PF-12 Prohibit sewer service in the Rural Area and on Resource Lands except:

- c) as provided in Appendix 5 (March 31, 2012 School Siting Task Force Report).

Sewer service authorized consistent with this policy shall be provided in a manner that does not increase development potential in the Rural Area.

On page 47, after policy PF-17, insert the following:

Locating Facilities and Services

VISION 2040 calls for a full range of urban services in the Urban Growth Area to support the Regional Growth Strategy, and for limiting the availability of services in the rural area. In the long term, there is increased efficiency and cost effectiveness in siting and operating facilities and services that serve a primarily urban population within the urban growth area. At the same time, those facilities and services that primarily benefit rural populations provide a greater benefit when they are located within neighboring cities and rural towns.

PF-18 Locate schools, institutions, and other community facilities and services that primarily serve urban populations within the urban growth area, where they are accessible to the communities they serve, except as provided in Appendix 5 (March 31, 2012 School Siting Task Force Report). Locate these facilities in places that are well served by transit and pedestrian and bicycle networks.

PF-19 Locate schools, institutions, and other community facilities and services primarily serving rural residents in neighboring cities and rural towns, or as provided in Appendix 5 (March 31, 2012 School Siting Task Force Report).

At the end of page 61, insert a new Appendix 5 (March 31, 2012 School Siting Task Force Report). Include the following text as a preamble to Appendix 5:

On March 31, 2012 the School Siting Task Force issued the following report and recommendations related to 18 undeveloped school sites in King County, and future school siting. Countywide Planning Policies DP-50, PF-12, PF-18 and PF-19 contain references to this report, and in particular the Site Specific Solutions table found on pages 15-19.
