan is meant to accomplish, and describe how a watershed approach was used to design the plan. [\[help\]](#)

7h. Use the table below to list the type and rating of each wetland impacted, the extent and duration of the impact, and the type and amount of mitigation proposed. Or if you are submitting a mitigation plan with a similar table, you can state (below) where we can find this information in the plan. [\[help\]](#)

Activity (fill, drain, excavate, flood, etc.)	Wetland Name ¹	Wetland type and rating category ²	Impact area (sq. ft. or Acres)	Duration of impact ³	Proposed mitigation type ⁴	Wetland mitigation area (sq. ft. or acres)

¹ If no official name for the wetland exists, create a unique name (such as "Wetland 1"). The name should be consistent with other project documents, such as a wetland delineation report.

² Ecology wetland category based on current Western Washington or Eastern Washington Wetland Rating System. Provide the wetland rating forms with the JARPA package.

³ Indicate the days, months or years the wetland will be measurably impacted by the activity. Enter "permanent" if applicable.

⁴ Creation (C), Re-establishment/Rehabilitation (R), Enhancement (E), Preservation (P), Mitigation Bank/In-lieu fee (B)

Page number(s) for similar information in the mitigation plan, if available: _____

7i. For all filling activities identified in 7h, describe the source and nature of the fill material, the amount in cubic yards that will be used, and how and where it will be placed into the wetland. [\[help\]](#)

7j. For all excavating activities identified in 7h, describe the excavation method, type and amount of material in cubic yards you will remove, and where the material will be disposed. [\[help\]](#)

Part 8–Waterbodies (other than wetlands): Impacts and Mitigation

In Part 8, "waterbodies" refers to non-wetland waterbodies. (See Part 7 for information related to wetlands.) [\[help\]](#)

Check here if there are waterbodies on or adjacent to the project area. (If there are none, skip to Part 9.)

8a. Describe how the project is designed to avoid and minimize adverse impacts to the aquatic environment. [\[help\]](#)

Not applicable

The project was designed to avoid and minimize adverse impacts to the aquatic environment by only performing the minimum amount of work necessary to repair the damaged bulkhead. The contractor will avoid and minimize adverse impacts to the project area by working during the authorized regulatory agency "work windows." The project was designed to minimize adverse impacts by only working in the work corridor, in the dry at low tide, and not stockpiling fine-grained material below OHW. The barge will not ground out in any aquatic vegetation and the tug will operate in a manner to reduce prop wash. We also utilized the WDFW Marine Shoreline Design Guidelines to evaluate how to best avoid and minimize potential adverse impacts while protecting the upland structures.

8b. Will your project impact a waterbody or the area around a waterbody? [\[help\]](#)

Yes No

8c. Have you prepared a mitigation plan to compensate for the project's adverse impacts to non-wetland waterbodies? [\[help\]](#)

- **If Yes**, submit the plan with the JARPA package and answer 8d.
- **If No, or Not applicable**, explain below why a mitigation plan should not be required.

Yes No Don't know

No mitigation plan has been prepared, but mitigation is being proposed. Creosote-treated wood (a source of PAHs) will be removed. The existing rock bulkhead will be repaired/restacked at or landward of its current location. Removal of the existing timber bulkhead will reestablish approximately 300 square feet of upper intertidal habitat and remove approximately 6 creosote piles. The project is also proposing to anchor at least 2 logs on the beach and place approximately 22 CY of beach nourishment in front of the repaired bulkhead.

8d. Summarize what the mitigation plan is meant to accomplish. Describe how a watershed approach was used to design the plan.

- If you already completed 7g you do not need to restate your answer here. [\[help\]](#)

No mitigation plan has been prepared, but the mitigation being proposed is meant to mitigate for any potential impacts and meet no-net-loss requirements.

8e. Summarize impact(s) to each waterbody in the table below. [\[help\]](#)

Activity (clear, dredge, fill, pile drive, etc.)	Waterbody name ¹	Impact location ²	Duration of impact ³	Amount of material (cubic yards) to be placed in or removed from waterbody	Area (sq. ft. or linear ft.) of waterbody directly affected
Remove existing timber bulkhead	Puget Sound	In/Adjacent	Permanent	N/A	~130 linear feet
Remove six creosote piling	Puget Sound	In/Adjacent	Permanent	N/A	4.74 Sq. Ft.
Repair existing bulkhead	Puget Sound	In/Adjacent	Permanent	~50 CY	~130 linear feet
Installation of LWD	Puget Sound	In/Adjacent	Permanent	2 logs	~30 linear feet
Beach nourishment	Puget Sound	In/Adjacent	Permanent	21.67 CY	1,170 Sq. Ft.

¹ If no official name for the waterbody exists, create a unique name (such as "Stream 1") The name should be consistent with other documents provided.

² Indicate whether the impact will occur in or adjacent to the waterbody. If adjacent, provide the distance between the impact and the waterbody and indicate whether the impact will occur within the 100-year flood plain.

³ Indicate the days, months or years the waterbody will be measurably impacted by the work. Enter "permanent" if applicable.

8f. For all activities identified in 8e, describe the source and nature of the fill material, amount (in cubic yards) you will use, and how and where it will be placed into the waterbody. [\[help\]](#)

Angular bulkhead rock and beach nourishment will come from an upland quarry. .

8g. For all excavating or dredging activities identified in 8e, describe the method for excavating or dredging, type and amount of material you will remove, and where the material will be disposed. [\[help\]](#)

Minor excavation is required to restack and setback the existing rock bulkhead. An excavator will operate either from the barge, work corridor or upland in order to remove existing angular rock from the beach/bed and to place up to 50 CY of replacement rock.

Part 9—Additional Information

Any additional information you can provide helps the reviewer(s) understand your project. Complete as much of this section as you can. It is ok if you cannot answer a question.

9a. If you have already worked with any government agencies on this project, list them below. [\[help\]](#)

Agency Name	Contact Name	Phone	Most Recent Date of Contact

<p>9b. Are any of the wetlands or waterbodies identified in Part 7 or Part 8 of this JARPA on the Washington Department of Ecology's 303(d) List? [help]</p> <ul style="list-style-type: none"> • If Yes, list the parameter(s) below. • If you don't know, use Washington Department of Ecology's Water Quality Assessment tools at: https://ecology.wa.gov/Water-Shorelines/Water-quality/Water-improvement/Assessment-of-state-waters-303d. 			
<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No			
<p>9c. What U.S. Geological Survey Hydrological Unit Code (HUC) is the project in? [help]</p> <ul style="list-style-type: none"> • Go to http://cfpub.epa.gov/surf/locate/index.cfm to help identify the HUC. 			
17110019			
<p>9d. What Water Resource Inventory Area Number (WRIA #) is the project in? [help]</p> <ul style="list-style-type: none"> • Go to https://ecology.wa.gov/Water-Shorelines/Water-supply/Water-availability/Watershed-look-up to find the WRIA #. 			
15			
<p>9e. Will the in-water construction work comply with the State of Washington water quality standards for turbidity? [help]</p> <ul style="list-style-type: none"> • Go to https://ecology.wa.gov/Water-Shorelines/Water-quality/Freshwater/Surface-water-quality-standards/Criteria for the standards. 			
<input checked="" type="checkbox"/> Yes <input type="checkbox"/> No <input type="checkbox"/> Not applicable			
<p>9f. If the project is within the jurisdiction of the Shoreline Management Act, what is the local shoreline environment designation? [help]</p> <ul style="list-style-type: none"> • If you don't know, contact the local planning department. • For more information, go to: https://ecology.wa.gov/Water-Shorelines/Shoreline-coastal-management/Shoreline-coastal-planning/Shoreline-laws-rules-and-cases. 			
<input type="checkbox"/> Urban <input type="checkbox"/> Natural <input type="checkbox"/> Aquatic <input type="checkbox"/> Conservancy <input checked="" type="checkbox"/> Other: <u>Rural</u>

<input checked="" type="checkbox"/> Shoreline <input type="checkbox"/> Fish <input type="checkbox"/> Non-Fish Perennial <input type="checkbox"/> Non-Fish Seasonal			
<p>9h. Will this project be designed to meet the Washington Department of Ecology's most current stormwater manual? [help]</p> <ul style="list-style-type: none"> • If No, provide the name of the manual your project is designed to meet. 			
<input checked="" type="checkbox"/> Yes <input type="checkbox"/> No			
Name of manual: <u>Stormwater Management Manual for Western Washington (Amended Dec 2019)</u>			
<p>9i. Does the project site have known contaminated sediment? [help]</p> <ul style="list-style-type: none"> • If Yes, please describe below. 			
<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No			
<p>9j. If you know what the property was used for in the past, describe below. [help]</p>			

The property is currently being used as a single-family residence. Before that, it was vacant, undeveloped land.

9k. Has a cultural resource (archaeological) survey been performed on the project area? [\[help\]](#)

- **If Yes**, attach it to your JARPA package.

Yes No

9l. Name each species listed under the federal Endangered Species Act that occurs in the vicinity of the project area or might be affected by the proposed work. [\[help\]](#)

The following species can be found in the Puget Sound. There will be no effect on these species by the proposed work is expected.

Bocaccio rockfish (*Sebastes paucispinis*) – Endangered

Bull trout (*Salvelinus confluentus*) - Threatened

Chinook salmon (*Oncorhynchus tshawytscha*) (Puget Sound) - Threatened

Marbled murrelet (*Brachyramphus marmoratus*) - Threatened

Steelhead (*Oncorhynchus mykiss*) (Puget Sound DPS) - Threatened

Stellar sea-lion (*Eumotopias jubatus*) (Stellar eastern population) – Threatened

Southern resident killer whale (*Orcinus orca*)(Southern Resident DPS) - Endangered

Yelloweye rockfish (*Sebastes ruberrimus*) – Threatened

9m. Name each species or habitat on the Washington Department of Fish and Wildlife’s Priority Habitats and Species List that might be affected by the proposed work. [\[help\]](#)

According to WDFW’s Priority Habitats and Species List Interactive Online Mapper there are no known PHS on the project parcels. The map does show estuarine intertidal habitat and geoduck’s adjacent to the project site. According to WDFW Forage Fish Map, there is known surf smelt spawning at and adjacent to the project site.

Part 10–SEPA Compliance and Permits

Use the resources and checklist below to identify the permits you are applying for.

- Online Project Questionnaire at <http://apps.oria.wa.gov/opas/>.
- Governor’s Office for Regulatory Innovation and Assistance at (800) 917-0043 or help@oria.wa.gov.
- For a list of addresses to send your JARPA to, click on [agency addresses for completed JARPA](#).

10a. Compliance with the State Environmental Policy Act (SEPA). (Check all that apply.) [\[help\]](#)

- For more information about SEPA, go to <https://ecology.wa.gov/regulations-permits/SEPA-environmental-review>.

A copy of the SEPA determination or letter of exemption is included with this application.

<input checked="" type="checkbox"/> A SEPA determination is pending with <u>King</u> (lead agency). The expected decision date is _____.
<input type="checkbox"/> I am applying for a Fish Habitat Enhancement Exemption. (Check the box below in 10b.) [help]
<input type="checkbox"/> This project is exempt (choose type of exemption below). <ul style="list-style-type: none"> <input type="checkbox"/> Categorical Exemption. Under what section of the SEPA administrative code (WAC) is it exempt? _____ <input type="checkbox"/> Other: _____
