SUMMARY OF RECOMMENDATIONS:

Department's Recommendation:

Approve 35.64 acres for 20% of assessed value

Examiner's Recommendation:

Approve 35.64 acres for 20% of assessed value

PRELIMINARY REPORT:

On May 24, 2019, the Department of Natural Resources and Parks (DNRP) submitted its report on file no. E19CT005 to the Examiner.

PUBLIC HEARING:

After reviewing the preliminary report and examining available information on file with the application, the Examiner conducted a public hearing on the application on June 6, 2019, in the Ginger Conference Room, 12th Floor, King County Courthouse, 516 Third Avenue, Seattle, Washington.

Participants at the public hearing and the exhibits offered and entered are listed in the attached minutes. A verbatim recording of the hearing is available in the Hearing Examiner's Office.

FINDINGS AND CONCLUSIONS:

1. General Information:

Owners:	Richard and Marcia Hansen 36508 312th Avenue SE Enumclaw, WA 98022
Location:	36508 312th Avenue SE, Enumclaw
STR:	SW 28-21-07
Zoning:	RA-10
Parcel no/s.:	2821079015
Total acreage:	36.19 acres

- The subject property is already enrolled in the Public Benefit Rating System (PBRS) program current use valuation. The Applicants timely filed an application to King County to increase their PBRS score, beginning in 2021. As required by law, notification of the application occurred.
- A summary of relevant PBRS categories follows below. (Plain text represents a category an applicant requested an award for and that DNRP agrees is warranted. Any ~~strike through~~ represents a category an applicant requested an award for but that DNRP disagrees is warranted. Any *italics* represents a category an applicant did not request an award for, but that DNRP nonetheless concludes is warranted. And any *asterisk* represents a category where DNRP finds an award is warranted, but only if certain contingencies or conditions are met.)

PBRS categories:	<u>Open Space Resources</u>	
	Farm and agricultural conservation land	5
	Forest stewardship land	5
	Rural open space	5
	Significant wildlife or salmonid habitat	5
	<i>Watershed protection area</i>	5
		<hr/> 25

The DNRP-recommended score of 25 points results in a current use valuation of 20% of assessed value for the enrolled portion of the property.

4. As to the land area recommended for PBRS enrollment, the Applicant requested 36.00 acres and DNRP recommends 35.64 acres. (Enrollment acreage is the entire parcel less the excluded area, as calculated by DNRP. In the event the County Assessor’s official parcel size is revised, the PBRS acreage shall be administratively adjusted to reflect that change.)
5. Except as modified herein, the facts set forth in DNRP’s preliminary report and testimony at the June 6, 2019, public hearing are correct and incorporated herein by reference. Copies of this report and DNRP’s report will be provided to the Metropolitan King County Council for final approval.
 - A. Change to Department staff report: between the time the staff report was prepared and the hearing held, the required forest stewardship plan was approved. Therefore, the approval of the forest stewardship land category changes to an unconditional award.
6. Award under all categories must be conditioned upon the control and removal of invasive plant species on the property within a three-year period. Such control and removal is mandatory for the property to qualify as credited open space. Failure to meet this condition will cause disenrollment of the property from the PBRS program.
7. Approval of 25 points and a current use valuation of 20% of assessed value for 35.64 acres of the property are consistent with KCC Chapter 20.36 and with the purposes and intent of King County to maintain, preserve, conserve, and otherwise continue in existence adequate open space lands and to assure the use and enjoyment of natural resources and scenic beauty for the economic and social well-being of King County and its citizens.
8. The subject property is currently enrolled in the PBRS. Any open space taxation participation agreement signed as a result of approval of this application should be worded to supersede any prior agreements for the parcel.

RECOMMENDATION:

APPROVE current use valuation of 20% of assessed value for the 35.64-acre enrolled portion of the property.

DATED June 20, 2019.

NOTICE OF RIGHT TO APPEAL

A person appeals an Examiner recommendation by following the steps described in KCC 20.22.230, including filing with the Clerk of the Council a sufficient appeal statement and a \$250 appeal fee (check payable to the King County FBOD). Appeal statements may refer only to facts contained in the hearing record; new facts may not be presented on appeal. KCC 20.22.230 also requires that the appellant provide copies of the appeal statement to the Examiner and to any named parties listed on the front page of the Examiner’s recommendation.

Prior to the close of business (4:30 p.m.) on *July 15, 2019*, an electronic copy of the appeal statement must be sent to Clerk.Council@kingcounty.gov and a paper copy of the appeal statement must be delivered to the Clerk of the Council's Office, Room 1200, King County Courthouse, 516 Third Avenue, Seattle, Washington 98104. Prior mailing is not sufficient if actual receipt by the Clerk does not occur within the applicable time period. If the Office of the Clerk is not officially open on the specified closing date, delivery prior to the close of business on the next business day is sufficient to meet the filing requirement.

Unless both a timely and sufficient appeal statement and filing fee are filed by *July 15, 2019*, the Clerk of the Council shall place on the agenda of the next available Council meeting a proposed ordinance implementing the Examiner’s recommended action. At that meeting the Council may adopt the Examiner’s recommendation, defer action, refer the matter to a Council committee, or remand to the Examiner for further hearing or further consideration.

If a timely and sufficient appeal statement and filing fee are filed by *July 15, 2019*, the Examiner will notify all parties and interested persons and provide information about “next steps.”
