The parties' January 22, 2021, settlement agreement requested that, rather than dismiss the appeal outright, we keep and continue the case until after August 14, to allow the parties' settlement to play out.

August 14 having come and gone without any news, we DISMISS the appeal, contingent on the County dropping the V20011065 confinement order and viciousness violation case and Appellants paying the \$50 at-large charge within 30 days.

If for some reason we have misunderstood the situation, by **September 16, 2021**, either party is free to file, with the examiner, a motion for reconsideration explaining why the examiner should not be dismissing this appeal. Filing a timely motion for reconsideration postpones the deadline (described below the signature line) for lodging an appeal.

DATED August 17, 2021.

David Spohr
Hearing Examiner

King County Code 20.22.040 directs the Examiner to make the County's final decision for this type of case. This decision shall be final and conclusive unless appealed to superior court by *September 16, 2021*. Either party may appeal this decision by applying for a writ of review in superior court in accordance with chapter 7.16 RCW.
