

Help us plan for the RapidRide K Line

English

Kirkland–Bellevue planned for 2030

What is the RapidRide K Line?

Metro is working to bring new RapidRide service to east King County, to provide better, more reliable bus service to communities in Kirkland and Bellevue.

By 2030, Metro plans to bring the RapidRide K Line to the fast-growing communities between the Totem Lake Transit Center, downtown Kirkland and Bellevue, and the Eastgate Park & Ride. This 16-mile route connects riders to routes 225, 239, 245, 250, 255, 271, the RapidRide B Line, Sound Transit's future I-405 Bus Rapid Transit and Link light rail.

Tell us what you think

Scan the QR code to take our K Line survey by Feb 13.

- Tell us what you think of proposed bus stations.
- Give us your opinion on transit improvement projects, like additional sidewalks, crosswalks and special bus lanes and traffic lights.

K

Visit our website and get involved

- **Take a survey.** Weigh in on early plans for the RapidRide K line.
- **Join a virtual meeting.** Call, listen and ask questions in a virtual space alongside other community members.
- **Connect with Metro in your community.** We're hosting informational sessions in your area. Stop by to ask questions and share your feedback.
- **Sign up for updates.** Through email or text, stay tuned as the project progresses.
- **Contact Metro.** Call or email our team with questions or comments.

We look forward to hearing from you!

Project timeline

2019–2020

Planning: Needs and priorities

In this first phase of engagement, Metro connects with community members, community-based organizations, businesses and agency partners to plan the RapidRide K Line route.

2023–2024

Planning: Early design

Metro resumes planning phase activities and further engages community members in two more phases.

- Gather input on early design plans (Community Engagement Phase 2)
- Report back to share how community input shaped designs (Community Engagement Phase 3)
- Present the Locally Preferred Alternative (LPA) to King County Council for adoption
- Begin National Environmental Policy Act (NEPA) process December 2024

2025-2027 | WE ARE HERE

Preliminary and final design

- Further design of concepts and improvements identified in the Locally Preferred Alternative
- Begin coordination with property owners of impacted areas (if applicable)
- Submit FTA Small Starts Grant application
- Final design of project improvements and construction ready plans
- NEPA approval January to July 2026

2028–2029

Construction and route training

- Construct new stations and other capital improvements such as sidewalks, bike lanes, improved crossings and transit priority treatments (BAT Lanes and bus signal upgrades)
- Operator training for K Line operation
- Community engagement of construction-related activities and service restructure

2030

Service launch

RapidRide K Line start of service
